This is a replacement prospectus which replaces the prospectus dated and lodged with ASIC on 28 June 2022 (“Original Prospectus”). This Prospectus expires 13 months after that date and no MCN6 will be issued on the basis of this Prospectus after that expiry date.

Neither ASIC nor ASX Limited (“ASX”) take any responsibility for the contents of this Prospectus or for the merits of investing in MCN6.

Status of MCN6

MCN6 are fully paid, unsecured, subordinated, non-cumulative, mandatorily convertible notes.

MCN6 are not deposit liabilities and are not protected accounts of Macquarie Bank Limited (ABN 46 008 583 542) (“MBL”) under the *Banking Act 1959* (Cth) (“Banking Act”) and are not guaranteed or insured by any government, government agency or compensation scheme of Australia or any other jurisdiction. MGL is not an authorised deposit-taking institution (“ADI”) for the purposes of the Banking Act and its obligations do not represent deposits or other liabilities of MBL. The investment performance of MCN6 is not guaranteed by MGL, MBL or any other member of the Macquarie Group.

Claims in respect of MCN6 are subordinated in a winding up of MGL so as to rank after all creditors, equally with the holders of certain preference shares and other equal ranking instruments and ahead only of holders of Ordinary Shares. Further, if MGL is in financial difficulty some or all MCN6 may be required to be Exchanged into Ordinary Shares or Written-Off. If Exchange occurs, you would be in the position of a holder of Ordinary Shares and those shares may be worth significantly less than your investment in MCN6. If an MCN6 is Written-Off you lose all of your investment in that MCN6.

MCN6 are unsecured notes for the purposes of section 283BH of the Corporations Act.

MCN6 are issued by MGL under the MCN6 Terms and the Trust Deed and holders of MCN6 have no claim on MGL except as provided in the MCN6 Terms and the Trust Deed.

<p>1.1.6 Who is the Trustee?</p> <ul style="list-style-type: none">• MGL has appointed Equity Trustees Limited (ACN 004 031 298) as Trustee for MCN6 Holders. The Trustee holds certain rights in relation to the MCN6 on trust for MCN6 Holders under the Trust Deed and all MCN6 Holders are bound by the terms of the Trust Deed.• The Trustee is obliged to take action to enforce the MCN6 Terms only if conditions in the Trust Deed are met, including that it is directed by MCN6 Holders, its liability is limited and it is indemnified to its satisfaction.	Section 6.1
<p>1.1.7 Why is MGL issuing MCN6?</p> <ul style="list-style-type: none">• As at the Issue Date, MCN6 will constitute eligible regulatory capital of Macquarie Group in a manner which satisfies APRA's regulatory capital requirements. The MCN6 and MGL's other regulatory capital instruments and equity capital provide a buffer which protects Senior Creditors against losses that may be incurred by the Macquarie Group.• The net proceeds of the Offer will be used for general corporate purposes.	Sections 2.9
<p>1.2 Key features of MCN6</p>	
<p>1.2.1 Do MCN6 have a maturity date?</p> <ul style="list-style-type: none">• MCN6 are perpetual and do not have a fixed maturity date and, if MCN6 are not Exchanged, Redeemed or Written-Off, they could remain on issue indefinitely and the Issue Price may not be repaid.• MCN6 will Exchange into Ordinary Shares on 12 September 2032 (the Scheduled Mandatory Exchange Date), subject to certain Exchange Conditions being satisfied, unless they are Exchanged, Redeemed or Written-Off earlier.• If the Exchange Conditions have not been satisfied on the Scheduled Mandatory Exchange Date then MCN6 will Exchange on the next Distribution Payment Date on which the Exchange Conditions are satisfied, unless they are Exchanged, Redeemed or Written-Off earlier.	Sections 2.2 to 2.8
<p>1.2.2 What Distributions are payable?</p> <ul style="list-style-type: none">• Distributions are scheduled to be paid quarterly in arrears commencing on 12 September 2022 (the First Distribution Payment Date) until all MCN6 are Exchanged, Redeemed or Written-Off, subject to the Payment Conditions – see below.• The Distribution Rate is based on the Reference Rate plus the Margin, adjusted for franking.• The Margin is 3.70% which was determined under a Bookbuild. The Bookbuild occurred before the Offer opened and the Margin is set for the life of MCN6, regardless of any deterioration or improvement in market conditions.• Distributions on MCN6 are discretionary, which means MGL can decide not to pay them. Distributions can also only be paid if certain Payment Conditions are met (including that MGL is able to pay Distributions without breaching APRA's capital adequacy requirements or becoming insolvent).• Distributions are non-cumulative, which means that if a Distribution is not paid on a Distribution Payment Date then MGL has no obligation to pay the Distribution at any later date. Failure to pay a Distribution is not an event of default.• Unless a Distribution is paid in full within 10 Business Days of the Distribution Payment Date, in most circumstances MGL is restricted from paying any dividends or returning capital on Ordinary Shares until the next Distribution Payment Date.	Section 2.1

Topic and summary	Further information
<p>1.2.3 Will Distributions be franked?</p> <ul style="list-style-type: none"> Distributions on MCN6 are frankable. Distributions are expected to be franked at the same rate as dividends on Ordinary Shares. MGL currently franks dividends on Ordinary Shares at 40%. The level of franking may vary over time and Distributions may be partially, fully or not franked. A higher Franking Rate for a Distribution will result in a lower Distribution Rate and a lower cash Distribution, reflecting the value of the franking credit attached to the Distribution. If Distributions are franked, the value and availability of franking credits to an MCN6 Holder will depend on that MCN6 Holder's particular circumstances and the tax rules that apply at the time of each Distribution. The availability of franking credits is not guaranteed. MCN6 Holders should refer to the Australian taxation summary at section 5.1. 	<p>Sections 2.1.3, 2.1.4, 4.1.7, 4.1.8, 4.1.22 and 5</p>
<p>1.2.4 When will the Issue Price be repaid?</p> <ul style="list-style-type: none"> MGL has no obligation to return the Issue Price on any fixed date, therefore capital invested by MCN6 Holders may never be returned. Whether and when the capital invested by MCN6 Holders may be returned will depend on what happens to MCN6. What may happen to MCN6 is uncertain and depends on a number of factors, including whether: <ul style="list-style-type: none"> the Exchange Conditions are satisfied in respect of a Relevant Mandatory Exchange Date; a Non-Viability Event, Acquisition Event, Regulatory Event or Tax Event occurs; MGL elects for an Optional Exchange, Redemption or Resale to occur; and APRA approval is given when it is required under the MCN6 Terms. MCN6 Holders will have no right to request that MGL Exchange, Redeem or Resell any MCN6. If a Non-Viability Event occurs MCN6 will be Exchanged for Ordinary Shares or Written-Off if Exchange does not occur for any reason. If MCN6 are Written-Off, the relevant MCN6 Holders' rights will be terminated and they will not receive any return of capital invested. 	<p>Sections 2.2 to 2.8</p>
<p>1.2.5 Will MCN6 be Redeemed?</p> <ul style="list-style-type: none"> If APRA gives prior written approval, MGL has a right, but not an obligation, to Redeem all or some MCN6: <ul style="list-style-type: none"> on 12 September 2029, 12 March 2030 and 12 September 2030; or if a Tax Event or Regulatory Event occurs. Redemption cannot occur unless MCN6 are replaced with securities forming part of Eligible Capital of the same or better quality from APRA's perspective or APRA is satisfied that MGL's capital position is sufficient after Redemption. If MCN6 are Redeemed MCN6 Holders will receive \$100 for each MCN6 Redeemed and, if the Payment Conditions are met, a Distribution for the period since the last Distribution Payment Date to (but excluding) the Redemption Date. 	<p>Section 2.5</p>
<p>1.2.6 Will MCN6 be Resold?</p> <ul style="list-style-type: none"> MGL has a right, but not an obligation, to Resell all or some MCN6 in the same limited circumstances as when Redemption may occur. If a Resale occurs, the relevant MCN6 will be mandatorily sold to one or more nominated third parties. MCN6 Holders will receive a cash amount of \$100 for each MCN6 Resold and, if the Payment Conditions are met, a Distribution for the period since the last Distribution Payment Date to (but excluding) the Resale Date. 	<p>Section 2.6</p>

Topic and summary	Further information
<p>1.2.7 Will MCN6 be Exchanged for Ordinary Shares?</p> <p>MCN6 may be Exchanged for Ordinary Shares in the following circumstances:</p> <ul style="list-style-type: none"> • Mandatory Exchange: All MCN6 are scheduled to be Exchanged on 12 September 2032⁽¹⁾, unless the Exchange Conditions relevant to that date are not met (in which case, Exchange will be deferred until the first quarterly Distribution Payment Date where the Exchange Conditions relevant to that date are met). The Exchange Conditions (where applicable) are intended to ensure that MCN6 Holders will receive approximately \$101 worth of Ordinary Shares per MCN6 on Exchange (based on the VWAP during the 20 ASX Trading Days before the Relevant Mandatory Exchange Date) and that the Ordinary Shares are capable of being sold on ASX. • Exchange at MGL's option: MGL may also choose to Exchange all or some MCN6 on 12 September 2029, 12 March 2030 and 12 September 2030, or if there has been a Tax Event or Regulatory Event, provided certain conditions are met. • Acquisition Event: MGL will be required to Exchange all MCN6 for Ordinary Shares if an Acquisition Event occurs (broadly, a change of control of MGL by takeover bid, scheme of arrangement or otherwise), provided certain conditions are met. • Non-Viability Event: MGL will be required to immediately Exchange all or some MCN6 for Ordinary Shares (or, if Exchange has not occurred for any reason within 5 Business Days, Write-Off all or some MCN6) if a Non-Viability Event occurs. Exchange under these circumstances is not subject to any conditions. 	<p>Sections 2.3, 2.4, 2.7 and 2.8</p>
<p>1.2.8 What will MCN6 Holders receive on Exchange?</p> <ul style="list-style-type: none"> • If Exchange occurs as a result of Mandatory Exchange, or at MGL's option, MCN6 Holders will receive approximately \$101 worth of Ordinary Shares per MCN6, but those shares may be worth more or less than \$101 by the time they are issued. • If Exchange occurs as a result of an Acquisition Event, MCN6 Holders should receive approximately \$101 worth of Ordinary Shares per MCN6, except in limited circumstances where the Directors determine that it is in the best interests of MCN6 Holders as a whole for Exchange to proceed, notwithstanding that MCN6 Holders will receive less than \$101 worth of Ordinary Shares. Similarly to Mandatory Exchange or Exchange at MGL's option, those shares may be worth more or less than \$101 by the time they are issued. • The number of Ordinary Shares to be received by each MCN6 Holder in respect of its aggregate holding of the MCN6 will also be rounded down to the nearest whole number. • See below for what MCN6 Holders receive on Exchange as a result of a Non-Viability Event. 	<p>Sections 2.3, 2.4 and 2.11.1</p>
<p>1.2.9 What will MCN6 Holders receive on Exchange on a Non-Viability Event?</p> <ul style="list-style-type: none"> • MGL is required to immediately Exchange MCN6 into Ordinary Shares where a Non-Viability Event occurs. MCN6 Holders will not receive prior notice of the Exchange. • Broadly, a Non-Viability Event occurs if APRA has notified the Issuer in writing that (1) Relevant Securities must be subject to Loss Absorption because, without such Loss Absorption, APRA considers the Issuer would become non-viable or (2) APRA has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable. As at the date of this Prospectus, APRA has not provided specific guidance as to how it would determine non-viability. • Exchange on account of a Non-Viability Event is not subject to any conditions. As a result, MCN6 Holders may receive less, or significantly less, than the Issue Price per MCN6 and an MCN6 Holder may suffer loss as a consequence. 	<p>Sections 2.7 and 2.11.1</p>

⁽¹⁾ Due to the Business Day convention, the Scheduled Mandatory Exchange Date is deferred from 12 September 2032 to 13 September 2032.

1.2.10 What happens if Exchange following a Non-Viability Event does not occur?

Section 2.7

- If, for any reason, MCN6 that are required to be Exchanged on account of a Non-Viability Event have not been Exchanged within 5 Business Days of the Non-Viability Exchange Date, they will never be Exchanged and must be Written-Off.
- If a Write-Off of an MCN6 occurs, the MCN6 Holder’s rights under that MCN6 (including to payment of the Liquidation Amount and Distributions) are immediately and irrevocably terminated for no consideration with effect on and from the Non-Viability Exchange Date and MCN6 Holders will suffer a total loss of their investment in that MCN6 as a consequence.

1.2.11 Summary of certain events that may occur during the term of MCN6

The diagram and table below summarise certain events that may occur while MCN6 are on issue and what MCN6 Holders may receive if those events occur. If none of these events occur, MCN6 could remain on issue indefinitely and the Issue Price will not be repaid.

⁽¹⁾ Due to the Business Day convention, the Scheduled Mandatory Exchange Date is deferred from 12 September 2032 to 13 September 2032.

There are certain other events that could occur while MCN6 are on issue which may result in MCN6 being Exchanged, Redeemed, Resold or Written-Off. These are summarised in the table on the next page.

⁽⁵⁾ The value of Ordinary Shares is determined over a period of ASX Trading Days immediately prior to Exchange (generally the period is 20 ASX Trading Days, with 5 ASX Trading Days for Non-Viability Exchange). At the time they are issued, the value of Ordinary Shares received on Exchange may be more or less than \$101.

⁽⁶⁾ May be less if Directors determine that Exchange is in the best interests of MCN6 Holders as a whole, notwithstanding that MCN6 Holders will suffer loss, or that the Ordinary Shares may not be listed. See section 2.8.

⁽⁷⁾ Whilst APRA approval is not required for an Exchange due to a Non-Viability Event, APRA must determine that a Non-Viability Event has occurred.

⁽⁸⁾ MCN6 are perpetual and, if the Exchange Conditions are never met, Exchange may never occur and MCN6 may remain on issue indefinitely. Unless Redeemed, Exchanged or Written-Off earlier, MCN6 will be mandatorily Exchanged on 12 September 2032 provided the Exchange Conditions are met, or on the next Distribution Payment Date on which the Exchange Conditions are satisfied.

⁽⁹⁾ Due to the Business Day convention, the Scheduled Mandatory Exchange Date is deferred from 12 September 2032 to 13 September 2032.

⁽¹⁰⁾ Whilst APRA approval is not required to give a Resale Notice, the terms of appointment of a Nominated Party may require APRA approval.

1.2.12 Ranking of MCN6 in a Winding Up of MGL

- In a Winding Up of MGL, MCN6 will rank ahead of Ordinary Shares, equally with Equal Ranking Obligations, but behind all Senior Creditors of MGL. The table below illustrates this ranking, if the MCN6 have not been Exchanged or Written-Off.

Sections 2.7, 2.10 and 2.11.1

Ranking	Illustrative examples	
Higher	Preferred and secured debt	Liabilities preferred by law including employee entitlements and secured creditors.
	Unsubordinated and unsecured debt	Unsubordinated and unsecured bonds and notes, trade and general creditors.
	Subordinated and unsecured debt	Subordinated and unsecured debt obligations.
	Preference shares and equal ranking securities	Equal Ranking Obligations and MCN6 (if a Non-Viability Event has not occurred). Where MCN6 are Exchanged for Ordinary Shares, MCN6 Holders have the claims of holders of Ordinary Shares. If, following a Non-Viability Event MCN6 are Written-Off, MCN6 Holders have no claim at all on MGL, and they are likely to be worse off than holders of Ordinary Shares.
Lower	Ordinary shares	Ordinary Shares.

- However, any return on MCN6 may be adversely affected or reduced to zero if a Non-Viability Event occurs. If APRA determines that a Non-Viability Event occurs, some or all of the MCN6 are required to be Exchanged or, if that does not occur, Written-Off. Where an Exchange occurs, the MCN6 Holders will become holders of Ordinary Shares (ranking equally with other Ordinary Shares). Those shares may be worth significantly less than the Issue Price of MCN6. If MCN6 are Written-Off, the MCN6 Holders will have no claim at all on MGL (even though Ordinary Shares will still be on issue).
- MGL is the non-operating holding company (“**NOHC**”) of the Macquarie Group and its assets are largely investments in and claims on entities in the Macquarie Group which may rank behind depositors and other creditors of those entities.

<p>1.3.1 Market Price and Liquidity of MCN6</p> <ul style="list-style-type: none"> The market price of MCN6 may go up or down due to many factors and there is no guarantee MCN6 will trade at or above their Issue Price. For example, the market price of MCN6 may decline if better rates of return are available on other securities. The market price of MCN6 may also decline due to the impact of the COVID-19 pandemic on global, regional and national economies and markets. The expected duration and magnitude of the COVID-19 pandemic and its potential impacts on the economy and market price of MCN6 are unclear. The market price of MCN6 may also be significantly impacted by the market price for Ordinary Shares. There may be no liquid market for MCN6. Additionally, in various circumstances the market price of Ordinary Shares may determine whether Exchange can occur. This will affect when Exchange occurs (and may mean that Exchange never occurs). The COVID-19 pandemic has, and will likely continue to, severely impact global, regional and national economies and markets. The expected duration and magnitude of the COVID-19 pandemic and its potential impacts on the economy and the market price for Ordinary Shares are unclear. The market price for Ordinary Shares will vary due to many factors including the availability and rates of return on other securities, investor perceptions of the Macquarie Group's financial position and performance and general economic and market conditions. The market for Ordinary Shares may be less liquid than other securities and may not be liquid at all, so that MCN6 Holders may be unable to sell the Ordinary Shares they may receive for an acceptable price, or at all. 	<p>Section 4.1.4</p>

Topic and summary**Further information****1.3.3 Distributions may not be paid**

Section 4.1.5

- MGL has absolute discretion to determine whether or not to pay Distributions.
- Furthermore, a Distribution can only be paid if the Payment Conditions are met, including that MGL is able to pay the Distribution without MGL breaching APRA's capital adequacy requirements or becoming insolvent and APRA does not object to the payment of the Distribution. This means that there is a risk that Distributions may not be paid.
- Distributions are non-cumulative. Accordingly, if a Distribution is not paid for any reason, MCN6 Holders will have no rights to receive that Distribution in the future.

1.3.4 Changes in Distribution Rate

Section 4.1.6

- The Distribution Rate is a floating rate equal to the sum of the Reference Rate plus a Margin, adjusted for the Tax Rate and the Franking Rate.
- Although the Margin remains fixed for as long as MCN6 are on issue, the Distribution Rate will fluctuate (both increasing and decreasing) over time as a result of movements in the Reference Rate.
- A higher Franking Rate for a Distribution will result in a lower Distribution Rate and a lower cash Distribution, reflecting the value of the franking credit attached to the Distribution.
- There is a risk that the Distribution Rate may become less attractive when compared to the rates of return available on comparable securities or investments.

1.3.5 Level of franking

Sections 4.1.7, 4.1.8, 4.1.22 and 5

- The level of franking of Distributions on MCN6 is affected by the level of MGL's available franking credits and distributable profits. MGL's level of franking credits may be affected by a wide range of factors, including its business performance, the jurisdictions in which the Macquarie Group makes profits and pays tax and the amount of other frankable distributions. MGL's distributable profits may also be affected by a wide range of factors including its level of earnings and other distributions it makes.
- The value and availability of franking credits to an MCN6 Holder will depend on that MCN6 Holder's particular circumstances and the tax rules that apply at the time of each Distribution. MCN6 Holders should refer to the Australian taxation summary in section 5.1.

1.3.6 MCN6 are perpetual and may never be Exchanged, Redeemed or Resold

Section 4.1.11

- MCN6 are a perpetual instrument but will Exchange for Ordinary Shares on 12 September 2032⁽¹⁾ if they are still on issue and the Exchange Conditions are satisfied. If the Exchange Conditions are not met on this date, MCN6 will Exchange on the next subsequent Distribution Payment Date on which the Exchange Conditions are met. There is a risk that the Exchange will not occur on any of these dates and may never occur because these Exchange Conditions cannot be satisfied.

1.3.7 MGL has rights for Exchange, Redemption or Resale at its election

Sections 4.1.10 to 4.1.13

- MGL may elect to Exchange, Redeem or arrange a Resale of all or some MCN6 in certain circumstances, subject to a number of conditions, including prior written approval from APRA when required under the MCN6 Terms.
- Where required, APRA's approval is at the complete discretion of APRA and may or may not be granted.
- The choice to elect the Exchange, Redemption or Resale of all or some MCN6 is entirely at MGL's discretion and MCN6 Holders have no right to either request or alter the timing of any Exchange, Redemption or Resale.
- It is uncertain whether and when Exchange, Redemption or Resale may occur. The timing of any Exchange, Redemption or Resale may not suit MCN6 Holders.

⁽¹⁾ Due to the Business Day convention, the Scheduled Mandatory Exchange Date is deferred from 12 September 2032 to 13 September 2032

In the event of a Winding Up of MGL, MCN6 Holders will rank behind all Senior Creditors, equally with Equal Ranking Obligations and ahead of Ordinary Shares. If this happens some or all MCN6 will be required to be Exchanged or, if Exchange has not occurred within 5 Business Days of the Non-Viability Exchange Date, Written-Off. If an MCN6 is Exchanged, the MCN6 Holder will become a holder of Ordinary Shares and those shares may be worth significantly less than their investment in MCN6. If an MCN6 is Written-Off, the MCN6 Holder will suffer a total loss of their investment in that MCN6. If there is a shortfall of funds on a Winding Up of MGL, MCN6 Holders will lose some or all of their investment in that MCN6. 	Sections 4.1.1 and 4.1.18

About MCN6

2. About MCN6

This section provides additional information about MCN6. Where indicated, more detailed information is provided in other sections of this Prospectus. Topic and summary

Further information

2.1 Distributions

MCN6 are expected to pay quarterly Distributions commencing on 12 September 2022 which are expected to be 40% franked initially, but may not be franked, or may be franked to a different level in the future. A Distribution will be paid subject to the Payment Conditions, including MGL's discretion.

The Distribution Rate is a floating rate (i.e. it will fluctuate), and is equal to the sum of the Reference Rate plus the Margin, adjusted for the Tax Rate and the Franking Rate.

Distributions are non-cumulative.

2.1.1 What are Distributions?

Clause 2 of the MCN6 Terms

- Distributions on MCN6 are discretionary, non-cumulative floating rate payments.
- Distributions are scheduled to be paid quarterly in arrears commencing on 12 September 2022, subject to the Payment Conditions – see below.
- Distributions are expected to be franked at the same rate as dividends on Ordinary Shares. MGL currently franks dividends on Ordinary Shares at 40%. The level of franking may vary over time and Distributions may be partially, fully or not franked.

2.1.2 What are the Payment Conditions?

Clause 2 of the MCN6 Terms

- Distributions may not always be paid. The payment of each Distribution will be made unless:
 - MGL, in its absolute discretion, determines that the Distribution is not payable to MCN6 Holders;
 - payment of the Distribution would result in MGL breaching APRA's capital adequacy requirements applicable to it;
 - payment of the Distribution would result in MGL becoming, or being likely to become, insolvent for the purposes of the Corporations Act; or
 - APRA objects to the payment of the Distribution.These conditions are referred to in this Prospectus as the "**Payment Conditions**".
- Failure to pay a Distribution when scheduled will not constitute an event of default and MCN6 Holders have no claim or entitlement in respect of non-payment or any right to receive that Distribution at any later time. However, the Dividend Restriction may apply in this scenario – see section 2.1.9.

Topic and summary

Further information

2.1.3 How will the Distribution Rate be calculated?

Clause 2.1 of the MCN6 Terms

- The Distribution Rate is calculated using the following formula:

$$\text{Distribution Rate} = (\text{Reference Rate} + \text{Margin}) \times \text{Franking Adjustment Factor}$$

where:

- Reference Rate* means, the Reference Rate on the first day of that Distribution Period – see section 2.1.5;
- Margin* is 3.70%, and was set by way of Bookbuild and announced to the market on Thursday, 30 June 2022.

- Franking Adjustment Factor =**

$$\frac{(1-T)}{1 - [T \times (1 - F)]}$$

where:

- T is the Tax Rate; and
- F is the Franking Rate.
- Due to the effect of the Franking Adjustment Factor, the Distribution Rate will be lower if franking applies to a Distribution.
- For example, assuming the Reference Rate for the first Distribution Period is 1.7783% per annum, the Margin is 3.70% per annum and using the Macquarie Group's current franking rate of 40%, then the Distribution Rate for that Distribution Period would be calculated as follows:

	Partially franked Distribution
(1) Reference Rate	1.7783%
(2) Margin	3.7000%
(3) = (1)+(2)	5.4783%
(4) Tax Rate	30%
(5) Franking Rate	40%
(6) Franking Adjustment Factor (per formula above)	85.3659%
(7) Distribution Rate = (3)x(6)	4.6766%

- It is possible for the Reference Rate to become negative. Should this occur, the negative amount will be taken into account in calculating the Distribution Rate. For example, if the Reference Rate is -1.00% per annum, the Margin is 3.70% per annum and the Franking Adjustment Factor is 85.3659% then the Distribution Rate will be 2.3049% per annum. If the Distribution Rate was negative as a result, MCN6 Holders would not receive a distribution and there would be no obligation on MCN6 Holders to pay MGL.

2.1.4 What is the impact of Franking credits?

Sections 4.1.3, 4.1.7, 4.1.8, 4.1.22 and 5

- Distributions are expected to be franked at the same rate as Ordinary Shares. MGL currently franks dividends on Ordinary Shares at 40%. The level of franking may vary over time and Distributions may be partially, fully or not franked.
- MGL's ability to frank dividends on Ordinary Shares and Distributions on MCN6 is affected by its level of available franking credits and distributable profits. MGL's level of franking credits may be affected by a wide range of factors, including its business performance, the jurisdictions in which the Macquarie Group makes profits and pays tax, the applicable Australian corporate tax rate and the amount of other frankable distributions. MGL's distributable profits may also be impacted by a wide range of factors, including its level of earnings and other distributions it makes. See section 4.1.7.
- A higher Franking Rate for a Distribution will result in a lower Distribution Rate and a lower cash Distribution, reflecting the value of the franking credit attached to the Distribution.
- MCN6 Holders should be aware that the potential value of any franking credit does not accrue at the same time as the receipt of any cash Distribution. MCN6 Holders should also be aware that the ability to use the franking credits, either as an offset to a tax liability or by claiming a refund after the end of the income year, will depend on the individual tax position of each MCN6 Holder and the tax rules that apply at the time of each distribution.
- The laws relating to the availability of franking may change. MCN6 Holders should refer to the Australian taxation summary in section 5.1 and seek professional advice in relation to their tax position.
- If the Distribution is fully or partially franked, the franking credits attached to a Distribution (expressed as a percentage of the Issue Price) will be equal to:

$$\frac{\text{Distribution Rate} \times \text{Tax Rate} \times \text{Franking Rate}}{(1 - \text{Tax Rate})}$$

- The amount of franking credits attached to a Distribution will be notified to MCN6 Holders in Distribution notices shortly after a Distribution is paid.
- Taking the example in section 2.1.3, the amount of franking credits (expressed as a percentage) would be calculated as:

Partially franked Distribution	
Distribution Rate	4.6766%
Tax Rate	30%
Franking Rate	40%
Franking credit rate (per formula above)	0.8017%

2.1.5 What is the Reference Rate?

Clause 2.1 of the MCN6 Terms

- The Reference Rate means, for a Distribution Period, the rate designated “BBSW” in respect of prime bank eligible securities having a tenor closest to the Distribution Period which rate ASX (or its successor as administrator of that rate) publishes through information vendors at approximately 10:30am on the first day of that Distribution Period.
- The rate is administered by ASX and is published on various information services (e.g. Thomson Reuters page BBSW).
- The rate changes to reflect supply and demand in the cash and currency markets and provides a reference for the pricing, rate setting and valuation of Australian dollar financial securities.
- The graph below illustrates the movement in the Reference Rate over the last 13 years. The rate on 1 July 2022 was 1.8132% per annum.

- The above graph is for illustrative purposes only and does not indicate, guarantee or forecast the actual Reference Rate. The actual Reference Rate for the first and subsequent Distribution Periods may be higher or lower than the rates in the above graph.
- If MGL determines that BBSW has been affected by a “Reference Rate Disruption Event”, MGL may select an alternative reference rate that it considers appropriate and make other related changes to the Terms (subject, in each case, to APRA’s prior written approval).
- Broadly, a “Reference Rate Disruption Event” occurs where BBSW has been discontinued or has ceased to be generally accepted in the Australian market for securities such as MCN6. MGL is required to act in good faith and in a commercially reasonable manner in selecting an alternative reference rate, and may consult with sources that it considers appropriate, but may otherwise exercise its discretion.

Topic and summary**Further information****2.1.6 How will the Distribution be calculated for each Distribution Payment Date?**

Clause 2.1 of the MCN6 Terms

- Distributions scheduled to be paid on each Distribution Payment Date on each MCN6 will be calculated using the following formula:

$$\frac{\$100 \times \text{Distribution Rate} \times N}{365}$$

where:

- *Distribution Rate* means the rate (expressed as a percentage per annum) calculated as set out in section 2.1.3; and
- *N* means the number of days in the Distribution Period.
- As an example, if the Distribution Rate was 4.6766% per annum then the Distribution on each MCN6 for the Distribution Period (if the Distribution Period was a quarterly period of 91 days) would be calculated as follows:

Distribution Rate	4.6766%
Multiplied by the Issue Price	x \$100
Multiplied by the number of days in the Distribution Period	x 91
Divided by 365	÷ 365
Indicative Distribution payment for the quarterly Distribution Period per MCN6	\$1.1659

- The first Distribution Period commences on the Issue Date and ends on 12 September 2022 and, accordingly, the number of days included in that Distribution Period is expected to be 59 days. Using a Distribution Rate of 4.6766%, an indicative first Distribution payment would be \$0.7559.
- The above example is for illustrative purposes only and does not indicate, guarantee or forecast the actual Distribution payable for the first or any subsequent Distribution Period. Actual Distributions may be higher or lower than this example.

2.1.7 When are the Distribution Payment Dates?

Clauses 2.1, 2.2 and 2.3 of the MCN6 Terms

- Distributions are payable (subject to the Payment Conditions, including the discretion of MGL) quarterly in arrears commencing on 12 September 2022.
 - The Distribution Payment Dates are 12 March, June, September and December each year.
 - If MCN6 are Redeemed, Resold or Exchanged (other than on account of a Non-Viability Event) the Redemption Date, Resale Date or Exchange Date will also be a Distribution Payment Date.
 - If any of these dates is not a Business Day, the Distribution Payment Date will be the next day which is a Business Day.

2.3.3 What are the Exchange Conditions?

Clause 3.3 of the MCN6 Terms

- In summary, the Exchange Conditions in respect of a Relevant Mandatory Exchange Date are as follows:
 - **First Exchange Condition:** the Daily VWAP on the 25th Business Day immediately preceding the Relevant Mandatory Exchange Date is greater than 56% of the Issue Date VWAP;
 - **Second Exchange Condition:** the VWAP during the 20 ASX Trading Days immediately preceding the Relevant Mandatory Exchange Date is such that the number of Ordinary Shares to be issued would be less than or equal to the applicable Maximum Exchange Number;
 - **Third Exchange Condition:** no Suspension Event applies in respect of the Relevant Mandatory Exchange Date (broadly, a Suspension Event occurs where Ordinary Shares have been suspended from trading for the 5 preceding Business Days); and
 - **Fourth Exchange Condition:** MGL is not Delisted as at the Relevant Mandatory Exchange Date (broadly, MGL will be Delisted where Ordinary Shares cease to be listed on ASX or where an Inability Event (as described in section 2.7.6) subsists).
- Exchange on a Mandatory Exchange Date cannot occur unless all four Exchange Conditions are satisfied.
- The First Exchange Condition and Second Exchange Condition are intended to ensure MCN6 Holders will not receive less than \$101 worth of Ordinary Shares per MCN6 on Exchange (based on the VWAP during the 20 ASX Trading Days before the Mandatory Exchange Date).
- The Third Exchange Condition and Fourth Exchange Condition are intended to provide protection to MCN6 Holders by making Exchange conditional on MCN6 Holders receiving Ordinary Shares which are capable of being sold on ASX.
- The following diagram sets out the timeframes that are relevant for testing whether Exchange will occur, using the Scheduled Mandatory Exchange Date (12 September 2032⁽¹⁾). These dates are indicative only and may change.

Note: The dates in the diagram above assume that trading of Ordinary Shares takes place on **9 August 2032** and each of the Business Days between **16 August 2032** and **10 September 2032** which may not be the case due to public holidays or if trading in Ordinary Shares is suspended during the period leading up to the possible Mandatory Exchange Date.

⁽¹⁾ Due to the Business Day convention, the Scheduled Mandatory Exchange Date is deferred from 12 September 2032 to 13 September 2032.

<p>2.3.4 How many Ordinary Shares will an MCN6 Holder receive on a Relevant Mandatory Exchange Date?</p> <ul style="list-style-type: none"> An MCN6 Holder will receive on a Relevant Mandatory Exchange Date a number of Ordinary Shares per MCN6 (“Exchange Number”) calculated in accordance with the following formula: $\frac{\\$100}{99\% \times \text{Exchange Date VWAP}}$ where <i>Exchange Date VWAP</i> is the volume weighted average price of Ordinary Shares during the VWAP Period (being the period of 20 ASX Trading Days immediately preceding the Relevant Mandatory Exchange Date). The Exchange Number can never be greater than the Maximum Exchange Number (see section 2.3.5). The Exchange Conditions prevent Exchange from occurring on a Relevant Mandatory Exchange Date where the Exchange Number would be limited by the Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date. Broadly, the Exchange Date VWAP will be adjusted to reflect: <ul style="list-style-type: none"> dividends or other distributions that are reflected in the Ordinary Share price that will not be payable to MCN6 Holders after Exchange and vice versa (e.g. where the price is quoted cum dividend but the dividend is paid before the Exchange); and any division, consolidation or reclassification of MGL’s share capital (not involving any cash payment or other distribution or compensation to or by holders of Ordinary Shares or to or by any entity in the Macquarie Group) occurring during the calculation period. The number of Ordinary Shares to be received by an MCN6 Holder will also be rounded down so that only a whole number of Ordinary Shares is issued in connection with the MCN6 Holder’s aggregate holding of MCN6 (with entitlements of the MCN6 Holder to a part only of an Ordinary Share disregarded). 	<p>Clauses 9.1, 9.3 and 9.4 of the MCN6 Terms</p>
<p>2.3.5 What is the Maximum Exchange Number?</p> <ul style="list-style-type: none"> The Maximum Exchange Number is calculated as: $\frac{\\$100}{\text{Issue Date VWAP} \times \text{Relevant Percentage}}$ where: <ul style="list-style-type: none"> the Issue Date VWAP is the VWAP during the 20 ASX Trading Days immediately preceding, but not including, the Issue Date; and the Relevant Percentage, for Exchange on a Relevant Mandatory Exchange Date, is 50%. Other than for an Exchange on account of a Non-Viability Event (see section 2.7.4) or an Acquisition Event (see section 2.8), the Exchange Conditions prevent an Exchange from occurring where the Ordinary Shares which MCN6 Holders would receive are worth less than approximately \$101 based on the Exchange Date VWAP. 2.3.6 Example of the Exchange calculations

Illustrative example of Exchange

This example is for illustrative purposes only. The figures in it are not forward looking statements and do not indicate or guarantee the Issue Date VWAP or future VWAP or other price of Ordinary Shares.

For the example of the Mandatory Exchange on 12 September 2032⁽¹⁾, assume the Issue Date VWAP was \$165. The Exchange Conditions are tested and the number of Ordinary Shares to be received on Exchange would be determined as follows:

Step 1: passing the Exchange Conditions

First Exchange Condition

This condition requires that the VWAP on the 25th Business Day immediately preceding 12 September 2032⁽¹⁾ (assuming there is trading of Ordinary Shares on that day) is greater than 56% of the Issue Date VWAP, which would be \$92.40 (being 56% of \$165).

- Assume the VWAP on 9 August 2032 (expected to be the 25th Business Day immediately preceding, but not including, 12 September 2032⁽¹⁾) is \$110.

Since the VWAP on 9 August 2032 is greater than \$92.40, the First Exchange Condition is satisfied.

Second Exchange Condition

The Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date is calculated on the basis that the Relevant Percentage is 50%. The effect of this is that the Second Exchange Condition applicable to a Relevant Mandatory Exchange Date will be met if the VWAP during the 20 ASX Trading Days immediately preceding 12 September 2032⁽¹⁾ is greater than 50.505% of the Issue Date VWAP, which would be \$83.33 (being 50.505% of \$165).

- Assume the VWAP during the period from 16 August 2032 to 10 September 2031 (expected to be the 20 ASX Trading Days immediately preceding, but not including, 12 September 2032⁽¹⁾) is \$110.

Since the VWAP during the period from 16 August 2032 to 10 September 2031 is greater than \$83.33, the Second Exchange Condition is satisfied.

Third Exchange Condition

This condition requires that no Suspension Event applies on 12 September 2032⁽¹⁾.

- Assume on 12 September 2032⁽¹⁾, trading in Ordinary Shares is not suspended on that date and has not been suspended during the five preceding Business Days.

In these circumstances, the Third Exchange Condition is satisfied.

Fourth Exchange Condition

This condition requires that MGL is not Delisted on 12 September 2032⁽¹⁾.

- Assume on 12 September 2032⁽¹⁾, MGL is listed on ASX and no Inability Event subsists.

In these circumstances, the Fourth Exchange Condition is satisfied.

Step 2: calculating the number of shares received on Exchange

On 12 September 2032⁽¹⁾, MCN6 Holders would be entitled to receive in respect of MCN6, the Exchange Number of Ordinary Shares determined as follows:

\$100

99% x Exchange Date VWAP

- Assume the Exchange Date VWAP, being the VWAP during the period from 16 August 2032 to 10 September 2031 (being the 20 ASX Trading Days immediately preceding 12 September 2032⁽¹⁾) is \$110.

The Exchange Number would be 0.9183 (being \$100 divided by (99% x 110)).

Assuming an MCN6 Holder has 100 MCN6, the total number of Ordinary Shares to which they would be entitled would be 91 (i.e. 100 x 0.9183, which number is rounded down to disregard the fraction of the Ordinary Share).

⁽¹⁾ Due to the Business Day convention, the Scheduled Mandatory Exchange Date is deferred from 12 September 2032 to 13 September 2032.

Topic and summary

Further information

Maximum Exchange Number

In this example, the Exchange Number will not be impacted by the Maximum Exchange Number:

If the Issue Date VWAP is \$165, the Maximum Exchange Number would be 1.2121 (being \$100 divided by (50% x \$165)).

As the Exchange Number (0.9183) is less than the Maximum Exchange Number (1.2121), there will be no restriction on the number of Ordinary Shares an MCN6 Holder receives.

2.4 Exchange at option of MGL

On any of the Scheduled Optional Exchange Dates, being 12 September 2029, 12 March 2030 and 12 September 2030, MGL may elect to Exchange MCN6 into Ordinary Shares. MGL may also elect to Exchange MCN6 into Ordinary Shares following the occurrence of a Tax Event or Regulatory Event.

There are certain conditions and restrictions that apply to an Optional Exchange. The conditions to Optional Exchange and the associated Exchange calculations (described in this section) are designed to ensure that if Exchange occurs MCN6 Holders will receive approximately \$101 worth of Ordinary Shares for each MCN6 held, and that the Ordinary Shares they receive following the Exchange are capable of being sold on ASX.

2.4.1 When can MGL choose to Exchange MCN6?

- MGL may choose to Exchange all or some MCN6 on:
 - 12 September 2029;
 - 12 May 2030; or
 - 12 September 2030,
 - (each a “**Scheduled Optional Exchange Date**”); or
 - after a Tax Event or a Regulatory Event.

Upon Optional Exchange, MCN6 Holders will receive approximately \$101 worth of Ordinary Shares per MCN6 based on the VWAP during the 20 ASX Trading Days immediately preceding the Optional Exchange Date. The calculation of the Exchange Number of Ordinary Shares that MCN6 Holders will receive upon Optional Exchange is the same as described in section 2.3.4 for a Relevant Mandatory Exchange Date (with the Optional Exchange Date substituted for the Relevant Mandatory Exchange Date) and using the Maximum Exchange Number applicable to an Optional Exchange Date as described in section 2.4.5.

The VWAP during this period will most likely differ from the Ordinary Share price on or after the Optional Exchange Date. This means that the value of Ordinary Shares received may be more or less than approximately \$101 when they are issued or at any time after that.

MGL’s right to elect to Exchange is restricted in the circumstances described further in section 2.4.4, and is also subject to certain conditions as described further in section 2.4.5.

MCN6 Holders have no right to request Exchange of MCN6.

Clauses 5.1, 5.2 and 9.1 of the MCN6 Terms

2.4.2 What is a Tax Event?

A **Tax Event** means, broadly, that:

- MGL receives advice that as a result of a change in law or regulation affecting taxation in Australia on or after the Issue Date (which was not expected by MGL as at the Issue Date), there is more than an insubstantial risk that, in connection with MCN6:
 - an additional franking debit will arise in the franking account of MGL in respect of any Distribution;
 - any Distribution would not be frankable; or
 - MGL would be exposed to a more than de minimis increase in its costs (including any amount of taxes, duties, assessments or other government charges or the loss of any deductions).

MGL is not aware of, nor expects, any Tax Event as at the date of this Prospectus.

Clause 18.2 of the MCN6 Terms

Topic and summary**Further information****2.4.3 What is a Regulatory Event?**

Clause 18.2 of the MCN6 Terms

- A **Regulatory Event** will, broadly, occur if as a result of a change of law or regulation, or a statement, order or directive from APRA, on or after the Issue Date, MGL determines that:
 - any of the MCN6 are not eligible for inclusion as Eligible Capital;
 - additional requirements would be imposed in connection with the MCN6 which MGL determines, in its absolute discretion, might have a material adverse effect on MGL or otherwise be unacceptable; or
 - to have any of the MCN6 outstanding would be unlawful or impractical or that the Macquarie Group would be exposed to a more than de *minimis* increase in its costs in connection with those MCN6.

2.4.4 What are the requirements for Exchange to be elected?

Clauses 5.4 and 5.5 of the MCN6 Terms

- MGL may not elect to Exchange MCN6 if an Optional Exchange Restriction applies.
- Further, if MGL has elected to Exchange MCN6, MGL may not proceed to Exchange if, on the Optional Exchange Date, certain further Exchange Conditions are not satisfied. In that case, the Exchange will be deferred until the first quarterly Distribution Payment Date on which the Optional Exchange Restrictions and the further Exchange Conditions are satisfied.
- The Optional Exchange Restrictions are:
 - **First Optional Exchange Restriction:** the Daily VWAP on the second Business Day before the date on which an Optional Exchange Notice is to be sent by MGL (or, if that Business Day is not an ASX Trading Day, the last ASX Trading Day prior to that day) ("**Non-Exchange Test Date**") is less than or equal to 25% of the Issue Date VWAP; or
 - **Second Optional Exchange Restriction:** MGL is Delisted as at the Non-Exchange Test Date.

2.4.5 Further conditions to an Optional Exchange

Clause 5.5 and 9.1 of the MCN6 Terms

- The Second Exchange Condition, Third Exchange Condition and Fourth Exchange Condition (as described in section 2.3.3) apply to an Optional Exchange as if the date on which the Optional Exchange is to occur were a Mandatory Exchange Date, except that the Second Exchange Condition is tested on the basis of the Maximum Exchange Number applicable to an Optional Exchange Date.
 - The Maximum Exchange Number applicable to an Optional Exchange Date is calculated on the basis that the Relevant Percentage is 20%. As a result, the Maximum Exchange Number in the event of an Optional Exchange is higher than the Maximum Exchange Number applicable on a Relevant Mandatory Exchange Date. The effect of this is that the Second Exchange Condition applicable to an Optional Exchange will be met if the VWAP during the 20 ASX Trading Days immediately preceding the Optional Exchange Date is greater than 20.202% of the Issue Date VWAP.

conditions of any Resale, the procedures for settlement of such Resale, the substitution of a Nominated Party and the terms on which any MCN6 acquired by a Nominated Party may be Exchanged or otherwise dealt with. To the extent that such terms may cause the MCN6 to cease to be Relevant Securities forming part of Eligible Capital, such terms are subject to the prior written approval of APRA.

MCN6 Holders have no right to request Resale of MCN6.

2.6.2 What will MCN6 Holders receive if MCN6 are Resold?

Each MCN6 Holder will receive \$100 for each MCN6 it holds which is being Resold and, if the Payment Conditions are met, a Distribution will be paid by MGL in respect of Resold MCN6 for the period since the last Distribution Payment Date to the date of Resale.

Clause 8.3 of the MCN6 Terms

2.6.3 If a Nominated Party does not pay the Resale Price will MCN6 Holders continue to hold MCN6?

If, for any reason a Nominated Party does not pay the Resale Price on or within two Business Days of the Resale Date, the Resale to that Nominated Party will not occur and MCN6 Holders will continue to hold the relevant MCN6 in accordance with the MCN6 Terms.

Clause 8.6 of the MCN6 Terms

2.7 Non-Viability Event Exchange

MGL is required to immediately Exchange MCN6 into Ordinary Shares if a Non-Viability Event occurs. Broadly, a Non-Viability Event occurs if APRA has notified the Issuer in writing that (1) Relevant Securities must be subject to Loss Absorption because, without such Loss Absorption, APRA considers the Issuer would become non-viable or (2) APRA has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable.

The Exchange Conditions do not apply to an Exchange following a Non-Viability Event. The number of Ordinary Shares that MCN6 Holders will receive on an Exchange in these circumstances will not be greater than the Maximum Exchange Number applicable to a Non-Viability Exchange Date.

As an Exchange in these circumstances would most likely occur during a time of financial difficulty for MGL, depending on the market price of Ordinary Shares at the relevant time, MCN6 Holders may receive less, or significantly less, than \$101 worth of Ordinary Shares per MCN6 and an MCN6 Holder may suffer loss as a consequence.

If, for any reason, MCN6 that are required to be Exchanged on account of a Non-Viability Event are not Exchanged within 5 Business Days of the Non-Viability Exchange Date, they will be Written-Off. If a Write-Off occurs, the MCN6 Holder's rights under that MCN6 are immediately and irrevocably terminated for no consideration with effect on and from the Non-Viability Exchange Date and MCN6 Holders will suffer a total loss of their investment.

2.7.1 Why do the MCN6 Terms include a Non-Viability Event?

- The global bank Basel III capital framework includes requirements for conversion or write-off of capital instruments if the issuer becomes non-viable. APRA has implemented this framework for Australian banks with effect from 1 January 2013. In order to gain treatment as Eligible Capital under the NOHC Authority, it is also required that MCN6 be Exchanged or Written-Off on the occurrence of a Non-Viability Event.

2.7.2 What is a Non-Viability Event?

- A Non-Viability Event means APRA has notified the Issuer in writing that:
 - Relevant Securities must be subject to Loss Absorption because, without such Loss Absorption, APRA considers the Issuer would become non-viable; or
 - APRA has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable.
- If a Non-Viability Event occurs which involves determination by APRA that a public sector injection of capital would be required, all MCN6 must be Exchanged.
- If a Non-Viability Event occurs which does not involve a determination by APRA that a public sector injection of capital would be required, MGL must immediately Exchange some or all MCN6. In determining the number of MCN6 which must be Exchanged, the following applies:

Clauses 4 and 18.2 of the MCN6 Terms

Topic and summary

Further information

- the aggregate face value of all Relevant Securities subject to Loss Absorption must equal the amount APRA has notified the Issuer (or if APRA has not notified the Issuer of that amount, the amount determined by the Issuer) to be necessary to satisfy APRA that the Issuer will not become non-viable;
- Relevant Securities that are Equal Ranking Obligations must be subject to Loss Absorption before other Relevant Securities are subject to Loss Absorption (unless the terms of such other Relevant Securities otherwise provide); and
- MCN6 and other Relevant Securities that are Equal Ranking Obligations must be subject to Loss Absorption on a proportionate basis (unless the terms of any such other security provide for that security to be subject to Loss Absorption other than on a proportionate basis with MCN6 and other such securities), or such other basis as the Issuer considers fair and reasonable (subject to such adjustment as the Issuer may determine to take into account the effect on marketable parcels and whole numbers of Ordinary Shares and any MCN6 or other Relevant Securities that are Equal Ranking Obligations).
- Nothing in the making of the determination or the adjustments is to delay or impede the immediate Exchange of the MCN6 on the Non-Viability Exchange Date.
- There is no requirement that MGL's Ordinary Shares are cancelled or Written-Off before APRA determines a Non-Viability Event, or before MCN6 are required to be Exchanged or Written-Off on account of a Non-Viability Event.
- As at the date of this Prospectus, MGL has three other outstanding issue of Relevant Securities that are Equal Ranking Obligations (MCN3, MCN4 and MCN5). If a Non-Viability Event were to occur and MGL is required to Exchange only some of the Relevant Securities then on issue, MGL will endeavour to apply the exchanged balances proportionally across the Relevant Securities (where it is permitted by their terms), or such other basis that MGL considers is fair and reasonable. As a result, the proportion of MCN6 to be Exchanged (which may be all of the MCN6) may be lower if other Relevant Securities are on issue. There is no obligation on any member of the Macquarie Group to issue any Relevant Securities or maintain on issue MCN3, MCN4, MCN5 or any other Relevant Securities in the future.
- If some (but not all) MCN6 are to be Exchanged on account of a Non-Viability Event:
 - MGL will endeavour to treat MCN6 Holders on an approximately proportionate basis, but may discriminate to take account of the effect on marketable parcels of MCN6 and other similar considerations and the need to effect Exchange immediately; and
 - where Relevant Securities that are Equal Ranking Obligations are not all in the same currency, MGL may treat them as if converted into a single currency of MGL's choice at the rate of exchange that is specified in the terms of such securities or at such other rate as MGL in good faith considers reasonable.

2.7.3 What does non-viable mean?

- APRA has not provided specific guidance as to how it would determine non-viability. However, APRA has indicated that non-viability is likely to arise prior to the insolvency of an ADI.
- Non-viability could be expected to include serious impairment of MGL's financial position and insolvency. However, it is possible that APRA's definition of non-viable may not necessarily be confined to solvency measures or capital levels and may also include other matters such as liquidity.
- APRA has indicated that at this time it will not publish guidance on the specific parameters used to determine non-viability.

2.7.4 How many Ordinary Shares will MCN6 Holders receive on the Non-Viability Exchange Date?

- The number of Ordinary Shares an MCN6 Holder will receive per MCN6 on account of an Exchange following a Non-Viability Event is the Exchange Number (calculated as described below) but cannot be more than the Maximum Exchange Number applicable to a Non-Viability Exchange Date.
- The Exchange Number on account of a Non-Viability Event Exchange is calculated in the same manner as for a Relevant Mandatory Exchange Date (see section 2.3.4).
- However, the Exchange Date VWAP in this case is the volume weighted average price of Ordinary Shares during the period of 5 ASX Trading Days immediately preceding (but not including) the Non-Viability Exchange Date.

Clause 9.1 of the MCN6 Terms

Topic and summary

Further information

- The Maximum Exchange Number applicable to a Non-Viability Exchange Date is calculated on the basis that the Relevant Percentage is 20%. As a result, the Maximum Exchange Number on account of a Non-Viability Event Exchange is higher than the Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date.
- Since Exchange Conditions do not apply to a Non-Viability Event, the Exchange Number of Ordinary Shares may be limited to the Maximum Exchange Number applicable to a Non-Viability Exchange Date. Accordingly, the Ordinary Shares an MCN6 Holder may receive in these circumstances may be worth significantly less than the Issue Price of MCN6 and an MCN6 Holder may suffer a loss as a consequence.

2.7.5 Are there any conditions to Exchange if a Non-Viability Event occurs?

Clauses 4.2, 4.5, 4.6 and 4.7 of the MCN6 Terms

- If a Non-Viability Event occurs, MGL must immediately Exchange some or all MCN6 into Ordinary Shares.
- Exchange on the occurrence of a Non-Viability Event is not subject to the Exchange Conditions being satisfied and is required to occur immediately on the date the Non-Viability Event occurs.
- MGL expects any ASX trades in MCN6 that have not been settled on the date a Non-Viability Event occurs will continue to settle in accordance with the normal ASX settlement, although MGL expects the seller will be treated as having delivered, and the buyer will be treated as having acquired, the Exchange Number of Ordinary Shares into which MCN6 have been Exchanged as a result of the Non-Viability Event.
- MGL must give MCN6 Holders notice as soon as practicable that a Non-Viability Event has occurred, including details of the number of MCN6 Exchanged.

2.7.6 What happens if MCN6 are not Exchanged following a Non-Viability Event?

Clauses 4.5, 9.17 and 18.2 of the MCN6

- If, following a Non-Viability Event, for any reason (including, without limitation, an Inability Event), Exchange of MCN6 as required on account of a Non-Viability Event does not occur within 5 Business Days of the Non-Viability Exchange Date, then Exchange will not occur and each relevant MCN6 will be Written-Off.
- An **Inability Event** will arise if MGL or any of its Related Bodies Corporate is prevented, for any reason, from observing or performing their obligations in respect of an Exchange (including in connection with the issue of Ordinary Shares). An example of when an Inability Event may occur would be if MGL were prevented by an applicable law or order of any court, or action of any government authority, from issuing Ordinary Shares. As at the date of this Prospectus, such laws could include Shareholding Laws (broadly, laws that relate to financial sector shareholdings, foreign acquisitions and takeovers and company takeovers). Other such laws may in future be specified by regulations made under the Banking Act.
- However, Write-Off will also occur if the Exchange has not occurred for reasons other than an Inability Event.
- If an MCN6 is Written-Off, the MCN6 Holder's rights under that MCN6 are immediately and irrevocably terminated for no consideration with effect on and from the Non-Viability Exchange Date, and MCN6 Holders will suffer a total loss of their investment.

2.8 Exchange on an Acquisition Event

MGL is required to Exchange MCN6 into Ordinary Shares where a person acquires control of MGL (except in certain circumstances).

There are conditions to Exchange on an Acquisition Event which are designed to ensure that an MCN6 Holder will receive approximately \$101 worth of Ordinary Shares for each MCN6 they hold and the Ordinary Shares received are capable of being sold on ASX. However, these conditions do not apply if the Directors determine that the Exchange is in any event in the best interests of MCN6 Holders as a whole.

<p>2.8.1 What is an Acquisition Event?</p> <ul style="list-style-type: none"> • An Acquisition Event broadly means either: <ul style="list-style-type: none"> – a takeover bid is made to acquire all or some Ordinary Shares and the offer is, or becomes, unconditional and as a result the bidder has a relevant interest in more than 50% of the Ordinary Shares on issue; – a court approves a scheme of arrangement which, when implemented will result in a person having a relevant interest in more than 50% of the Ordinary Shares on issue; or – a person acquires, or enters into an agreement (which is or becomes unconditional) to beneficially acquire more than 50% of the voting shares in the capital of MGL. • However, an Acquisition Event will not occur where that event occurs as part of a solvent reorganisation of MGL which, is initiated by the Directors or, in the reasonable opinion of MGL, would not be materially adverse to the interests of MCN6 Holders as a whole, and the acquiring entity assumes corresponding obligations to issue ordinary shares to MCN6 Holders where MGL would be required to issue Ordinary Shares. Such an entity is referred to as an Approved Acquirer. 	<p>Clause 18.2 of the MCN6 Terms</p>
<p>2.8.2 What are the consequences of an Acquisition Event for MCN6 Holders?</p> <ul style="list-style-type: none"> • If an Acquisition Event occurs, all MCN6 will be Exchanged for the Exchange Number of Ordinary Shares (subject to the Exchange Number being no greater than the Maximum Exchange Number applicable to an Acquisition Exchange Date) unless the Directors determine that: <ul style="list-style-type: none"> – as at the Acquisition Exchange Date, MGL will be, or is likely to be, Delisted; or – the Exchange Number of Ordinary Shares to be issued in exchange for an MCN6 would exceed the Maximum Exchange Number applicable to that Acquisition Exchange Date (except in limited circumstances). • The Maximum Exchange Number applicable to an Acquisition Exchange Date is calculated on the basis that the Relevant Percentage is 20%. As a result, the Maximum Exchange Number in the event of an Exchange on an Acquisition Event is higher than the Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date. The effect of this is that the second of the Exchange Conditions referred to in the paragraph above will be met if the VWAP during the 20 ASX Trading Days immediately preceding the Acquisition Exchange Date is greater than 20.202% of the Issue Date VWAP. • If either of the conditions in the first paragraph above applies, Exchange will still occur if the Directors determine that the Exchange would be in the best interests of the MCN6 Holders as a whole, notwithstanding that MGL will be, or is likely to be, Delisted or the number of Ordinary Shares is limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date. In this situation MCN6 Holders would receive less than \$101 worth of Ordinary Shares and/or may be unable to trade the Ordinary Shares received. 	<p>Clauses 6.1 and 9.1 of the MCN6 Terms</p>

This means that the value of Ordinary Shares received may be more or less than approximately \$101 when they are issued or at any time after that.</p> <p>If MGL will be, or will be likely to be, Delisted on the Acquisition Exchange Date, Exchange will only occur if the Directors determine that it would be in the best interests of the MCN6 Holders, taken as a whole. This means that upon Exchange, MCN6 Holders may be issued with the Exchange Number (subject to the Maximum Exchange Number applicable to an Acquisition Exchange Date) of Ordinary Shares, based on the VWAP for a VWAP Period when MGL was listed. At the time of Exchange, the value of Ordinary Shares may be uncertain and MCN6 Holders may be unable to trade those Ordinary Shares.</p> <p>If the Exchange Number (calculated as if it were not limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date) is greater than the Maximum Exchange Number applicable to an Acquisition Exchange</p>	<p>Clauses 6.1 and 9.1 of the MCN6 Terms</p>

Date then Exchange will not occur unless the Directors determine that the Exchange would be in the best interests of the MCN6 Holders taken as a whole. If, in this situation, Exchange proceeds, MCN6 Holders will receive the Maximum Exchange Number applicable to an Acquisition Exchange Date of Ordinary Shares. The Maximum Exchange Number of Ordinary Shares may be worth significantly less than \$101 and an MCN6 Holder may suffer a loss as a consequence.

2.8.4 If Exchange does not occur following an Acquisition Event, will MCN6 Holders continue to hold MCN6?

Clause 9.13 of the MCN6 Terms

Where Exchange does not occur following an Acquisition Event, MCN6 Holders will continue to hold MCN6 in accordance with the MCN6 Terms.

2.9 Regulatory treatment of MCN6

2.9.1 What are MGL's prudential capital requirements?

Section 3.7.3

MGL is an authorised NOHC, regulated by APRA. MGL is required by APRA to hold sufficient capital to meet the requirements of the Bank Group (based on APRA's ADI prudential standards) and the Non-Bank Group (calculated using the Macquarie Group's Economic Capital Adequacy Model ("ECAM")).

2.9.2 Who is the Australian Prudential Regulation Authority (APRA)

- APRA is the prudential regulator of the Australian financial services industry. APRA oversees banks, credit unions, building societies, general insurance and reinsurance companies, life insurance companies, friendly societies and most members of the superannuation industry.
- APRA's website at www.apra.gov.au includes further details of its functions and prudential standards.

2.9.3 What is Regulatory capital?

- APRA's regulatory capital prudential standards aim to ensure that banks and non-operating holding companies of financial groups, like MGL, maintain adequate capital to support the risks associated with their activities and can withstand unexpected losses.
- APRA has detailed guidance and restrictions on the types of capital instruments that are permitted to be included in a bank or financial conglomerate's regulatory capital base. Under Macquarie's NOHC authorisation, this capital is referred to as "Eligible Capital".

2.9.4 What is the regulatory treatment of MCN6?

- APRA has assessed that MCN6 will be Eligible Capital under Macquarie's NOHC Authority.
- If APRA's treatment of the MCN6 changes, a Regulatory Event may occur. See further section 2.4.3 on "Regulatory Event".

2.10 Ranking of MCN6

2.10.1 How will MCN6 rank in a Winding Up of MGL

Clauses 1.5 and 16.1 of the MCN6 Terms and Section 2.7

- If a Winding Up occurs in relation to MGL, MCN6 will rank ahead of Ordinary Shares, equally with Equal Ranking Obligations (which currently includes obligations in respect of MCN3, MCN4 and MCN5), but behind all Senior Creditors.
- Any return in a Winding Up of MGL may be adversely affected if a Non-Viability Event occurs (see section 2.7). If this happens some or all MCN6 will be required to be Exchanged, or, if Exchange has not occurred within 5 Business Days, Written-Off. If an MCN6 is Exchanged, the MCN6 Holder would become a holder of Ordinary Shares and those shares may be worth significantly less than the Issue Price of the MCN6. If an MCN6 is Written-Off the MCN6 Holder will suffer a total loss of their investment in MCN6. In this case as Ordinary Shares will still be on issue, an MCN6 Holder is likely to be worse off than a holder of Ordinary Shares.

Topic and summary**Further information****2.11.8 Can MGL amend the MCN6 Terms and Trust Deed?**

Clause 14 of the MCN6 Terms and section 4.1.28

- Subject to complying with all applicable laws, and with APRA's prior written approval where required, MGL may amend the MCN6 Terms and Trust Deed without the consent of MCN6 Holders or the Trustee in certain circumstances. The amendments that MGL may make without such consent include changes:
 - of a formal, minor or technical nature, or made to correct any ambiguity or any manifest or proven error;
 - to facilitate the listing, clearing, offering for sale or Resale of the MCN6;
 - necessary to comply with the provisions of any statute or the requirements of any statutory authority;
 - in respect of any time or notice periods stated, required or permitted in connection with any Exchange;
 - to align the MCN6 Terms with the terms of any Relevant Securities eligible for inclusion as Eligible Capital issued after the Issue Date;
 - to give effect to any agreement with any Nominated Party;
 - necessary and appropriate to effect the substitution of an Approved Acquirer (as described below); or
 - that MGL does not consider to be materially adverse to the interests of MCN6 Holders as a whole.
- However, any amendment to the MCN6 Terms or Trust Deed which may have an adverse effect on the Trustee's rights and obligations under the Trust Deed must in all cases first be approved by the Trustee.
- Where MGL proposes to make certain amendments that it does not consider to be materially adverse to the interests of MCN6 Holders as a whole, MGL must give at least 35 days' prior notice of the proposed amendment to the Trustee. If the Trustee notifies MGL that the proposed amendment may be materially adverse to the interests of MCN6 Holders as a whole, the proposed amendment must be approved by an Ordinary Resolution.
- MGL may also, with APRA's prior written approval to the extent any such amendments may cause the MCN6 to cease to be Relevant Securities eligible for inclusion as Eligible Capital, amend the MCN6 Terms and Trust Deed if the amendment has been approved by a Special Resolution and by the Trustee.

2.11.9 What is an Approved Acquirer?

Clause 14.2 of the MCN6 Terms

- As described in section 2.8.1, an Approved Acquirer may be substituted as issuer of listed ordinary shares in its capital whenever MCN6 are required to be Exchanged in the manner contemplated by the MCN6 Terms. The substitution of an Approved Acquirer is not an Acquisition Event.
- MGL may make such amendments to the MCN6 Terms and Trust Deed that it considers necessary and appropriate to effect the substitution of the Approved Acquirer, with the prior written approval of APRA (to the extent that any such amendments may cause the MCN6 to cease to be Relevant Securities eligible for inclusion as Eligible Capital) but without the consent of the MCN6 Holders or the Trustee.
- MCN6 Holders do not have any right to vote on the substitution of an Approved Acquirer.
- Following the substitution of an Approved Acquirer as the issuer of Ordinary Shares on conversion but prior to any Exchange of MCN6, MCN6 Holders continue to hold a note issued by MGL which ranks in the winding up of MGL as described in section 1.2.12 and which is convertible into ordinary shares in the Approved Acquirer in the same circumstances in which it would have otherwise been converted into Ordinary Shares in MGL.

2.11.10 Can Macquarie Group purchase MCN6?

Clause 15.4 of the MCN6 Terms

Subject to APRA's prior written approval, any member of the Macquarie Group may purchase MCN6 at any time and at any price.

2.11.11 What are the taxation implications of investing in MCN6?

Section 5

- The taxation implications of investing in MCN6 will depend on an investor's individual circumstances and the tax rules that apply at the time of each distribution. Prospective investors should obtain their own taxation advice.
- A general outline of the Australian taxation implications for certain Australian investors participating in the Offer is included in the Australian taxation summary at section 5.1.

3.2 Reporting and disclosing obligations

MGL is listed on the ASX (Ordinary Shares ASX Code: MQG) and is a disclosing entity under the Corporations Act. It is therefore subject to regular reporting and disclosure obligations under the Corporations Act and the ASX Listing Rules. These include preparation of yearly and half-yearly financial statements, a report on the operations of the Macquarie Group during the relevant period and an audit or review report by its auditor. Copies of documents lodged with ASIC may be obtained from or inspected at any ASIC office.

MGL has an obligation under the ASX Listing Rules (subject to certain exceptions) to notify ASX immediately of any information of which it is, or becomes, aware concerning the Macquarie Group, which a reasonable person would expect to have a material effect on the price or value of the Ordinary Shares. This information can be accessed via the ASX website and at www.macquarie.com. ⁽¹⁾ This figure includes staff employed in certain operationally segregated subsidiaries.

⁽²⁾ Operating income is classified as 'international' with reference to the geographic location from which the operating income is reported from a management perspective. This may not be the same geographic location where the operating income is recognised for reporting purposes. For example, operating income generated by work performed for clients based overseas but recognised in Australia for reporting purposes could be classified as 'international' income. Income earned in the Corporate segment is excluded from the analysis of international income.

3.3 Organisational structure

The Macquarie Group's business operations are conducted through two groups, within which individual businesses operate: the Bank Group and the Non-Bank Group.

The Bank Group includes MBL and its subsidiaries. Activities are undertaken by:

- Banking & Financial Services; and
- Commodities & Global Markets (certain assets of the Credit Markets business and certain activities of the Commodity Markets and Finance business, and some other less financially significant activities are undertaken from within the Non-Bank Group).

The Non-Bank Group consists of MGL, MFHPL and its subsidiaries and MAMHPL and its subsidiaries. Activities are undertaken by:

- Macquarie Asset Management;
- Macquarie Capital; and
- those assets and activities in Commodities and Global Markets which are not in the Bank Group, as described above.

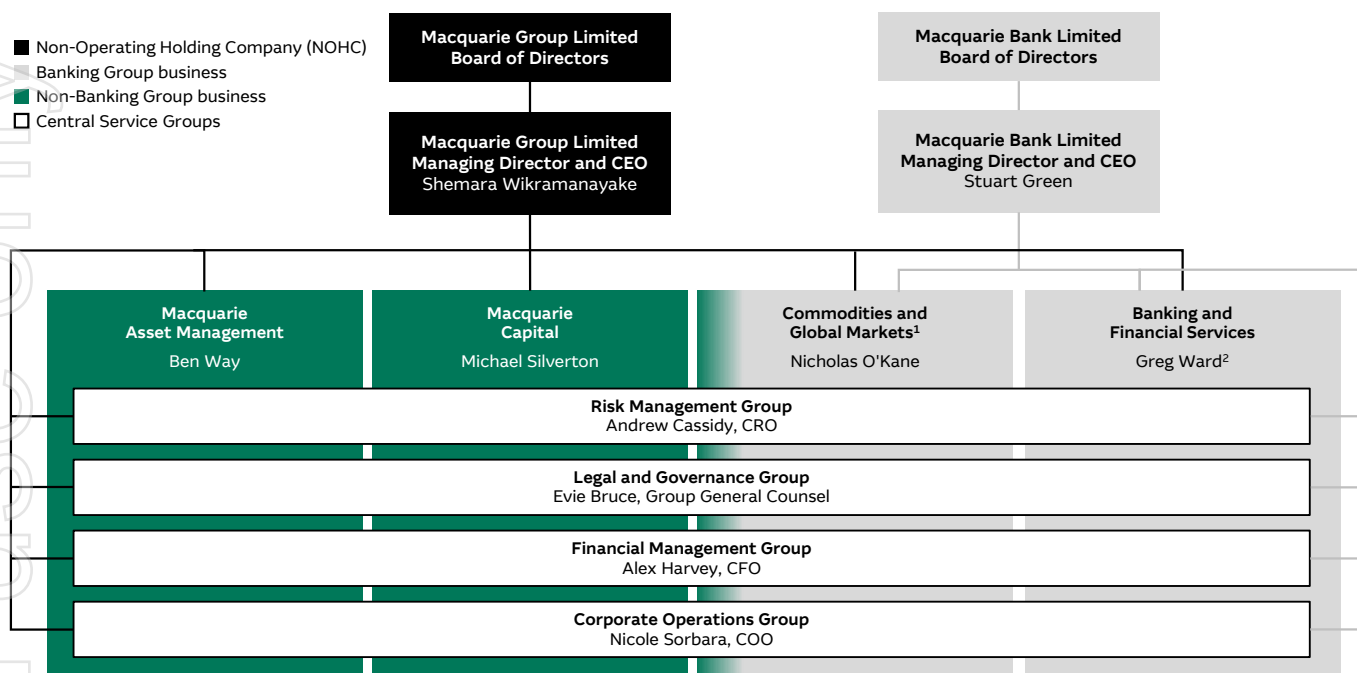

The Bank Group provides services to both the Bank Group and the Non-Bank Group through the Corporate segment. The Corporate segment is not considered an operating group and includes the following Central Service Groups: Corporate Operations Group, Financial Management Group, Risk Management Group, Legal and Governance Group and Central Executive. Services include: risk management, finance, technology, operations, group treasury, human resources, workplace, legal and corporate governance, corporate affairs, taxation services, strategy, operational risk management, data and transformation, resilience and global security, central executive services, and other services as may be agreed from time to time.

Items of income and expense within the Corporate segment include the net result of managing the Macquarie Group's liquidity and funding requirements, earnings on capital and the residual accounting volatility relating to economically hedged positions where hedge accounting is applied as well as accounting volatility for other economically hedged positions where hedge accounting is not applicable. Other items of income and expenses include earnings from investments, changes in central overlays to impairments or valuation of assets, unallocated head office costs and costs of Central Service Groups, Macquarie Group's performance-related profit share and share-based payments expense, income tax expense and certain distributions attributable to certain non-controlling interests.

MGL has established a corporate governance framework and risk management framework applying to Macquarie Group to meet APRA's prudential requirements. Where required, MBL and its subsidiaries have adopted certain Macquarie Group policies and frameworks that are appropriate having regard to its business and specific requirements or established specific policies and frameworks for the Banking Group. The Bank Group and the Non-Bank Group operate as separate sub-groups within MGL with clearly identifiable businesses, separate capital requirements and discrete funding programs. Although the Bank Group and the Non-Bank Group operate as separate sub-groups, both are integral to Macquarie Group's identity and strategy as they assist Macquarie Group in continuing to pursue value adding and diversified business opportunities while meeting its obligations under APRA rules. The following diagram shows the current organisational structure of the Macquarie Group and reflects the composition of the Bank Group and Non-Bank Group.

PROSPECTUS

As at 9 June 2022.

¹Certain assets of the Credit Markets business, certain activities of the Commodity Markets and Finance business, and some other less financially significant activities are undertaken from within the Non-Banking group.

²The current Group Head of BFS is also the Deputy Group CEO.

Members of the MGL Board are listed at section 3.5.

MGL monitors and reviews on an ongoing basis the appropriateness of the Macquarie Group structure. From time to time, the optimal allocation of the Macquarie Group's businesses between the Bank Group and the Non-Bank Group and within the Bank Group and the Non-Bank Group may be adjusted and changes may be made in light of relevant factors including business growth, regulatory considerations, market developments and counterparty considerations.

3.4 Business strategies

The Macquarie Group's purpose is in empowering people to innovate and invest for a better future. The way Macquarie fulfills its purpose is defined by three long held principals that determine how they conduct business and guide what they do every day – Opportunity, Accountability and Integrity. The balance between opportunity and accountability, while operating with integrity within a strong risk management framework, is a feature of Macquarie's success and a key factor in Macquarie's long record of unbroken profitability.

Consistent with Macquarie's principles of opportunity, accountability and integrity, Macquarie Group's business strategy is focused on the medium-term with the following key aspects:

- **Risk Management Approach.** Adopting a conservative approach to risk management underpinned by a sound risk culture. Macquarie's robust risk management framework and risk culture are embedded across all Operating and Central Service Groups.
- **Strong Balance Sheet.** Maintaining a strong and conservative balance sheet. This is consistent with Macquarie's longstanding policy of holding a level of capital which supports its business and managing its capital base ahead of ordinary business requirements. Macquarie has a liability driven approach to balance sheet management, where funding is raised prior to assets being taken on the balance sheet. Macquarie continues to pursue the strategy of diversifying funding sources by growing its deposit base and accessing wholesale funding across a variety of products markets.
- **Business mix.** Conducting a mix of annuity-style and capital-markets facing businesses that deliver consistent returns in a range of market conditions.
- **Diversification.** Operating a diversified set of businesses across different locations and service offerings: asset management and finance, banking, advisory and risk and capital solutions across debt, equity and commodities. Macquarie offers a range of services to government, institutional, corporate and retail clients. This diversity mitigates concentration risk and provides resilience to Macquarie.
- **Proven Expertise.** Utilising proven deep expertise has allowed Macquarie to establish leading market positions as a global specialist in sectors including renewables, infrastructure, resources and commodities, energy, financial institutions and real estate.

-
- **Adjacencies.** Expanding progressively by pursuing adjacencies through organic opportunities and selective acquisitions. These include products and geographies adjacent to Macquarie's established areas of expertise, supporting sustainable evolutionary growth.
 - **Pursuit of Growth Opportunities.** Targeting continued evolution and growth through innovation. Macquarie starts with knowledge and skill, and encourages ingenuity and entrepreneurial spirit coupled with accountability. Ideas for new businesses are typically generated in the Operating Groups. Additionally, there are no specific businesses, markets or regions in which Macquarie's strategy dictates that it operates. This means it retains operational flexibility and can adapt the portfolio mix to changing market conditions within the boundaries of the Risk Appetite Statement ("**RAS**") approved by the Board.

On 22 January 2020, the Australian Treasury released a consultation paper outlining its proposal on the Financial Accountability Regime ("**FAR**") to replace BEAR and to extend the responsibility and accountability framework established under BEAR to all APRA-regulated entities, including MGL. A revised FAR Bill was introduced to Parliament on 28 October 2021 and was subsequently referred to the Senate Economics Legislation Committee ("**Committee**") for inquiry and report. The Committee recommended the FAR Bill be passed in a report published in February 2022. The FAR Bill has yet to pass and the commencement of FAR remains uncertain but is expected to occur in stages, first applying to MGL and MBL (i.e., the ADI and NOHC), then applying to other APRA-regulated entities a year later. It is understood that FAR will apply to MBL in substantively the same way BEAR currently applies. Like MBL, MGL is expected to become an accountable entity when FAR is introduced.

3.7.3 Capital position

As an APRA authorised and regulated NOHC, MGL is required to hold adequate regulatory capital to cover the risks for the whole Macquarie Group, comprising the Bank Group and the Non-Bank Group. MGL and APRA have agreed a capital adequacy framework for MGL, based on the MGL's Board-approved ECAM and APRA's capital standards for ADIs.

MGL's capital adequacy framework requires it to maintain minimum regulatory capital requirements calculated as the sum of:

- the Bank Group's minimum Tier 1 Capital requirement, based on a percentage of risk-weighted assets plus Tier 1 deductions (using prevailing APRA ADI prudential standards); and
- the Non-Bank Group's capital requirement, calculated using Macquarie Group's ECAM.

Transactions internal to the Macquarie Group are eliminated.

Eligible regulatory capital of MGL consists of ordinary share capital, retained earnings, certain reserves and eligible hybrid instruments. Eligible hybrid instruments currently include MCN3 issued in 2018, MCN4 issued in 2019, MCN5 issued in 2021 as well as Additional Tier 1 Capital of the Bank Group. MCN6 will qualify for inclusion as Eligible Capital.

APRA may require minimum capital levels above the published regulatory minimums and such requirements may increase in the future due to regulatory changes such as APRA's "unquestionably strong" proposal. Macquarie maintains a capital buffer in excess of the current regulatory

minimums to meet the expectations of APRA, rating agencies and capital markets. As a result, the capital available for investment is lower than the surplus above the regulatory minimum shown.

Capital disclosures in this section include Harmonised Basel III⁽¹⁾ and APRA Basel III.⁽²⁾ The former is relevant for comparison with banks regulated by regulators other than APRA, whereas the latter reflects Macquarie's regulatory requirements under APRA Basel III rules.

The Macquarie Group regulatory capital surplus calculation as at 31 March 2022 (including a pro forma showing the impact of the Offer) is set out in the table below.

⁽¹⁾ Harmonised Basel III relates to the Basel III guidelines defined by the Basel Committee on Banking Supervision, documented in the following: 'Basel III: a global regulatory framework for more resilient banks and banking systems', published December 2010 (revised June 2011) by the Bank for International Settlements (BIS) and further updated by BCBS 279 'The standardised approach for measuring counterparty credit risk exposures'.

⁽²⁾ APRA Basel III relates to the Prudential Standards released by APRA applying as at the date of this Prospectus.

⁽³⁾ The March 2022 pro forma capital position has been calculated assuming the issuance of \$750m MCN6 with \$12m of issuance costs.

⁽⁴⁾ In calculating the Bank Group's contribution to Macquarie's capital requirement, RWA internal to Macquarie are eliminated (31 March 2022: \$807 million).

⁽⁵⁾ Calculated at 8.5% of the Bank Group's RWAs. The 8.5% represents the Basel III minimum Tier 1 ratio of 6% plus 2.5% of capital conservation buffer (CCB).

⁽⁶⁾ Based on materiality, the countercyclical capital buffer (CcyB) of less than 1bps has not been included. The individual CcyB varies by jurisdiction and Bank Group's CcyB is calculated as the weighted average based upon exposures in different jurisdictions.

Investment
risks

4. Investment risks

This section describes the risks associated with an investment in MCN6 and/or the Macquarie Group.

MGL believes that the following investment considerations may affect the investment returns under MCN6 issued under the Offer. These investment considerations are not intended to be exhaustive and are contingencies which may or may not occur and MGL is not in a position to express a view on the likelihood of any such contingency occurring.

Investment considerations which MGL believes may be material for the purpose of assessing the risks associated with an investment in MCN6 and the market for MCN6 generally are also described below.

MGL believes that the investment considerations described below represent the key risks inherent in investing in MCN6 issued under the Offer, but MGL may be unable to pay interest, principal or other amounts on or in connection with any MCN6, and MCN6 may not be able to be Exchanged, Redeemed or Resold for other reasons which may not be considered significant risks by MGL based on information currently available to it or which it may not currently be able to anticipate.

Before applying for MCN6, you should also read the detailed information set out elsewhere in this Prospectus and seek professional guidance from your financial adviser or other independent and qualified professional adviser as to the risks and investment considerations arising from an investment in MCN6, the appropriate tools to analyse such an investment, and the suitability of such an investment in the context of your particular circumstances.

MGL is not an ADI for the purposes of the Banking Act, and the obligations of MGL do not represent deposits or other liabilities of MBL. MBL does not guarantee or otherwise provide assurance in respect of the obligations of MGL.

4.1 Risks associated with investing in MCN6

4.1.1 Investments in MCN6 are an investment in MGL

Investments in MCN6 are an investment in MGL and may be affected by the ongoing performance, financial position and solvency of MGL and the Macquarie Group. MCN6 are not deposit liabilities and are not protected accounts for the purposes of the depositor protection provisions in Division 2 of Part II of the Banking Act or of the Financial Claims Scheme established under Division 2AA of Part II of under the Banking Act. MCN6 are not guaranteed by any government, government agency or compensation scheme of Australia or by any other person or any other jurisdiction.

4.1.2 Suitability

MCN6 are a complex investment and may be difficult to understand, even for experienced investors. You should ensure that you understand the MCN6 Terms and risks of investing in MCN6 and consider whether it is an appropriate investment for your particular circumstances.

If you are a Retail Investor and you wish to participate in the Offer, you must seek professional advice as to whether you are within the MCN6 Target Market and whether an investment in MCN6 is appropriate given your particular objectives, financial situation and needs (including financial and taxation issues).

For more information on MCN6 Target Market see section 7.2.

4.1.3 Market price and liquidity of MCN6

MCN6 may trade at a market price below their Issue Price. The market price of MCN6 may fluctuate due to various factors,

including poor financial performance by MGL and the Macquarie Group, a change in Macquarie Group's financial position, investor perceptions, worldwide economic conditions, interest rates, movements in the market price of Ordinary Shares, foreign exchange rates, debt market conditions, the availability of better rates of return on other securities or investments and other factors that may affect the Macquarie Group's financial performance and position.

The market price of MCN6 may be affected by changes in laws relating to the taxation treatment of MCN6, including franking.

Where MCN6 are to be Exchanged, Redeemed or Resold for any reason, the announcement of these events may have a significant impact on the market price and/or liquidity of MCN6 and the Ordinary Shares.

Financial markets can be volatile, with the potential for significant fluctuations in the price of securities over a short period. This applies to the market price of both MCN6 and Ordinary Shares. You should carefully consider this risk before deciding to invest in MCN6.

Although MCN6 are to be quoted on ASX, there is no guarantee that a liquid market will develop for them. The market for MCN6 may be less liquid than the market for Ordinary Shares or other comparable securities. As a consequence, MCN6 Holders who wish to sell their MCN6 may be unable to do so at an acceptable price, or at all, if insufficient liquidity exists in the market for MCN6.

In addition, there is no guarantee that MCN6 will remain continuously quoted on ASX. Trading of ASX listed securities may be suspended in certain circumstances.

4.1.4 Market Price and liquidity of Ordinary Shares

Any Ordinary Shares issued on Exchange will rank equally with existing and future Ordinary Shares. Accordingly, the ongoing value of the Ordinary Shares received will depend on the market price of Ordinary Shares after an Exchange.

Upon Exchange, MCN6 Holders will generally receive approximately \$101 worth of Ordinary Shares per MCN6, based on the VWAP (which is calculated by reference to the daily volume weighted average sale price of Ordinary Shares) over a period of ASX Trading Days immediately preceding the Exchange Date. At the time they are issued, the market price of the Ordinary Shares will likely vary from that used to determine the Exchange Number and consequently the value of Ordinary Shares received will be more or less than \$101. The number of Ordinary Shares to be received by an MCN6 Holder in respect of its aggregate holding of MCN6 will be rounded down to a whole number (with entitlements of the MCN6 Holder to a part only of an Ordinary Share disregarded).

Additionally, the market price of Ordinary Shares is used to determine whether Exchange can occur in various conditions through the Exchange Conditions and Optional Exchange Restrictions. Therefore, fluctuations in the market price of Ordinary Shares can impact the timing of Exchange occurring (and may mean that Exchange never occurs).

The market price of Ordinary Shares may fluctuate due to various factors, including poor financial performance by the Macquarie Group, a change in Macquarie Group's financial position, investor perceptions, worldwide economic conditions, interest rates, foreign exchange rates, debt market conditions, the availability of better rates of return on other securities or investments and other factors that may affect the Macquarie Group's financial performance and position.

Where MCN6 are Exchanged for Ordinary Shares, there may be no liquid market for Ordinary Shares at the time of Exchange, or the market may be less liquid than that for comparable securities issued by other entities at the time of Exchange. As a consequence, MCN6 Holders who wish to sell the Ordinary Shares they may receive may be unable to do so at an acceptable price, or at all, if the market for Ordinary Shares is illiquid.

In addition, there is no guarantee that Ordinary Shares will remain continuously quoted on ASX. Trading of ASX listed securities may be suspended in certain circumstances.

4.1.5 Distributions may not be paid

There is a risk that Distributions may not be paid. The MCN6 Terms do not oblige MGL to pay Distributions, which are only payable at MGL's discretion.

If:

- MGL, in its absolute discretion, determines that the Distribution is not payable to Holders;
- the payment of a Distribution would result in MGL breaching APRA's capital adequacy requirements applicable to it;

- the payment of a Distribution would result in MGL becoming, or being likely to become, insolvent for the purposes of the Corporations Act; or

- APRA otherwise objects to the payment of a Distribution,

then that Distribution will not be paid. Changes in laws and regulations applicable to MGL may impose additional requirements which prevent MGL from paying a Distribution in additional circumstances.

MGL may issue securities or enter into financing which restrict it from paying Distributions. Reduced capital adequacy levels in MGL could also restrict MGL's ability to pay Distributions.

Distributions are non-cumulative (that is, if not paid, they do not accrue), so if a Distribution is not paid for any reason, MCN6 Holders will have no right to receive that Distribution in the future. MCN6 Holders have no remedy for any non-payment. However, if a Distribution is not paid when scheduled for any reason and unless MGL subsequently pays the relevant Distribution in full within 10 Business Days of the applicable Distribution Payment Date, a Dividend Restriction will apply to MGL. This Dividend Restriction means that MGL must not, subject to certain exceptions, without the approval of a Special Resolution of MCN6 Holders determine, declare or pay a dividend on any Ordinary Shares, or undertake any Buy-Back or Capital Reduction, until and including the next Distribution Payment Date.

4.1.6 Changes in Distribution Rate

The Distribution Rate is calculated as the sum of the Reference Rate and the Margin (reduced where franking credits are attached) and is calculated for each Distribution Period. The Reference Rate will fluctuate (both increase and decrease) over time and is influenced by a number of factors. The chart in section 2.1.5 shows historical movements in the Reference Rate.

As the Reference Rate varies, there is a risk that the Distribution Rate payable will become less attractive when compared to the rates of return available on comparable securities issued by the Macquarie Group or other entities or other investments.

MGL does not guarantee any particular rate of return on MCN6.

4.1.7 Distributions may or may not be franked

MGL currently franks dividends on Ordinary Shares at 40% and Distributions are expected to be franked at the same rate as Ordinary Shares. However, there is no guarantee that this level of franking will continue to apply for the life of MCN6 and it is possible that at some time in the future Distributions on MCN6 may not be franked, or may be partially franked to a different level, or fully franked.

MGL's ability to frank Distributions on MCN6 is affected by the level of available franking credits and MGL's distributable profits. MGL's level of franking credits may be affected by a wide range of factors, including its business performance, the jurisdictions in which Macquarie Group makes profits and pays tax, the applicable Australian corporate tax rate and the amount of other frankable distributions. MGL's distributable profits may also be impacted by

a wide range of factors, including its level of earnings and other distributions it makes.

If any Distribution is franked, the cash amount of that Distribution will be reduced. The payment of any franked Distribution is subject to the Payment Conditions.

4.1.8 Use of franking credits by MCN6 Holders

The value and availability of franking credits to an MCN6 Holder will differ depending on that MCN6 Holder's particular tax circumstances. MCN6 Holders should be aware that the potential value of any franking credits does not accrue at the same time as the receipt of any cash Distribution, and the ability to use the franking credits, either as an offset to a tax liability or by claiming a refund of tax after the end of the income year will depend upon the tax position of the individual MCN6 Holder.

An MCN6 Holder's entitlement to franking benefits may be denied where MGL, as issuer of the instrument, is entitled to a tax deduction in a foreign jurisdiction on Distributions if the so-called "anti-hybrid" rule in section 207-158 of the Tax Act ("**Anti-hybrid Rule**") applies. MGL does not anticipate being entitled to any foreign income tax deductions in relation to Distributions paid on the MCN6. As such, the Anti-hybrid Rule should not apply to deny an MCN6 Holder the benefit of either franking credits or tax offsets in relation to Distributions. However, the determination of foreign income tax deductions is complex and if such a foreign income tax deduction entitlement arises, the cash Distribution will not be adjusted or grossed up in the event that the franking credits are denied under the Anti-hybrid Rule. Further, the denial of franking benefits under the Anti-hybrid Rule would not give rise to a Tax Event.

Investors should refer to the taxation summary in section 5 and seek professional advice in relation to their tax position.

4.1.9 Dividend Restriction applies in limited circumstances

If a Distribution is not paid on MCN6, the Dividend Restriction will apply to limit MGL's ability to pay dividends on, buyback, and reduce capital in respect of Ordinary Shares, subject to certain exceptions. The Dividend Restriction applying under MCN6 does not apply to restrict distributions on any securities other than Ordinary Shares. In particular, it does not restrict MGL from making distributions on, or buying-back or returning capital on its equal ranking securities. In addition, the Dividend Restriction applies only until the next quarterly Distribution Payment Date. If Distributions are recommenced on MCN6, the Dividend Restriction will be lifted.

4.1.10 Risks upon Exchange for Ordinary Shares

Ordinary Shares are a different type of investment from MCN6. For example, dividends on Ordinary Shares are not determined by a formula. Ordinary Shares rank behind the claims of all other

securities and debts of MGL in a Winding Up of MGL. Ordinary Shares trade in a manner that is likely to be more volatile than that of MCN6 and the market price is expected to be more sensitive to changes in the performance, prospects and business of the Macquarie Group.

Other events and conditions may affect the ability of MCN6 Holders to trade or dispose of Ordinary Shares issued on Exchange. For example, the willingness or ability of ASX to accept the Ordinary Shares issued on Exchange for quotation or any practical issues which affect that quotation, any disruption to the market for the Ordinary Shares or to capital markets generally, the availability of purchasers for Ordinary Shares and any costs or practicalities associated with trading or disposing of Ordinary Shares at that time.

4.1.11 MCN6 are perpetual and Exchange, Redemption or Resale may not occur

If not Redeemed, Exchanged, Resold or Written-Off beforehand, MCN6 are scheduled to be Exchanged for Ordinary Shares on 12 September 2032⁽¹⁾, subject to the Exchange Conditions being satisfied. However, there is a risk that the Exchange Conditions will not be satisfied. For example, if there is a large fall in the Ordinary Share price when compared to the Issue Date VWAP, the First Exchange Condition may not be satisfied. The Issue Date VWAP may only be adjusted for divisions, consolidations or reclassifications of MGL's share capital and bonus issues of Ordinary Shares. There are no adjustments for other capital transactions undertaken by MGL (e.g. pro rata issues, share placements) which might reduce the Ordinary Share price. The MCN6 Terms do not limit the ability of MGL to undertake such capital transactions or any similar action that may adversely affect the position of MCN6 Holders.

If Exchange does not occur on the Scheduled Mandatory Exchange Date, Exchange will then occur on the next quarterly Distribution Payment Date where the Exchange Conditions are all satisfied. There is no guarantee the Exchange Conditions will ever be satisfied and the Exchange may never occur. In this case Distributions will continue to be paid on MCN6, subject to MGL's discretion to pay Distributions and the other Payment Conditions. However, where an Exchange has not occurred, the market price and liquidity of MCN6 may be affected and MCN6 Holders who wish to sell their MCN6 may not be able to do so at an acceptable price, or at all. As such, MCN6 are a perpetual instrument and MCN6 Holders may never receive any return of their investment, either as cash or Ordinary Shares.

4.1.12 Exchange, Redemption or Resale at the option of MGL

MGL may elect to Exchange, Redeem or arrange a Resale on a Scheduled Optional Exchange Date, or the occurrence of a Tax Event or Regulatory Event. Whether any action takes place or which action is taken at these times is entirely at the option of

⁽¹⁾ Due to the Business Day convention, the Scheduled Mandatory Exchange Date is deferred from 12 September 2032 to 13 September 2032.

MGL (subject to various restrictions and conditions). These choices (and consequently whether MCN6 Holders receive cash or Ordinary Shares) may be disadvantageous to MCN6 Holders and may not coincide with their individual preference or intended investment outcomes. MCN6 Holders have no right to request any of Exchange, Redemption or Resale at any time. Whilst, as at the date of this Prospectus, no Regulatory Events or Tax Events are expected by MGL, these events are beyond the control of MGL and could occur at any future time. Any Exchange, Redemption or Resale at the option of MGL is subject to various restrictions and conditions, including, in the case of Redemption, that the MCN6 to be Redeemed are replaced with securities forming part of Eligible Capital of the same or better quality from APRA's perspective, under conditions that are sustainable for MGL's income capacity or that APRA is satisfied that the capital position of MGL is sufficient after the MCN6 are Redeemed. APRA must give written approval for any Redemption or Resale of MCN6. The granting of this approval is at the complete discretion of APRA.

As a consequence, Exchange, Redemption or Resale may not occur, or could occur at a time not previously contemplated by MCN6 Holders. This may disadvantage MCN6 Holders and not coincide with their individual preferences or intended investment outcomes. The rate of return at which MCN6 Holders may reinvest their funds may be lower than the Distribution Rate on MCN6.

4.1.13 Cash payment only in limited circumstances

MCN6 Holders will only receive a cash payment for their MCN6 where MGL chooses to Redeem or Resell MCN6. This choice of Redeeming or Reselling MCN6 is only available on specific dates or upon the occurrence of specific events and is entirely at the discretion of MGL. Further, these options are subject to conditions and restrictions, including requiring the written approval of APRA. It is not certain whether or not these tests will be met or the relevant events will occur, that APRA would give any approval, or that MGL would choose to Redeem or Resell MCN6 (or instead elect that MCN6 will be Exchanged (if possible at the relevant time)). As a consequence, there is no certainty that MCN6 Holders will receive a cash payment for their MCN6.

4.1.14 Exchange on an Acquisition Event

MGL is an ASX listed company, which may be affected by merger and acquisition activity, including the possibility of being acquired by or merged with another company, which may constitute an Acquisition Event. If an Acquisition Event occurs, an Exchange must occur (unless, the Directors determine that (a) on the Acquisition Exchange Date MGL will be, or will be likely to be, Delisted (except where, despite MGL being Delisted, the Exchange would be in the best interests of Holders as a whole) or (b) the Exchange Number of Ordinary Shares to be issued in exchange for an MCN6 (as if it were not limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date) would exceed the Maximum Exchange Number applicable to an Acquisition Exchange Date and accordingly the MCN6 Holders may receive less than their Issue Price worth of Ordinary Shares (except where, despite the Exchange Number being limited to the Maximum Exchange Number applicable to an Acquisition Exchange Date, the

Directors determine that the Exchange would be in the best interest of the MCN6 Holders taken as a whole)).

Such an Exchange could occur at a time not previously contemplated by MCN6 Holders, which may disadvantage MCN6 Holders and not coincide with their individual preferences or intended investment outcomes. Additionally, where the Exchange occurs because the Directors have determined it is in the MCN6 Holders best interests as a whole, that determination may not take into account the position of individual MCN6 Holders and may disadvantage individual MCN6 Holders.

4.1.15 Impact of a Non-Viability Event

If a Non-Viability Event occurs, MGL must immediately Exchange some or all MCN6 for Ordinary Shares. This could occur at any time and accordingly, is not subject to any Exchange Conditions.

A Non-Viability Event will occur if APRA has notified the Issuer in writing that:

- Relevant Securities must be subject to Loss Absorption because, without such Loss Absorption, APRA considers the Issuer would become non-viable; or
- APRA has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable.

APRA has not provided specific guidance as to how it would determine non-viability, or what would constitute equivalent support to a public sector injection of capital. However, APRA has indicated that it non-viability is likely to arise prior to the insolvency of an ADI. Non-viability could be expected to include serious impairment of MGL's financial position and solvency. However, APRA's definition of non-viability may not be confined to solvency or capital measures and APRA's position on these matters may change over time. As the occurrence of a Non-Viability Event is at the discretion of APRA, there can be no assurance given as to the factors and circumstances that may give rise to this event.

Non-viability may arise as a result of many factors including factors which impact the business, operation and financial condition of MGL. See the discussion of risks associated with MGL and the Macquarie Group, below. As a consequence, if a Non-Viability Event occurs, there are many ways and a greater likelihood that an MCN6 Holder may lose some or all of their investment.

If a Non-Viability Event occurs, some or all MCN6 on issue will be immediately Exchanged into Ordinary Shares. Exchange will occur automatically, without the need for any further action and MGL will treat MCN6 Holders as though the Exchange has occurred. MGL expects that any ASX trades in MCN6 that have not settled on the date of a Non-Viability Event will continue to settle in accordance with the normal ASX settlement, although the seller will be treated as having delivered and the buyer will be treated as having acquired Ordinary Shares into which the MCN6 have been Exchanged. Alternatively, trading in MCN6 and Ordinary Shares may be halted and unsettled transfers of MCN6 may not be

registered. This disruption in trading may cause the MCN6 Holder to suffer a loss and be unable to deal in MCN6.

MCN6 Holders may not have prior notice of a Non-Viability Event and Exchange in these circumstances is not subject to the Exchange Conditions being satisfied. The Ordinary Shares that will be issued may not be quoted at the time of issue or at all and may not be tradable.

The number of Ordinary Shares that an MCN6 Holder will receive on an Exchange following a Non-Viability Event is calculated from a five ASX Trading Day VWAP prior to the Non-Viability Exchange Date and subject to the Maximum Exchange Number applicable to a Non-Viability Exchange Date. If a Non-Viability Event occurs the market price of Ordinary Shares may be volatile. Accordingly, an MCN6 Holder may receive significantly less than \$100 worth of Ordinary Shares per MCN6 and may suffer a loss as a result.

This is because:

- the number of Ordinary Shares may be limited by the Maximum Exchange Number applicable to a Non-Viability Exchange Date and as a consequence the value of Ordinary Shares received may be reduced; and
- the market price of Ordinary Shares received may differ from the five ASX Trading Days VWAP used to determine the Exchange Number of Ordinary Shares.

There is no obligation on MGL to issue any Relevant Securities, or to maintain on issue any Relevant Securities that it has issued or may decide to issue in the future. As a result, if a Non-Viability Event requiring the Exchange of only some but not all Relevant Securities occurs, the relative impact on MCN6 Holders will depend on the amount of Relevant Securities other than MCN6 (if any) that are on issue at that time. The Maximum Exchange Number applicable to the Exchange of MCN6 may be different from the maximum exchange number applicable to Relevant Securities. The greater the amount of Relevant Securities that are required to be exchanged, the more likely that the market price of Ordinary Shares may be adversely affected as a result of the exchange.

4.1.16 Impact of failure to Exchange leading to Write-Off

If the relevant MCN6 are not Exchanged within 5 Business Days of the Non-Viability Exchange Date then the Ordinary Shares will not be issued and the relevant MCN6 will be Written-Off. This may occur for any reason, including if MGL is prevented by applicable law, order of any court, action of any government authority from issuing Ordinary Shares. As at the date of this Prospectus, such laws could include Shareholding Laws (broadly, laws that relate to financial sector shareholdings, foreign acquisitions and takeovers and company takeovers). Other such laws may in future be specified by regulations made under the Banking Act.

In such cases, the MCN6 Holder will not receive any Ordinary Shares in respect of these MCN6, have no further claim on MGL and suffer a loss of their investment. The laws and circumstances under which an Inability Event arises may change and the change may be adverse to the interests of MCN6 Holders and MGL.

Recent changes to the law have given statutory recognition to conversion and write-off provisions in regulatory capital instruments such as MCN6, subject to limited exceptions (such as Shareholding Laws and other such laws that are in future specified by regulations made under the Banking Act).

4.1.17 Ordinary Shares issued to a Sale Agent

If MCN6 are to be Exchanged and:

- the MCN6 Holder has notified MGL that it does not wish to receive Ordinary Shares;
- the MCN6 are held by a person whose registered address is outside of Australia or who MGL believes is not an Australian resident and MGL believes the issue of Ordinary Shares would not be permitted by law or would be permitted only after compliance with conditions which MGL considers, in its absolute discretion, are not acceptable or are unduly onerous;
- MGL does not have the necessary information to issue the Ordinary Shares to a particular MCN6 Holder;
- a FATCA withholding is required to be made in respect of any Ordinary Shares to be delivered as a result of Exchange; or
- MGL believes it is not permitted to issue some or all Ordinary Shares to a particular MCN6 Holder under any Australian or foreign law which limits or restricts the number of shares in MGL which a person may hold; then

MGL will use reasonable endeavours to appoint a Sale Agent and, if a Sale Agent is appointed then, subject to applicable law and provided that MGL, the Trustee and the Sale Agent are satisfied that the Ordinary Shares otherwise to be Exchanged may lawfully be issued and sold by the Sale Agent without having to take steps which any of MGL, the Trustee or Sale Agent regard as onerous, MGL will instead issue the relevant Ordinary Shares to the Sale Agent which will at the first reasonable opportunity sell the Ordinary Shares (together with Ordinary Shares of each other MCN6 Holder similarly affected) and pay to the relevant MCN6 Holder its proportionate share of the net proceeds actually received from the sale (after deducting applicable brokerage, stamp duty and other taxes, charges and expenses).

If MGL appoints a Sale Agent to receive the issue of, and sell, Ordinary Shares in relation to an Exchange event, the appointment of the Sale Agent is to the exclusion of the Trustee (unless the Trustee is appointed as Sale Agent). In other words, in such a situation, the Trustee will have no role in connection with the sale of the relevant Ordinary Shares or the distribution of the sale proceeds. Instead, the sale process will be conducted by the Sale Agent. Your personal information (such as your name, contact details, account details and identification information) will be given to the Trustee and Sale Agent for the purposes of the sale. None of MGL, the Trustee, the Sale Agent nor any other person will owe any duties or obligations under the MCN6 Terms or Trust Deed to MCN6 Holders in connection with the Ordinary Shares issued to, and sold by, the Sale Agent.

MGL, the Trustee and the Sale Agent give no assurance as to whether a sale will be achieved or the price at which it may be achieved and each have no liability to MCN6 Holders for any loss suffered as a result of the sale of Ordinary Shares. The issue of the Ordinary Shares to the Sale Agent will satisfy all obligations of MGL in respect to the MCN6.

In these circumstances the sale of Ordinary Shares is beyond the control of the MCN6 Holder and may disadvantage the individual MCN6 Holder and not coincide with their individual preferences or intended investment outcomes. The amount received in respect of this sale may be less than the investment of the MCN6 Holder.

If either or both of MGL and the Sale Agent is of the opinion that Ordinary Shares cannot be issued to the Sale Agent (or issue would require onerous steps to be taken) or otherwise to the MCN6 Holder within 5 Business Days of a Non-Viability Exchange Date, then the relevant MCN6 will be Written-Off.

In the case of an Exchange on any other date, if MGL or the Sale Agent is of the opinion that the issue of Ordinary Shares to the Sale Agent cannot be made in accordance with applicable laws (or would require onerous steps to be taken), the issue of Ordinary Shares is deferred and the relevant MCN6 remain on issue until the Ordinary Shares are issued or the relevant MCN6 Redeemed. However, six months after the Exchange Date the rights of the relevant MCN6 Holder cease, other than the right to receive any net proceeds of the sale of Ordinary Shares issued to the Sale Agent before that time.

4.1.18 Restrictions on rights and ranking in a Winding Up

MCN6 are issued by MGL under the terms of the Trust Deed (including the MCN6 Terms). An MCN6 Holder has no claim on MGL in respect of the MCN6 except as provided in the MCN6 Terms and in the Trust Deed. For further information on the relevant provisions of the Trust Deed see section 6.1.

MCN6 are unsecured and subordinated obligations of MGL. In the event of a Winding Up of MGL and assuming that MCN6 have not been Exchanged, Redeemed or Resold and are not required to be Written-Off due to a Non-Viability Event, MCN6 Holders will be entitled to claim for the Liquidation Amount of each MCN6 equal to \$100 for each MCN6. The claim for the Liquidation Amount ranks equally with Equal Ranking Obligations but is subordinated to Senior Creditors. If, on a Winding Up of MGL:

- there is a shortfall of funds to pay all amounts ranking senior to MCN6, MCN6 Holders will not receive any of the Liquidation Amount; and
- all amounts ranking senior to MCN6 have been paid but there is a shortfall of funds to pay all amounts ranking equally with MCN6, MCN6 Holders may not receive all (or any) of the Liquidation Amount.

If the MCN6 have been Exchanged (including following the occurrence of a Non-Viability Event), MCN6 Holders will hold Ordinary Shares and rank equally with other holders of Ordinary Shares in a Winding Up.

Where a Non-Viability Event occurs, if for any reason (for example due to applicable laws, order of a court or action of any government authority) Exchange of any MCN6 has not occurred within 5 Business Days following such an event, then those MCN6 are Written-Off (that is, the MCN6 Holder's rights (including to Distributions) in relation to those MCN6 are immediately and irrevocably terminated for no consideration with effect on and from the Non-Viability Exchange Date). The MCN6 Holder's investment will lose all of its value and the MCN6 Holder will not receive any Ordinary Shares or other compensation.

MCN6 may pay a higher rate of distribution than comparable securities and instruments which are not subordinated. However, there is a greater risk that an MCN6 Holder would lose some or all of their investment in MCN6 should MGL become insolvent or in a Winding Up of MGL. Where MCN6 are Written-Off, as Ordinary Shares will still be on issue, an MCN6 Holder is likely to be worse off than a holder of Ordinary Shares.

4.1.19 Other securities issued by MGL

MCN6 do not in any way restrict MGL from issuing further Ordinary Shares, other securities (including securities that rank equally with or ahead of the MCN6) or from incurring further debt. MGL's obligations under MCN6 are subordinate to Senior Creditors and obligations preferred by law. Accordingly, the obligations of MCN6:

- will not be satisfied unless MGL can satisfy in full all of its other obligations ranking senior to MCN6; and
- may not be satisfied in full unless MGL can also satisfy in full all of its other obligations ranking equally with MCN6,

and future issues of securities or debts by MGL may dilute the claim of MCN6 Holders or reduce the value of their investment or liquidity of MCN6. The future issue of such securities may be on terms such that they would be exchanged, converted or written-off other than on a proportionate basis with the MCN6 and affect the proportions of MCN6 Exchanged or Written-Off due to a Non-Viability Event.

An investment in MCN6 carries no right to participate in any future issue of securities of any kind issued by MGL.

No prediction can be made as to the effect, if any, which future issues of securities by MGL may have on the market price or liquidity of MCN6 or the likelihood of payments being made on MCN6.

An investment in MCN6 carries no right to be Redeemed or otherwise be repaid at the same time as MGL redeems or otherwise repays other securities.

4.1.20 Credit rating risk relating to securities

MGL's cost of funds, margins, access to capital markets and competitive position and other aspects of its performance may be affected by its credit ratings, including any long-term credit ratings (see section 4.2.1.6 for more information) or the ratings assigned to any class of its securities. Credit rating agencies may withdraw, revise or suspend credit ratings or change the

methodology by which securities are rated. Even though MCN6 will not be rated, such changes could adversely affect the market price, liquidity and performance of MCN6 or Ordinary Shares received on Exchange.

4.1.21 Regulatory treatment

MCN6 are Eligible Capital of MGL, which currently qualify as regulatory capital of MGL for APRA purposes.

A Regulatory Event may occur if the Issuer determines that, as a result a change in law or regulation or determination of APRA:

- any of the MCN6 are not eligible for inclusion as Eligible Capital;
- additional requirements in connection with the MCN6 would be imposed on MGL or the Macquarie Group which the Issuer determines in its absolute discretion might have a material adverse effect on MGL or otherwise be unacceptable; or
- to have any of the MCN6 outstanding would be unlawful or impractical or that MGL or the Macquarie Group would be exposed to a more than de minimis increase in its costs in connection with those MCN6.

If a Regulatory Event occurs, MGL may be entitled to Exchange, Resell or, with the written approval of APRA, Redeem MCN6.

As a consequence, Exchange, Redemption or Resale may occur at any time and at a time not previously contemplated by MCN6 Holders, which may disadvantage MCN6 Holders and not coincide with their individual preferences or intended investment outcomes. The rate of return at which MCN6 Holders may reinvest their funds or receive in connection with any Ordinary Shares, may be lower than the Distribution Rate on MCN6.

The choice of Exchange, Redemption or Resale when they are available, is entirely at the option of MGL. The choice of these actions (and consequently whether MCN6 Holders receive cash or Ordinary Shares) may be disadvantageous to MCN6 Holders and may not coincide with their individual preference or intended investment outcomes.

4.1.22 Tax consequences

A general outline of the tax consequences of investing in MCN6 for certain potential investors who are Australian residents for tax purposes is set out in the taxation summary in section 5.1. This summary is in general terms and is not intended to provide specific advice addressing the circumstances of any particular potential investor. Accordingly, potential investors should seek independent advice concerning their own individual tax position.

If a change is made or announced in a law or regulation, or a judicial decision, or an administrative pronouncement, ruling or challenge from a government authority which was not expected at the time of issue of MCN6, which has an adverse effect on MGL in the amount of taxes, assessments or other governmental charges in connection with MCN6, or affects the withholding treatment of MCN6 or whether any Distribution would be frankable, then a Tax Event may occur.

If a Tax Event occurs, MGL may be entitled to Exchange, Resell or, with the written approval of APRA, Redeem MCN6.

As a consequence, Exchange, Redemption or Resale may occur at any time and at a time not previously contemplated by MCN6 Holders, which may disadvantage MCN6 Holders and not coincide with their individual preferences or intended investment outcomes. The rate of return at which MCN6 Holders may reinvest their funds may be lower than the Distribution Rate on MCN6.

The choice of Exchange, Redemption or Resale when they are available, is entirely at the option of MGL. The choice of these actions (and consequently whether MCN6 Holders receive cash or Ordinary Shares) may be disadvantageous to MCN6 Holders and may not coincide with their individual preferences or intended investment outcomes.

If the corporate tax rate in Australia changes, the cash amount of Distributions and any associated franking credits may change.

4.1.23 Powers of APRA

Under the Banking Act, APRA has power to issue directions to MGL. These powers of APRA are broad and may be exercised to intervene in the performance of obligations and the exercise of rights under the MCN6 (see further section 4.2.2).

The Banking Act gives APRA extensive powers to facilitate the resolution of the entities that it regulates (and their subsidiaries) in times of distress. Powers given to APRA include oversight, management and directions powers in relation to MGL, MBL and other Macquarie Group members, and powers with respect to statutory management. The Banking Act also gives statutory recognition to provisions for the conversion or write-off of an instrument such as the MCN6.

In addition, APRA has powers to require the compulsory transfer of all or part of the business of MGL pursuant to the *Financial Sector (Transfer and Restructure) Act 1999* (Cth) ("**FSTR Act**"). This power arises in circumstances where APRA has decided to make a compulsory transfer of the business of, or shares in, MBL. A transfer under the FSTR Act overrides anything in any contract or agreement to which MGL is a party, including the MCN6 Terms.

These powers of APRA may be exercised in a way which adversely affects the ability of MGL to comply with its obligations in respect of the MCN6 (including in connection with the Exchange of MCN6), and this may adversely affect the position of MCN6 Holders.

4.1.24 Accounting standards

New, or amendments to existing, accounting standards issued by either the International Accounting Standards Board or Australian Accounting Standards Board may affect the reported earnings and financial position of MGL in future financial periods. This may adversely affect the ability of MGL to pay Distributions.

4.1.25 Shareholding limits

Various laws, including Chapter 6 of the Corporations Act, the Foreign Acquisition and Takeovers Act 1975, the *Financial Sector*

(*Shareholdings Act 1998* (Cth) (“**FSSA**”) and Part IV of the *Competition and Consumer Act 2010* (Cth) may restrict the number of Ordinary Shares that any person may hold. Mergers, acquisitions and divestments of Australian public companies listed on ASX (such as MGL) are regulated by detailed and comprehensive legislation and the rules and regulations of ASX.

The FSSA restricts ownership of MGL by people (together with their associates) to a 20% stake. A shareholder may apply to the Australian Federal Treasurer to extend their ownership beyond 20%, but approval will not be granted unless the Treasurer is satisfied that the holding is in the national interest.

MCN6 Holders should take care to ensure that their holding of MCN6 (and any Ordinary Shares that they could be Exchanged for) do not breach any applicable restrictions on ownership.

Where, on an Exchange, the issue of any Ordinary Shares to any particular MCN6 Holder (either directly or indirectly) is prevented by law, MGL may be unable to Exchange those MCN6 and they will be Written-Off.

4.1.26 FATCA withholding and information reporting

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (“**FATCA**”) impose a reporting regime and potentially a 30% withholding tax with respect to certain payments. The Australian Government and the US Government signed an intergovernmental agreement (“**IGA**”) in respect of FATCA on 28 April 2014, providing an alternative means for Australian financial institutions to comply with FATCA. Under the IGA, Australian financial institutions that may be involved in the MCN6 payment processes, such as custodians or nominees, may be required to provide the Australian Taxation Office (“**ATO**”) with information about investors. As such, certain information may be requested from MCN6 Holders or beneficial owners of MCN6 which may be provided to the ATO. MGL is not currently a foreign financial institution (“**FFI**”). MGL does not anticipate itself or any financial institutions involved in the payment processes being obliged to deduct any withholding for or on account of FATCA, but there can be no assurance that MGL or any relevant financial institution will not be required to deduct or withhold amounts on payments made to MCN6 Holders as a result of FATCA in the future.

If an amount was to be deducted or withheld in respect of FATCA from payments on MCN6 or deliveries of Ordinary Shares made in respect of MCN6, neither MGL nor any other person would, pursuant to the MCN6 Terms, be required to pay additional amounts as a result of the deduction or withholding. As a result, MCN6 Holders may receive less Distributions, principal or Ordinary Shares than expected.

FATCA is particularly complex. Investors should consult their own tax advisers to determine how these rules may apply to payments they will receive under MCN6, particularly if they are a U.S. person or have financial dealings with a U.S. person.

4.1.27 Common Reporting Standard

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information in Tax Matters (“**CRS**”) may

require financial institutions involved in the MCN6 payment processes, such as custodians or nominees, to report information regarding MCN6 to their local tax authority and follow related due diligence procedures. MCN6 Holders may be requested to provide certain information and certifications to ensure compliance with the CRS. The Australian Government has enacted legislation amending, among other things, the *Taxation Administration Act 1953* (Cth) to give effect to the CRS. The CRS applies to Australian financial institutions with effect from 1 July 2017.

4.1.28 Amendment of MCN6 Terms or Trust Deed

In certain circumstances, MGL may, with APRA’s prior written approval where required, amend the MCN6 Terms or Trust Deed without the approval of MCN6 Holders or the Trustee. These circumstances include where MGL is of the opinion that the amendments do not materially adversely affect the interests of the MCN6 Holders as a whole. In this instance, MGL must give at least 35 days’ prior notice of the proposed amendment to the Trustee. If the Trustee notifies MGL that the proposed amendment may be materially adverse to the interests of MCN6 Holders as a whole, the proposed amendment must be approved by an Ordinary Resolution. MGL may also, with APRA’s prior written approval where required, amend the MCN6 Terms or Trust Deed if the amendment has been approved by a Special Resolution of MCN6 Holders and the Trustee. Amendments under these arrangements are binding on all MCN6 Holders, despite the fact that an individual MCN6 Holder may not agree with the amendment, has voted against making the amendment or may be disadvantaged by the amendment.

MGL may also, with APRA’s prior written approval, amend the MCN6 Terms in circumstances where the Reference Rate ceases to be available and replace the Reference Rate with an alternative rate that MGL considers appropriate, and make certain other amendments to the MCN6 Terms. Such amendments could adversely affect the interests of MCN6 Holders.

APRA’s prior written approval of an amendment is required where the amendment may cause the MCN6 to cease to be Eligible Capital.

4.1.29 Design and distribution obligations and ASIC product intervention power

On 5 April 2019, the DDO Legislation was enacted. The DDO Legislation comprises the DDO Regime and Product Intervention Order Regime. The DDO Regime imposes additional obligations on MGL regarding the design and distribution of certain financial products offered to Retail Investors (including MCN6), and the Product Intervention Order Regime grants product intervention powers to ASIC if it believes significant consumer detriment may occur.

The obligations under the DDO Regime took effect from 5 October 2021. These obligations apply to the issue of MCN6 but do not apply to secondary market trading of MCN6.

The Product Intervention Order Regime gives ASIC a significant, proactive power to issue a product intervention order if it believes

that a financial product has resulted in or will, or is likely to, result in significant detriment to Retail Investors. It is uncertain whether ASIC would perceive there to be any significant consumer detriment in relation to MCN6 or similar securities. The Product Intervention Order Regime requires ASIC to undertake a consultation process before it makes a product intervention order.

The impact of these obligations and powers remains untested, however there is a risk that they may adversely impact the issue, distribution and reinvestment of financial products in the future, including instruments like MCN6. These changes may also affect the liquidity of funding instruments (including instruments like MCN6), if they lead to a material reduction in future issuance volumes or secondary trading activity by investors.

4.2 Risks associated with MGL and the Macquarie Group

The factors described below relate to an investment in MGL and the Macquarie Group.

Risks associated with MGL and the Macquarie Group are relevant to an investment in MCN6 because they may adversely affect MGL's ability to fulfil its obligations under the MCN6 Terms, the market value of MCN6 and the market value of, and any dividends paid on, Ordinary Shares issued on an Exchange of MCN6.

Risks may affect one or more of Macquarie Group's businesses.

4.2.1 Macro-economic risks

4.2.1.1 Global credit and market conditions

The Macquarie Group's business and results of operation have been and may, in the future, be adversely affected by financial markets, global credit and other economic conditions generally.

The Macquarie Group's businesses operate in and depend on the operation of global markets, including through exposures in securities, loans, derivatives and other activities. In particular, uncertainty and volatility in global credit markets, liquidity constraints, increased funding costs, the level and volatility of interest rates, constrained access to funding, fluctuations or other significant changes in capital market activity, supply chain disruptions and labour shortages have adversely affected and may again affect transaction flow in a range of industry sectors.

Actions taken by central banks, including changes to official interest rate targets, balance sheet management and government-sponsored lending facilities are beyond the Macquarie Group's control and difficult to predict. Sudden changes in monetary policy, for example in response to high inflation, could lead to financial market volatility and are likely to affect market interest rates and the value of financial instruments and other assets and liabilities, and can impact the Macquarie Group's customers.

The Macquarie Group's trading income may be adversely affected during times of subdued market conditions and client activity, and

increased market risk can lead to trading losses or cause the Macquarie Group to reduce the size of its trading businesses in order to limit its risk exposure. Market conditions, as well as declines in asset values, may cause the Macquarie Group's clients to transfer their assets out of the Macquarie Group's funds or other products or their brokerage accounts and result in reduced net revenues.

The Macquarie Group's funds management fee income, including base and performance fees, may be adversely affected by volatility in equity values and returns from its managed funds. The value and performance of the Macquarie Group's loan portfolio may also be adversely affected by deteriorating economic conditions.

The Macquarie Group's returns from asset sales may also decrease if economic conditions deteriorate. In addition, if financial markets decline, revenues from the Macquarie Group's products are likely to decrease. In addition, increases in volatility increase the level of the Macquarie Group's risk weighted assets and increase the Macquarie Group's capital requirements. Increased capital requirements may require the Macquarie Group to raise additional capital at a time, and on terms, which may be less favourable than the Macquarie Group would otherwise achieve during stable market conditions.

Sudden declines and significant volatility in the prices of assets may substantially curtail or eliminate the trading markets for certain assets, which may make it very difficult to sell, hedge or value such assets. The inability to sell or effectively hedge assets reduces the Macquarie Group's ability to limit losses in such positions and difficulty in valuing assets may negatively affect the Macquarie Group's capital, liquidity or leverage ratios, increase funding costs and generally require the Macquarie Group to maintain additional capital.

The commercial soundness of many financial institutions may be closely interrelated as a result of credit, trading, clearing or other relationships among financial institutions. Concerns about, or a default by, one or more institutions or by a sovereign could lead to market-wide liquidity problems, losses or defaults by other institutions, financial instruments losing their value and liquidity, and interruptions to capital markets that may further affect the Macquarie Group. This is sometimes referred to as "systemic risk" and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms, hedge funds and exchanges that Macquarie Group interacts with on a daily basis. If any of the Macquarie Group's counterpart financial institutions fail, the Macquarie Group's financial exposures to that institution may lose some or all of their value. Any of these events would have a serious adverse effect on the Macquarie Group's liquidity, profitability and value.

4.2.1.2 Foreign exchange risk

Changes and increased volatility in currency exchange rates may adversely impact the Macquarie Group's financial results and its financial and regulatory capital positions.

While the Macquarie Group's consolidated financial statements are presented in Australian dollars, a significant portion of the Macquarie Group's operating income is derived, and operating expenses are incurred, from its offshore business activities, which are conducted in a broad range of currencies. Changes in the rate at which the Australian Dollar is translated from other currencies can impact the Macquarie Group's financial statements and the economics of its business.

Although the Macquarie Group seeks to carefully manage its exposure to foreign currencies, in part through matching of assets and liabilities in local currencies and through the use of foreign exchange forward contracts to hedge its exposure, the Macquarie Group is still exposed to exchange risk. Insofar as the Macquarie Group is unable to hedge or has not completely hedged its exposure to currencies other than the Australian Dollar, the Macquarie Group's earnings, funding position or regulatory capital position could be affected. As well as potentially impacting the reported profit and foreign currency translation reserve, this could also impact the Macquarie Group's funding costs and adversely affect the Macquarie Group's ability to fund and grow its business as well as potentially requiring additional capital to be raised and impacting the competitiveness of its businesses. In addition, because the Macquarie Group's regulatory capital position is assessed in Australian dollars, their capital ratios may be adversely impacted by a depreciating Australian Dollar, which increases the capital requirement for assets denominated in currencies other than Australian dollars.

4.2.1.3 Other market, asset and interest rate risk

The Macquarie Group's businesses are subject to the risk of loss associated with price volatility in the equity and other markets in which they operate.

The Macquarie Group's businesses are exposed to changes in the value of financial instruments and other financial assets that are carried at fair market value, as well as changes to the level of their advisory and other fees, due to changes in interest rates, exchange rates, equity and commodity prices and credit spreads and other market risks. These changes may result from changes in economic conditions, monetary and fiscal policies, market liquidity, availability and cost of capital, international and regional political events, acts of war or terrorism, corporate, political or other scandals that reduce investor confidence in capital markets, natural disasters or pandemics or a combination of these or other factors.

The Macquarie Group trades in foreign exchange, interest rate, commodity, bullion, energy, securities and other markets and is an active price maker in the derivatives market. Certain financial instruments that MGL and/or the Macquarie Group holds and contracts to which it is a party are complex and these complex structured products often do not have readily available markets to access in times of liquidity stress. The Macquarie Group may incur losses as a result of volatility in market prices for products the Macquarie Group trades, which decreases the valuation of its trading and investment positions, including its interest rate and credit products, currency, commodity and equity positions. In

addition, reductions in equity market prices or increases in interest rates may reduce the value of their clients' portfolios, which in turn may reduce the fees the Macquarie Group earns for managing assets in certain parts of their business. Increases in interest rates or attractive prices for other investments could cause the Macquarie Group's clients to transfer their assets out of its funds or other products. A number of these markets, and in particular the energy markets, have experienced increased levels of volatility as a result of uncertainty related to ongoing recent developments, including the COVID-19 pandemic and the Russia-Ukraine conflict.

Interest rate benchmarks around the world (for example, the London Interbank Offered Rate or "LIBOR") have been subject to regulatory scrutiny and reform and are subject to change. The transition away from and discontinuance of LIBOR or any other benchmark rate and the adoption of alternative reference rates ("ARR") by the market introduce a number of risks for the Macquarie Group, its clients, and the financial services industry more widely. These include, but are not limited to:

- *Conduct risks* – where Macquarie's management of the transition may lead to customer complaints, regulatory sanctions or reputational impact.
- *Legal and execution risks* – relating to documentation changes required for new ARR products and for the transition of legacy contracts to ARRs and legal proceedings or other actions regarding the interpretation and enforceability of provisions in IBOR-based contracts
- *Financial risks and pricing risks* – arising from any changes in the pricing mechanisms of impacted financial instruments.
- *Operational risks* – due to the potential need for the Macquarie Group, its customers and the market to adapt IT systems, operational processes and controls to accommodate one or more ARRs for a large volume of trades.

Further, interest rate risk arises from a variety of sources, including mismatches between the repricing periods of assets and liabilities. As a result of these mismatches, movements in interest rates can affect earnings or the value of the Macquarie Group.

4.2.1.4 Funding constraints of investors and clients

The Macquarie Group generates a portion of its income from the sale of assets to third parties, including its funds. If buyers are unable to obtain financing to purchase assets that the Macquarie Group currently holds or purchases with the intention to sell in the future, the Macquarie Group may be required to hold investment assets for longer than intended or sell these assets at lower prices than it historically would have expected to achieve, which may lower its rate of return on these investments and require funding for periods longer than anticipated.

In addition, the Non-Bank Group has historically derived a portion of its income from mergers and acquisitions advisory fees which are typically paid upon completion of a transaction. Clients that engage in mergers and acquisitions often rely on access to credit

markets to finance their transactions. The lack of available credit and the increased cost of credit may adversely affect the size, volume and timing of the Macquarie Group's clients' merger and acquisition transactions, particularly large transactions, and may also adversely affect the Macquarie Group's financial advisory and underwriting businesses.

4.2.1.5 Capital adequacy

The Macquarie Group seeks to maintain capital levels to ensure it can achieve strategic plans and objectives, manage the risks to which it is exposed, absorb unexpected losses and meet market expectations of capital levels. The Macquarie Group is required to maintain minimum levels determined by the risk profile of its operations and within the frameworks by which it is regulated. If the Macquarie Group fails to hold sufficient capital, including as a result of unexpected events affecting its business, operations and financial condition, there may be an increased risk of regulatory intervention in the operation of the business, and ultimately a greater risk of non-viability and insolvency. Reduced capital adequacy levels in MBL or MGL could also restrict those entities' ability to pay dividends or distributions.

Many of the capital frameworks that the Macquarie Group operates under have been recently reviewed or are currently under review. Changes to these frameworks can require the Macquarie Group to hold more capital and have an adverse impact on the Macquarie Group.

4.2.1.6 Credit ratings

Failure of the Macquarie Group to maintain their credit ratings and those of its subsidiaries could adversely affect their cost of funds, liquidity, competitive position and access to capital markets.

The credit ratings assigned to MGL and certain of its subsidiaries by rating agencies are based on an evaluation of a number of factors, including the relevant entity's ability to maintain a stable and diverse earnings stream, strong capital ratios, strong credit quality and risk management controls, funding stability and security, disciplined liquidity management and its key operating environments, including the availability of systemic support in Australia. In addition, a credit rating downgrade could be driven by the occurrence of one or more of the other risks identified in this section or by other events that are not related to the Macquarie Group.

If these Macquarie Group entities fail to maintain their current credit ratings, this could (i) adversely affect the Macquarie Group's cost of funds and related margins, liquidity, competitive position, the willingness of counterparties to transact with the Macquarie Group and its ability to access capital markets or (ii) trigger the Macquarie Group's obligations under certain bilateral provisions in some of their trading and collateralised financing contracts. Under these provisions, counterparties could be permitted to terminate contracts with the Macquarie Group or require it to post additional collateral. Termination of a Macquarie Group entity's trading and collateralised financing contracts could cause them to sustain losses and impair their

liquidity by requiring them to find other sources of financing or to make significant cash payments or securities movements.

4.2.1.7 Global economic, market and business risks with respect to the COVID-19 pandemic.

The COVID-19 pandemic has caused, and will likely continue to cause, severe impacts on global, regional and national economies and disruption to international trade and business activity. Governments worldwide, including in Australia, enacted emergency measures to combat the spread of the virus, including wide ranging restrictions on, suspensions of, or advice against, regional and international travel, gatherings of groups of people, as well as prolonged closures of workplaces and many other normal activities, all of which have had, and may continue to have, a substantial negative impact on economic and business activity due to a range of factors. While financial markets have rebounded from the significant declines that occurred early in the pandemic, certain circumstances that arose or became more pronounced after the onset of the COVID-19 pandemic have persisted, including (i) relatively weak consumer confidence; (ii) elevated levels of market volatility; (iii) yields on government bonds which, at times, were near zero; (iv) ongoing heightened credit risk with regard to industries that have been most severely impacted by the pandemic; (v) higher cyber security, information security and operational risks as a result of hybrid work arrangements; and (vi) interruptions in the supply chain that have adversely affected many businesses and have contributed to higher rates of inflation. This may in turn reduce the level of activity in sectors in which certain of the Macquarie Group's businesses operate and thus have a negative impact on such businesses' ability to generate revenues or profits.

Governments and central banks around the world have taken increased measures to stabilise the financial markets and support economic growth. If the COVID-19 pandemic is prolonged and/or actions of governments and central banks are unsuccessful in mitigating the economic disruption, the negative impact on global growth and global financial markets could be amplified, and may lead to recessions in national, regional or global economies.

The Macquarie Group continues to closely monitor the pandemic and related risks as they evolve globally and domestically. The impact of COVID-19 on the economy and the Macquarie Group's personnel and operations is highly uncertain and cannot be predicted and will depend on the magnitude and duration of the pandemic, the emergence and spread of variants of COVID-19, the prevalence of escalating rates of infection in various jurisdictions, the availability, adoption and efficacy of treatments and vaccines, future actions taken by government authorities, central banks and other third parties in response to the pandemic. All these factors may lead to further reduced client activity and demand for the Macquarie Group's products and services, higher credit and valuation losses in Macquarie Group loan and investment portfolios, impairments of financial assets, trading losses and other negative impacts on the Macquarie Group's financial position, including possible constraints on capital and liquidity, as well as higher costs of capital, and

possible changes or downgrades to the Macquarie Group's credit ratings. If conditions deteriorate or remain uncertain for a prolonged period, the Macquarie Group's funding costs may increase and its ability to replace maturing liabilities may be limited, which could adversely affect the Macquarie Group's ability to fund and grow its business. This may adversely impact the Macquarie Group's results of operations and financial condition.

4.2.1.8 Climate change risk

The Macquarie Group's businesses could suffer losses due to climate change. Climate change is systemic in nature and is a significant long-term driver of both financial and non-financial risks. Climate change related impacts include physical risks from changing climatic conditions which could result from increased frequency and/or severity of adverse weather events. Such disasters could disrupt the Macquarie Group's operations or the operations of customers or third parties on which it relies. Additionally, climate change could result in transition risks such as changes to laws and regulations, technology development and disruptions and changes in consumer and market preferences towards low carbon goods and services. These factors could restrict the scope of the Macquarie Group's existing businesses, limit its ability to pursue certain business activities and offer certain products and services, amplify credit and market risks, negatively impact asset values and/or otherwise adversely impact the Macquarie Group, its business or its customers.

As part of the Macquarie Group's commodities business, it purchases and sells certain physical commodities, arrange for their storage and transport, and engages in market making of commodities. These activities subject the Macquarie Group to extensive and evolving federal, state and local energy, environmental, and other governmental laws and regulations worldwide. Additionally, rising climate change concerns have led to additional regulation that could increase the operating costs and adversely affect the profitability of certain of the Macquarie Group's investments.

The Macquarie Group's response to climate change, its climate strategies, policies and disclosure, and/or its ability to achieve its climate-related goals and commitments (which are subject to risks and uncertainties, many of which are outside of its control) may affect Macquarie Group's performance and could have wide-ranging impacts for the Macquarie Group. These include, but are not limited to, impacts on the probability of default and losses arising from defaults, asset valuations and collateral, may result in litigation, regulatory scrutiny and/or action, negative publicity or other reputational harm, reduced investor and stakeholder confidence or could prompt the Macquarie Group to exit certain businesses altogether. Failure to effectively manage these risks could adversely affect the Macquarie Group's business, prospects, reputation, financial performance or financial condition.

4.2.1.9 Risk resulting from, and being amplified by, the conflict in Ukraine

The actions by Russia in the conflict with Ukraine, and any further measures taken by the U.S. or its allies, could have negative impacts on regional and financial markets and economic conditions. The actions of market participants in response to the Russia-Ukraine conflict have also resulted in substantial volatility in the global commodity markets. Growing concerns about energy availability have pushed prices higher across a range of commodities. Given that global energy security poses a threat to financial stability, a disorderly transition from Russian oil and gas supplies may magnify risks to the financial system.

Additionally, as a result of the ongoing Russia-Ukraine conflict, the current sanctions environment remains dynamic and rapidly evolving. Sanctions and export controls (including Western sanction programs against China and Chinese reaction and sanctions in relation to human rights issues) could adversely affect the Macquarie Group's business activities and investments in sanctioned jurisdictions, as well as expose it to compliance risk, complexity in applying control frameworks across the market and reputational harm.

4.2.2 Legal and regulatory risks

4.2.2.1 Change in laws, regulation and regulatory policy

Many of the Macquarie Group's businesses are highly regulated and they could be adversely affected by temporary and permanent changes in law, regulations and regulatory policy.

The Macquarie Group operates various kinds of businesses across multiple jurisdictions or sectors, which are regulated by more than one regulator. Additionally, some members of the Macquarie Group own or manage assets and businesses that are regulated. The Macquarie Group's businesses include an ADI in Australia (regulated by APRA), a credit institution in Ireland, bank branches in the United Kingdom, the Dubai International Finance Centre and Singapore, and representative offices in the United States, New Zealand, South Africa, Brazil and Switzerland. The regulations vary from country to country but generally are designed to protect depositors and the banking system as a whole, not holders of MGL's securities or creditors. In addition, as a diversified financial institution, many of the Macquarie Group's businesses are subject to financial services regulation other than prudential banking regulation, as well as laws, regulations and oversight specific to the industries applicable to the Macquarie Group's businesses and assets.

Regulatory agencies and governments frequently review and revise banking and financial services laws, security and competition laws, fiscal laws and other laws, regulations and policies, including fiscal policies. Changes to laws, regulations or policies, including changes in interpretation or implementation of laws, regulations or policies, could substantially affect the Macquarie Group or its businesses, the products and services the Macquarie Group offers or the value of their assets, or have unintended consequences or impacts across the Macquarie

Group's business. These may include changing required levels of liquidity and capital adequacy, increasing tax burdens generally or on financial institutions or transactions, limiting the types of financial services and products that can be offered and/or increasing the ability of other providers to offer competing financial services and products, as well as changes to prudential regulatory requirements. Global economic conditions and increased scrutiny of the culture in the banking sector have led to increased supervision and regulation, as well as changes in regulation in the markets in which the Macquarie Group operates and may lead to further significant changes of this kind. Health, safety and environmental laws and regulations can also change rapidly and significantly. The occurrence of any adverse health, safety or environmental event, or any changes, additions to, or more rigorous enforcement of, health, safety and environmental standards could have a significant impact on operations and/or result in material expenditures.

In some countries in which Macquarie Group does business or may in the future do business, in particular in emerging markets, the laws and regulations applicable to the financial services industry are uncertain and evolving, and it may be difficult for the Macquarie Group to determine the requirements of local laws in every market. The Macquarie Group's inability to remain in compliance with local laws in a particular market could have a significant and negative effect not only on its businesses in that market but also on its reputation generally.

In addition, regulation is becoming increasingly extensive and complex and some areas of regulatory change involve multiple jurisdictions seeking to adopt a coordinated approach or certain jurisdictions seeking to expand the territorial reach of their regulation. The nature and impact of future changes are unpredictable, beyond the Macquarie Group's control and may result in potentially conflicting requirements, resulting in additional legal and compliance expenses and changes to their business practices that adversely affect their profitability.

MGL is regulated by APRA as a NOHC. APRA may introduce new prudential regulations or modify existing regulations, including those that apply to MGL as a NOHC. Any such event could result in changes to the organisational structure of Macquarie Group and adversely affect the Macquarie Group.

MGL is a holding company and many of its subsidiaries, including its broker-dealer and bank subsidiaries, such as MBL, are subject to laws that authorise regulatory bodies to block or reduce the flow of funds from those subsidiaries to MGL. Restrictions or regulatory action of that kind could impede access to funds that MGL needs to make payments on its obligations, including debt obligations, or dividend payments. In particular, the availability of MBL's funding to meet the obligations of MGL or the Non-Bank Group is subject to regulatory restrictions.

4.2.2.2 Financial crime risk

The Macquarie Group are subject to the risk of loss as a result of not complying with laws governing financial crime, including sanctions.

The Macquarie Group is subject in its operations worldwide to laws and regulations relating to corrupt and illegal payments, counter-terrorism financing, anti-bribery and corruption and adherence to anti-money laundering obligations, as well as laws, sanctions and economic trade restrictions relating to doing business with certain individuals, groups and countries ("**AML/CTF laws**"). The geographical diversity of its operations, employees, clients and customers, as well as the vendors and other third parties that it deals with, increases the risk that a member of the Macquarie Group may be found in violation of AML/CTF laws. Emerging financial crime risk typologies could also limit the Macquarie Group's ability to track the movement of funds thereby heightening the risk of breaching AML/CTF laws. The Macquarie Group's ability to comply with AML/CTF laws is dependent on its detection and reporting capabilities, control processes and oversight accountability.

Any violation of AML/CTF laws could subject the Macquarie Group to significant penalties, revocation, suspension, restriction or variation of conditions of operating licenses, adverse reputational consequences, litigation by third parties (including potentially class actions) or limitations on its ability to do business.

4.2.2.3 Increased governmental and regulatory scrutiny or negative publicity.

Governmental scrutiny from regulators, legislative bodies and law enforcement agencies with respect to matters relating to the financial services sector generally, and Macquarie Group's business operations, capital, liquidity, financial and non-financial risk management and other matters, has increased dramatically in recent years. The political and public sentiment regarding financial institutions has resulted in a significant amount of adverse press coverage, as well as adverse statements or charges by regulators or other government officials, and in some cases, to increased regulatory scrutiny, enforcement actions and litigation. Responding to and addressing such matters, regardless of the ultimate outcome, is time-consuming, expensive, can adversely affect investor confidence and can divert the time and effort of the Macquarie Group's staff (including senior management) from their business.

Investigations, inquiries, penalties and fines sought by regulatory authorities have increased substantially over the last several years, with regulators exercising their enhanced enforcement powers in commencing enforcement actions or with advancing or supporting legislation targeted at the financial services industry. If the Macquarie Group is subject to adverse regulatory findings, the financial penalties could have a material adverse effect on its results of operations. Adverse publicity, governmental scrutiny and legal and enforcement proceedings can also have a negative impact on the Macquarie Group's reputation with clients and on the morale and performance of its employees.

4.2.2.4 Litigation and regulatory actions

The Macquarie Group may, from time to time, be subject to material litigation and regulatory actions, for example, as a result of inadequate documentation of contractual relationships, class

actions or regulatory breaches, which, if settled or determined adversely to the Macquarie Group, may adversely impact upon its results of operations and financial condition in future periods or its reputation. The Macquarie Group entities regularly obtain legal advice and make provisions, as deemed necessary. There is a risk that any losses may be larger than anticipated or provided for or that additional litigation, regulatory actions or other contingent liabilities may arise. Furthermore, even where monetary damages may be relatively small, an adverse finding in a regulatory or litigation matter could harm the Macquarie Group's reputation or brand, thereby adversely affecting its business.

4.2.2.5 Counterparty credit risk

Failure of third parties to honour their commitments in connection with the Macquarie Group's trading, lending and other activities, including funds that it manages, may adversely impact its business.

The Macquarie Group is exposed to the potential for credit-related losses as a result of an individual, counterparty or issuer being unable or unwilling to honour its contractual obligations. The Macquarie Group is also exposed to potential concentration risk arising from large individual exposures or groups of exposures. Like any financial services organisation, the Macquarie Group assumes counterparty risk in connection with its lending, trading, derivatives and other businesses where it relies on the ability of third parties to satisfy their financial obligations to it on a timely basis. The Macquarie Group's recovery of the value of the resulting credit exposure may be adversely affected by a number of factors, including declines in the financial condition of the counterparty, the value of property it may hold as collateral and the market value of the counterparty instruments and obligations it holds. Credit losses can and have resulted in financial services organisations realising significant losses and in some cases failing altogether. The Macquarie Group is also subject to the risk that its rights against third parties may not be enforceable in all circumstances. The Macquarie Group's inability to enforce its rights may result in losses.

4.2.2.6 Impairments in loans, investments, funds management assets and other assets

The Macquarie Group may experience write-downs of their funds management assets, impairments in loans, investments and other non-financial assets. Further credit and other impairments and provisions may be required in future periods if the market value of assets similar to those held were to decline. Credit and other impairment charges may also vary following a change to the inputs or forward looking information used in the determination of expected credit losses.

Sudden declines and significant volatility in the prices of assets may substantially curtail or eliminate the trading markets for certain assets, which may make it very difficult to sell, hedge or value such assets. The inability to sell or effectively hedge assets reduces the Macquarie Group's ability to limit losses in such positions and the difficulty in valuing assets may negatively affect their capital, liquidity or leverage ratios, increase their

funding costs and generally require them to maintain additional capital.

In addition, market volatility impacts the value of the Macquarie Group's funds. Future valuations, in light of factors then prevailing, may result in further impairments to the Macquarie Group's investments in its funds. At the time of any sale of the Macquarie Group's investments in its funds, the price it ultimately realises will depend on the demand in the market at the time and may be materially lower than their current market value. Any of these factors could require the Macquarie Group to make further write-downs on their investments in their funds management assets and other investments and assets, which may be significant and may have an adverse effect on their businesses, prospects, results of operations and financial condition in future periods.

4.2.3 Operational risks

4.2.3.1 Staff recruitment and retention

The Macquarie Group's ability to retain and attract qualified employees is critical to the success of its business and the failure to do so may materially adversely affect its ability to operate its businesses efficiently and profitably, and to maintain an effective risk management framework.

The Macquarie Group's employees are its most important resource, and its performance largely depends on the talents and efforts of highly skilled individuals. The Macquarie Group's continued ability to compete effectively in its business and to expand into new business areas and geographic regions depends on its ability to retain and motivate its existing employees and attract new employees. Competition from within the financial services industry and from businesses outside the financial services industry, such as professional service firms, hedge funds, private equity funds and venture capital funds, for qualified employees has historically been intense. Recent employment conditions associated with the pandemic have made the competition to hire and retain qualified employees significantly more challenging.

In order to attract and retain qualified employees, the Macquarie Group must compensate such employees at or above market levels. Typically, those levels have caused employee remuneration to be the Macquarie Group's greatest expense as its performance-based remuneration has historically been cash and equity based and highly variable. Recent market events have resulted in increased regulatory and public scrutiny of corporate remuneration policies and the establishment of criteria against which industry remuneration policies may be assessed. As a regulated entity, MGL may be subject to limitations on remuneration practices (which may or may not affect its competitors). These limitations may require the Macquarie Group to further alter its remuneration practices in ways that could adversely affect its ability to attract and retain qualified and talented employees.

Current and future laws (including laws relating to immigration and outsourcing) may restrict the Macquarie Group's ability to

move responsibilities or personnel from one jurisdiction to another. This may impact the Macquarie Group's ability to take advantage of business and growth opportunities or potential efficiencies.

The Macquarie Group's operations could be impaired if the measures it takes to ensure the health and safety of its employees are ineffective, or if any external party on which it relies fails to take appropriate and effective actions to protect the health and safety of its employees.

4.2.3.2 Operational and process failure risk

The Macquarie Group may incur financial loss, adverse regulatory consequences or reputational damage due to inadequate or failed internal or external operational systems and infrastructures, people and processes.

The Macquarie Group's businesses depend on their ability to process and monitor, on a daily basis, a very large number of transactions, many of which are highly complex, across numerous and diverse markets in many currencies. While the Macquarie Group employs a range of risk monitoring and risk mitigation techniques, those techniques and the judgments that accompany their application cannot anticipate every economic and financial outcome or the specifics and timing of such outcomes. As such, the Macquarie Group may, in the course of its activities, incur losses. There can be no assurance that the risk management processes and strategies that the Macquarie Group has developed will adequately anticipate or be effective in addressing market stress or unforeseen circumstances.

As the Macquarie Group's client base, business activities and geographical reach expands, developing and maintaining their operational systems and infrastructure becomes increasingly challenging. The Macquarie Group must continuously update these systems to support its operations and growth, which may entail significant costs and risks of successful integration. The Macquarie Group's financial, accounting, data processing or other operating systems and facilities may fail to operate properly or become disabled as a result of events that are wholly or partially beyond their control, such as a spike in transaction volume or disruption in internet services provided by third parties.

The Macquarie Group's businesses manage a large volume of sensitive data and rely on the secure processing, transmission, storage and retrieval of confidential, proprietary and other information in its data management systems and technology, and in those managed, processed and stored by third parties on behalf of it. Inadequate data management and data quality, which include the capture, processing, distribution, retention and disposal of data, could lead to poor decision making in the provision of credit as well as affecting its data management regulatory obligations, all of which may cause the Macquarie Group to incur losses or lead to regulatory actions.

The Macquarie Group is exposed to the risk of loss resulting from human error, the failure of internal or external processes and systems, such as from the disruption or failure of IT systems, or from external suppliers and service providers, including cloud-

based outsourced technology platforms, or external events. Such operational risks may include theft and fraud, failure to effectively implement employment practices and inadequate workplace safety, improper business practices, mishandling of client moneys or assets, client suitability and servicing risks, product complexity and pricing, and valuation risk or improper recording, evaluating or accounting for transactions or breaches of their internal policies and regulations. There is increasing regulatory and public scrutiny concerning outsourced and offshore activities and their associated risks, including, for example, the appropriate management and control of confidential data. If the Macquarie Group fails to manage these risks appropriately, it may incur financial losses and/or regulatory intervention and penalties, and its reputation and ability to retain and attract clients may be adversely affected.

The Macquarie Group is also exposed to the risk of loss resulting from the actions, inactions of its employees, contractors and external service providers. Conduct risks can arise from human errors, lack of reasonable care and diligence exercised or intentional malfeasance and other misconduct, including the misuse of client information in connection with insider trading or for other purposes, even if promptly discovered and remediated, can result in reputational damage and material losses and liabilities for the Macquarie Group.

There have been a number of highly publicised cases around the world involving actual or alleged fraud or other misconduct by employees in the financial services industry in recent years. It is not always possible to deter or prevent employee misconduct and the precautions the Macquarie Group takes to prevent and detect this activity may not be effective in all cases, which could result in financial losses, regulatory intervention and reputational damage.

The Macquarie Group also faces the risk of operational failure, termination or capacity constraints of any of the counterparties, clearing agents, exchanges, clearing houses or other financial intermediaries the Macquarie Group uses to facilitate its securities or derivatives transactions, and as the Macquarie Group's interconnectivity with their clients and counterparties grows, the risk to the Macquarie Group of failures in its clients' and counterparties' systems also grows. Any such failure, termination or constraint could adversely affect the Macquarie Group's ability to effect or settle transactions, service its clients, manage its exposure to risk, meet its obligations to counterparties or expand its business or result in financial loss or liability to its clients and counterparties, impairment of its liquidity, disruption of its businesses, regulatory intervention or reputational damage.

4.2.3.3 Cyber and information security risk

The Macquarie Group's operations rely on its ability to maintain appropriately staffed workforces, and on the competence, trustworthiness, health and safety of employees.

A cyber-attack, information or security breach, or a technology failure of the Macquarie Group or of a third party could adversely affect their ability to conduct their business, manage their

exposure to risk or expand their businesses, result in the disclosure or misuse of confidential or proprietary information, and increase their costs to maintain and update their operational and security controls and infrastructure.

The Macquarie Group's businesses depend on the security and efficacy of its data management systems and technology, as well as those of third parties with whom it interacts or on whom it relies. To access its network, products and services, its customers and other third parties may use personal mobile devices or computing devices that are outside of its network environment and are subject to their own cyber security risks. While the Macquarie Group seeks to operate in a control environment that limits the likelihood of a cyber and information security incident, and to ensure that the impact of a cyber and information security incident can be minimised by information security capability and incident response, there can be no assurances that the Macquarie Group's security controls will provide absolute security against a changing external threat environment.

Cyber and information security risks for financial institutions have increased in recent years, in part because of the proliferation of new technologies, the use of internet and telecommunications technology, and the increased sophistication and activities of attackers (including hackers, organised criminals, terrorist organisations, hostile foreign governments, disgruntled employees or vendors, activists and other external parties, including those involved in corporate espionage). Targeted social engineering attacks are becoming more sophisticated and are extremely difficult to prevent. The techniques used by hackers change frequently, may not be recognised until launched and may not be recognised until well after a breach has occurred.

Additionally, the existence of cyber-attacks or security breaches at third parties with access to Macquarie Group's data, such as vendors, may not be disclosed to the Macquarie Group in a timely manner.

Despite efforts to protect the integrity of the Macquarie Group's systems through the implementation of controls, processes, policies and other protective measures, it may not be able to prevent all security breaches.

As a result of increasing consolidation, interdependence and complexity of financial entities and technology systems, a technology failure, cyber-attack or other information or security breach that significantly degrades, deletes or compromises the systems or data of one or more financial entities could have a material impact on counterparties or other market participants, including the Macquarie Group. This consolidation, interconnectivity and complexity increases the risk of operational failure, on both individual and industry-wide bases, as disparate systems need to be integrated, often on an accelerated basis. Any third-party technology failure, cyber-attack or other information or security breach, termination or constraint could, among other things, adversely affect the Macquarie Group's ability to effect transactions, service its clients, manage its exposure to risk or expand its businesses.

The Macquarie Group anticipates cyber-attacks will continue to occur because perpetrators are well resourced, deploying highly sophisticated techniques that can evolve rapidly. This challenges the Macquarie Group's ability to implement effective controls measures to prevent or minimise damage that may be caused by all information security threats. Cyber-attacks or other information or security breaches, whether directed at the Macquarie Group or third parties, may result in a material loss or have adverse consequences for the Macquarie Group, including operational disruption, financial losses, reputational damage, theft of intellectual property and customer data, violations of applicable privacy laws and other laws, litigation exposure, regulatory fines, penalties or intervention, loss of confidence in its security measures and additional compliance costs, all of which could have a material adverse impact on the Macquarie Group.

4.2.3.4 Environmental and social risk

The Macquarie Group could suffer losses due to hostile, catastrophic or unforeseen events, including due to environmental and social factors.

The Macquarie Group is subject to the risk of unforeseen, hostile or catastrophic events, many of which are outside of its control, including natural disasters, extreme weather events (such as persistent winter storms or protracted droughts), leaks, spills, explosions, release of toxic substances, fires, accidents on land or at sea, terrorist attacks, military conflict including the current conflict between Russia and Ukraine, or other hostile or catastrophic events. Any significant environmental change or external event (including increased frequency and severity of storms, floods and other catastrophic events such as earthquake, pandemic (such as COVID-19), other widespread health emergencies, civil unrest, geopolitical or terrorism events) has the potential to disrupt business activities, impact the Macquarie Group's operations or reputation, increase credit risk and other credit exposures, damage property and otherwise affect the value of assets held in the affected locations and the Macquarie Group's ability to recover amounts owing to it.

The occurrence of any such events may prevent the Macquarie Group from performing under agreements with clients, may impair operations or financial results, and may result in litigation, regulatory action, negative publicity or other reputational harm. The Macquarie Group may also not be able to obtain insurance to cover some of these risks and the insurance that the Macquarie Group have may be inadequate to cover any losses. Any such long-term, adverse environmental or social consequences could prompt the Macquarie Group to exit certain businesses altogether. In addition, such an event or environmental change (as the case may be) could have an adverse impact on economic activity, consumer and investor confidence, or the levels of volatility in financial markets.

The Macquarie Group also face increasing public scrutiny, laws and regulations related to environmental and social factors. The Macquarie Group risk damage to its brand and reputation if it fails to act responsibly in a number of areas, such as diversity and

inclusion, environmental stewardship, support for local communities, corporate governance and transparency and considering environmental and social factors (including human rights breaches such as modern slavery) in its investment and procurement processes. Failure to effectively manage these risks may result in breaches of the Macquarie Group's statutory obligations, and could adversely affect its business, prospects, reputation, financial performance or financial condition.

4.2.3.5 Insurance risk

Failure of the Macquarie Group's insurance carriers or its failure to maintain adequate insurance cover could adversely impact its results of operations.

The Macquarie Group maintains insurance that it considers to be prudent for the scope and scale of its activities. If the Macquarie Group's insurance carriers fail to perform their obligations to the Macquarie Group and/or its third-party cover is insufficient for a particular matter or group of related matters, its net loss exposure could adversely impact its results of operations.

4.2.3.6 Custodian Risk

The Macquarie Group is subject to risks in using custodians.

Certain products the Macquarie Group manage depend on the services of custodians to carry out certain securities transactions. In the event of the insolvency of a custodian, the Macquarie Group might not be able to recover equivalent assets in full as they will rank among the custodian's unsecured creditors. In addition, the cash held with a custodian in connection with these products will not be segregated from the custodian's own cash, and the creditors of these products will therefore rank as unsecured creditors in relation to the cash they have deposited.

4.2.4 Strategic risks

The Macquarie Group's business may be adversely affected by a failure to adequately manage the risks associated with strategic opportunities and new businesses, including acquisitions, and the exiting or restructuring of existing businesses.

The Macquarie Group is continually evaluating strategic opportunities and undertaking acquisitions of businesses, some of which may be material to their operations. The Macquarie Group's completed and prospective acquisitions and growth initiatives may cause it to become subject to unknown liabilities of the acquired or new business, and additional or different regulations.

Future growth, including through acquisitions, mergers and other corporate transactions, may place significant demands on the Macquarie Group's legal, accounting, IT, risk management and operational infrastructure and result in increased expenses. A number of the Macquarie Group's recent and planned business initiatives and further expansions of existing businesses are likely to bring it into contact with new clients, new asset classes and other new products or new markets. These business activities expose the Macquarie Group to new and enhanced risks, including reputational concerns arising from dealing with a range of new counterparties and investors, actual or perceived conflicts of

interest, regulatory scrutiny of these activities, potential political pressure, increased credit-related and operational risks, including risks arising from IT systems and reputational concerns with the manner in which these businesses are being operated or conducted.

Any time Macquarie Group entities make an acquisition, they may over-value the acquisition, they may not achieve expected synergies, they may achieve lower than expected cost savings or otherwise incur losses, they may lose customers and market share, they may face disruptions to their operations resulting from integrating the systems, processes and personnel (including in respect of risk management) of the acquired business into the Macquarie Group or their management's time may be diverted to facilitate the integration of the acquired business into the Macquarie Group. The Macquarie Group may also underestimate the costs associated with outsourcing, exiting or restructuring existing businesses. Where the Macquarie Group's acquisitions are in foreign jurisdictions, or are in emerging or growth economies in particular, they may be exposed to heightened levels of regulatory scrutiny and political, social or economic disruption and sovereign risk in emerging and growth markets.

4.2.4.1 Reputation risk

The Macquarie Group's business depends on its brand and reputation.

The Macquarie Group believes that its reputation in the financial services markets and the recognition of the Macquarie brand by its customers are important contributors to its business. Many companies in the Macquarie Group and many of the funds managed by entities owned, in whole or in part, by the Macquarie Group use the Macquarie name.

The Macquarie Group may be adversely affected by negative publicity or poor financial performance in relation to any of the entities using the Macquarie name, including any Macquarie-managed fund or funds that Macquarie has promoted or is associated with. Investors and lenders may associate such entities and funds with the name, brand and reputation of the Macquarie Group and other Macquarie-managed funds. If funds that use the Macquarie name or are otherwise associated with Macquarie-managed infrastructure assets, such as roads, airports, utilities and water distribution facilities that people view as community assets, are perceived to be managed inappropriately, those managing entities could be subject to criticism and negative publicity, harming the Macquarie Group's reputation and the reputation of other entities that use the Macquarie name.

4.2.4.2 Competitive pressure

Competitive pressure, both in the financial services industry as well as in the other industries in which the Macquarie Group operates, could adversely impact its business.

The Macquarie Group faces significant competition from local and international competitors, which compete vigorously in the markets and sectors across which the Macquarie Group operates. The Macquarie Group competes, both in Australia and

internationally, with asset managers, retail and commercial banks, private banking firms, investment banking firms, brokerage firms, internet based firms, commodity trading firms and other investment and service firms as well as businesses in adjacent industries in connection with the various funds and assets they manage and services they provide. This includes specialist competitors that may not be subject to the same capital and regulatory requirements and therefore may be able to operate more efficiently.

In addition, digital technologies and business models are changing consumer behaviour and the competitive environment. The use of digital channels by customers to conduct their banking continues to rise and emerging competitors are increasingly utilising new technologies and seeking to disrupt existing business models, including in relation to digital payment services and open data banking, that challenge, and could potentially disrupt, traditional financial services. The Macquarie Group faces competition from established providers of financial services as well as from businesses developed by non-financial services companies. The Macquarie Group believes that it will continue to experience pricing pressures in the future as some of its competitors seek to obtain or increase market share.

The widespread adoption and rapid evolution of new technologies, including analytic capabilities, self-service digital trading platforms, internet services, distributed ledgers, such as the blockchain system, cryptocurrencies, Central Bank Digital Currencies (“CBDC”) and payment systems, could have a substantial impact on the financial services industry. As CBDC initiatives evolve and mature, Macquarie Group’s businesses and results of operations could therefore be adversely impacted.

Any consolidation in the global financial services industry may create stronger competitors with broader ranges of product and service offerings, increased access to capital, and greater efficiency and pricing power which may enhance the competitive position of the Macquarie Group’s competitors. The effect of competitive market conditions, especially in the Macquarie Group’s main markets, products and services, may lead to an erosion in its market share or margins.

4.2.4.3 Conflicts of interest

Conflicts of interest could limit the Macquarie Group’s current and future business opportunities.

As the Macquarie Group expands its businesses and its client base, it increasingly has to address potential or perceived conflicts of interest, including situations where its services to a particular client conflict with, or are perceived to conflict with, its own proprietary investments or other interests or with the interests of another client, as well as situations where one or more of its businesses have access to material non-public information that may not be shared with other businesses within the Macquarie Group. While the Macquarie Group believes it has adequate procedures and controls in place to address conflicts of interest, including those designed to prevent the improper sharing of information among its businesses, appropriately dealing with conflicts of interest is complex and difficult, and its

reputation could be damaged and the willingness of clients or counterparties to enter into transactions may be adversely affected if Macquarie Group fails, or appears to fail, to deal appropriately with conflicts of interest. In addition, potential or perceived conflicts could give rise to claims by and liabilities to clients, litigation or enforcement actions.

4.2.4.4 Fund Performance

The Macquarie Group’s dependence on the revenue they generate from managing funds and transacting with the assets they manage exposes them to risk.

The Macquarie Group’s financial condition and results of operations are directly and indirectly affected by the results of the funds or the assets it manages. The Macquarie Group’s revenue from Assets under Management is derived principally from three sources: (i) management fees, based on the size of its funds; (ii) incentive income, based on the performance of its funds; and (iii) investment income based on its investments in the funds, which are referred to as their “principal investments”. If any of the Macquarie Group’s funds perform poorly due to market conditions or the Macquarie Group’s underperformance, the Macquarie Group’s revenue and results of operations may decline. If the return of a fund is negative in any period, this may also have a long-term effect on incentive income. This is because a deficit against a performance benchmark will usually be carried forward until the deficit has been eliminated. In addition, in some cases investors may withdraw their investments in these funds or may decline to invest in future funds the Macquarie Group establishes.

4.2.5 Tax

The Macquarie Group’s business operations expose it to potential tax liabilities that could have an adverse impact on their results of operations and reputation.

The Macquarie Group are exposed to risks arising from the manner in which the Australian and international tax regimes may be applied and enforced, both in terms of its own tax compliance and the tax aspects of transactions on which it works with clients and other third parties. The Macquarie Group’s international, multi-jurisdictional platform increases its tax risks. Any actual or alleged failure to comply with or any change in the interpretation, application or enforcement of applicable tax laws and regulations could adversely affect the Macquarie Group’s reputation and affected business areas, significantly increase its own tax liability and expose it to legal, regulatory and other actions.

4.2.6 Accounting standards

Changes in accounting standards, policies, interpretations, estimates, assumptions and judgments that could have a material impact on the financial results.

The Macquarie Group accounting policies are fundamental to how it records and reports its financial position and results of operations. These policies require the use of estimates, assumptions and judgements that affect the reported value of

the Macquarie Group's assets or liabilities and results of operations. Management is required to determine estimates and apply subjective and complex assumptions and judgements about matters that are inherently uncertain. Changes in those estimates, assumptions and judgements are accounted for prospectively as a change in accounting estimate unless it is determined that either (i) the determination thereof was in error or (ii) the accounting policy which sets out the application of those estimates, assumptions and judgements has changed, in which case the previous reported financial information is re-presented.

Accounting standard setting bodies issue new accounting standards and interpretations in response to outreach activities,

evolving interpretations, application of accounting principles as well as changes in market developments. In addition, changes in interpretations by accounting standard setting bodies; regulators; and the Macquarie Group's independent external auditor may also arise from time to time. The nature and timing of these changes may be difficult to predict. The application of new requirements and interpretations may impact how the Macquarie Group prepares and report its financial statements. The application of new requirements and interpretations may impact how the Macquarie Group prepares and report its financial statements. In some cases, the Macquarie Group may be required to apply a new or revised standard or change in interpretation retrospectively, resulting in a requirement to represent its previously reported financial information.

Taxation
summary

5. Taxation summary

5.1 Summary of Australian tax consequences for MCN6 Holders

The following is a summary of the Australian tax consequences for certain Australian resident MCN6 Holders who subscribe for MCN6 under the Offer.

This summary is not intended to be exhaustive and you should seek advice from your own financial or tax adviser or other professional adviser before deciding to invest in MCN6. In particular, this summary does not consider the consequences for MCN6 Holders who:

- are not Australian residents for tax purposes;
- are Australian residents but acquire and/or hold the MCN6 through a permanent establishment outside Australia;
- acquire MCN6 otherwise than under the Offer;
- hold MCN6 in their business of share trading or dealing in securities, or who otherwise hold their MCN6 on revenue account or as trading stock; or
- are subject to the “taxation of financial arrangements” provisions in Division 230 of the Tax Act in relation to their holding of MCN6.

This summary is not intended to be, nor should it be constituted as being, investment, legal or tax advice to any particular MCN6 Holder.

This summary is based on Australian tax laws and regulations, interpretations of such laws and regulations, and administrative practices as at the date of this Prospectus.

5.1.1 Class ruling sought on MCN6

MGL has applied to the ATO for a Class Ruling to confirm certain Australian tax consequences for Australian resident MCN6 Holders. The ATO will only issue a Class Ruling after the issue of MCN6. When issued, copies of the Class Ruling will be available from www.macquarie.com and on the ATO website.

5.1.2 Distributions on MCN6

MCN6 should constitute non-share equity interests and Distributions under the MCN6 Terms should constitute non-share dividends that are frankable.

MCN6 Holders should include such Distributions in their assessable income. Generally, provided that an MCN6 Holder is a “qualified person” (see below) and the ATO does not make a determination under certain anti-avoidance rules (see below), an MCN6 Holder should include any franking credits in their assessable income and be entitled to a tax offset equal to the franking credits received.

An MCN6 Holder that is an individual or complying superannuation fund may be able to receive a tax offset refund from the ATO in a particular year if the franking credits attached to the dividend exceed the tax payable on the MCN6 Holder’s total taxable income.

An MCN6 Holder that is a company should be entitled to a franking credit and a tax offset in respect of any franking credits attached to a Distribution. However, the company will not be entitled to a tax offset refund of the excess franking credits. Rather, the surplus franking credits may be converted to a tax loss which can be carried forward to future years (subject to the corporate MCN6 Holder satisfying certain loss carry forward rules).

MCN6 Holders who are residents of Australia for tax purposes who are neither individuals nor trustees of complying superannuation funds nor companies should consider how they should be treated in relation to the taxation of the Distributions. Such MCN6 Holders include exempt bodies and the trustees of trusts other than complying superannuation funds.

Holding period rule

Under the “holding period rule”, in order to qualify for a franking offset MCN6 Holders are required to hold their MCN6 “at risk” for a continuous period of at least 90 days (excluding the days of acquisition and disposal) during the period beginning on the day after the MCN6 is acquired and ending on the 90th day after the day that the MCN6 becomes ex-distribution (commonly referred to as the “primary qualification period”).

If an MCN6 Holder, or an associate, is obliged to make a “related payment” which has the effect of passing on the benefit of the Distribution to other entities, the MCN6 Holder will also be required to hold their MCN6 “at risk” for at least 90 days during the period from 90 days before to 90 days after MCN6 become ex-distribution.

Macquarie Group Capital Notes 6

PROSPECTUS

To be held “at risk”, an MCN6 Holder must effectively retain 30% or more of the risks and benefits associated with holding MCN6. This may be affected by any risk management strategies undertaken by an MCN6 Holder in relation to their MCN6 (for example, by the use of limited recourse loans, options or other derivatives).

An MCN6 Holder that holds their MCN6 at risk for at least the primary qualification period and does not make a related payment or undertake any risk management strategies should satisfy the “holding period rule” in relation to the franking credits included in the Distribution.

The “holding period rule” does not apply to MCN6 Holders that are individuals if the total amount of the tax offsets in respect of franked distributions to which the MCN6 Holder is entitled to, in a particular income year, is \$5,000 or less, provided they are not under an obligation to make a “related payment” as described above. In this instance, the MCN6 Holder should be entitled to the benefit of franking credits whether or not their MCN6 are held at risk for the requisite period of time.

Anti-avoidance rules

There are anti-avoidance rules that may apply in certain circumstances to deny the benefit of franking credits to MCN6 Holders.

One such rule, being the so called “anti-hybrid” rule in section 207-158 of the Tax Act (“**Anti-hybrid Rule**”), applies when the issuer of the instrument (here, MGL) is entitled to a deduction in a foreign jurisdiction in relation to distributions paid on the instrument. MGL does not anticipate being entitled to any foreign income tax deductions in relation to Distributions paid on the MCN6. As such, the Anti-hybrid Rule should not apply to deny an MCN6 Holder the benefit of either franking credits or tax offsets in relation to Distributions. However, the determination of foreign income tax deductions is complex and if such a foreign income tax deduction entitlement arises, the cash Distribution will not be adjusted or grossed up in the event that the franking credits are denied under the Anti-hybrid Rule.

Another rule is in section 177EA of the Tax Act which is intended to apply to prevent schemes that are entered into for the purpose of obtaining a franking benefit and this purpose is more than an incidental purpose of entering into the scheme. Under this rule, the ATO may make a determination based on a number of objective factors as to whether a scheme has such a purpose.

The application of this rule was reviewed by the Australian High Court in *Mills v Commissioner of Taxation* [2012] HCA 51 (“**the Mills case**”) where it was concluded that the instruments issued in that case, that were classified as Tier 1 capital, were not subject to section 177EA.

Having regard to the objective factors which the ATO may consider under section 177EA and in light of the High Court’s decision in the *Mills* case, MGL does not expect section 177EA to apply to Distributions on MCN6.

MGL also does not expect any other anti-avoidance provisions to apply to Distributions on MCN6, subject to the particular circumstances of an MCN6 Holder.

5.1.3 CGT cost base and acquisition date for MCN6

The cost base (or reduced cost base) of each MCN6 acquired by an MCN6 Holder should include \$100 (being the Issue Price of each MCN6) and any non-deductible incidental costs (e.g. broker fees, adviser fees) associated with the acquisition and disposal of MCN6. This will be relevant in determining the capital gain or capital loss arising on a disposal of MCN6 (discussed further below).

Each MCN6 will be taken to have been acquired by an MCN6 Holder on the Issue Date.

5.1.4 Exchange of MCN6 into Ordinary Shares

Specific capital gains tax provisions under the Tax Act should apply to disregard any gain or loss that may arise on Exchange of MCN6 into Ordinary Shares such that the gain or loss is effectively deferred.

As a consequence, the MCN6 Holder’s cost base in the Ordinary Shares acquired on Exchange should be equal to their cost base in MCN6. The Ordinary Shares are taken to be acquired at the date of the relevant exchange event for capital gains tax purposes (including for the purposes of determining the 12 month ownership period for the “CGT Discount Concession” discussed below).

5.1.5 Write-Off of MCN6

If Exchange has not occurred, for any reason, within 5 Business Days of a Non-Viability Exchange Date, an MCN6 Holder’s rights under the MCN6 will be Written-Off and they will terminate for no consideration.

A CGT event will happen for MCN6 Holders if and when MCN6 are Written-Off. As no consideration will be received by MCN6 Holders for their Written-Off MCN6, where the MCN6 have no market value for tax purposes, MCN6 Holders should make a capital loss equal to the reduced cost base of their Written-Off MCN6.

5.1.6 Sale of MCN6 on ASX

Any gain or loss on the sale of MCN6 on ASX by an MCN6 Holder should be included in the calculation of the MCN6 Holder's taxable income.

The Class Ruling application has requested that the ATO confirm that MCN6 should not constitute "traditional securities" and MGL expects that the Class Ruling will conclude that MCN6 are not "traditional securities". On this basis, any gains or losses made by MCN6 Holders on the sale of MCN6 should be taxed under the CGT rules.

CGT Discount Concession

Where an MCN6 Holder realises a capital gain on disposal of MCN6, certain MCN6 Holders who have held their MCN6 for at least 12 months prior to disposal (excluding the days of acquisition and disposal) should be eligible for the 50% CGT discount (for individuals and trusts) or 33¹/₃% CGT discount (for complying superannuation funds) on any capital gain made on disposal.

The Government has announced that "managed investment trusts" (**MITs**) and "attribution MITs" (**AMITs**) will no longer be entitled to the CGT discount at the trust level. This change was previously scheduled to apply from 1 July 2020, but has now been delayed and will instead apply for income years commencing on or after the date that is three months from the date of Royal Assent of the enabling legislation. While there can be no certainty at this time in relation to when this change will come into effect, the Government has indicated that it is committed to legislating this measure. Once this change comes into effect, MITs and AMITs that derive capital gains will continue to be able to distribute those amounts as capital gains that may be subject to the CGT discount in the hands of those beneficiaries who are entitled to the CGT discount. Investors should monitor any potential changes on an ongoing basis.

Where a capital loss is realised on the sale of MCN6, the capital loss is generally only deductible against capital gains, but can be carried forward for use in a later year.

5.1.7 Resale of MCN6

MGL may elect to Resell MCN6 in certain circumstances. For each MCN6 subject to a Resale, an MCN6 Holder will be entitled to receive the Resale Price (which is equal to the Issue Price) from the Nominated Party. A Resale will constitute a disposal of MCN6 by the MCN6 Holder for CGT purposes. Accordingly, an MCN6 Holder may realise a capital gain or capital loss on such disposal to the extent that the Resale proceeds are greater or less than the MCN6 Holder's cost base or reduced cost base for the MCN6.

If MCN6 have been held for at least 12 months prior to the Resale (excluding the days of acquisition and disposal), a qualifying MCN6 Holder (an individual, qualifying trust or complying superannuation fund) may be entitled to the CGT discount concession in respect of any capital gain arising on disposal, in the manner discussed in section 5.1.6 above.

5.1.8 Redemption of MCN6

MGL may also elect to Redeem MCN6 in certain circumstances, in which case MGL must pay a cash amount equal to the Redemption Price in respect of each MCN6.

Redemption of MCN6 will be a CGT event and give rise to a capital gain if the proceeds exceed the MCN6 Holder's CGT cost base of the MCN6. Conversely, a capital loss will result if the proceeds are less than the MCN6 Holder's reduced cost base.

The Redemption proceeds will be an amount equal to the Issue Price of each MCN6, unless the market value of an MCN6 on the Redemption Date (determined as if Redemption of the MCN6 had not occurred or been proposed to occur) is greater or less than the Issue Price. In that case, the greater or lesser market value amount will be deemed to be the capital proceeds of the Redemption, instead of the Issue Price actually received (refer to guidance issued by the ATO in Practical Compliance Guideline PCG 2021/1). Based on that guidance, where the MCN6 are Redeemed on the first Scheduled Optional Exchange Date, the ATO should accept that the market value of each MCN6 (and therefore the Redemption proceeds) is equal to the Issue Price of the MCN6.

The Redemption proceeds should not be treated as a dividend on the basis that they will be debited against an amount standing to the credit of MGL's non-share capital account. A qualifying MCN6 Holder (an individual, qualifying trust or complying superannuation fund) may be entitled to the CGT discount concession for any capital gain, in the manner discussed in section 5.1.6 above.

5.1.9 Ordinary Shares following Exchange

The dividends received on Ordinary Shares should give rise to similar tax consequences outlined in section 5.1.2 in relation to Distributions on MCN6.

Any gain or loss realised on the sale of Ordinary Shares should be taxable under the CGT rules. As outlined above, the Ordinary Shares acquired on Exchange will be taken to have been acquired on the date of Exchange. This means that the Ordinary Shares would need to be held for at least 12 months after the date of Exchange in order for eligible MCN6 Holders (individuals, qualifying trusts and complying superannuation funds) to qualify for the CGT discount concession on the disposal of Ordinary Shares.

Macquarie Group Capital Notes 6

PROSPECTUS

5.1.10 Provision of TFN and/or ABN

MCN6 Holders may choose to provide their tax file number, Australian Business Number or a relevant exemption to MGL.

In the event that MGL is not notified, the *Taxation Administration Act 1953* (Cth) imposes withholding tax on the payment of distributions on certain types of investments such as the unfranked part (if any) of Distributions. The rate of withholding is currently 47%.

5.1.11 GST

GST should not be payable on the issue, receipt, disposal, Exchange, Redemption or Resale of MCN6.

5.1.12 Stamp duty

Under current law, no stamp duty should be payable by an MCN6 Holder on the issue, transfer, Redemption, Exchange or Resale of MCN6 as long as MGL is listed, its shares are quoted on ASX at all relevant times and no MCN6 Holder (alone or with associates) will acquire or hold a 90% or more interest in MGL. The stamp duty legislation generally requires the interests of associates to be included in working out whether the threshold is reached. In some circumstances, the interests of unrelated entities can also be aggregated together in working out whether the threshold is reached.

Additional information

6. Additional information

This section provides information about a number of other matters not covered elsewhere in this Prospectus.

6.1 Trust Deed

MGL has entered into the Trust Deed with the Trustee. The MCN6 Terms are set out as a schedule to the Trust Deed. A copy of the Trust Deed can be obtained from www.macquarie.com/MCN6.

In accordance with the requirements in Chapter 2L of the Corporations Act, the Trustee will act as note trustee for the MCN6 Holders under the Trust Deed. All MCN6 Holders are bound by the terms of the Trust Deed.

All payment, Exchange and other obligations under the MCN6 are the direct obligations of MGL. Neither the Trustee nor any of its directors, employees, officers, affiliates, agents, advisers, intermediaries, or Related Bodies Corporate guarantee, or are otherwise responsible for, the payment, Exchange or any other obligation of MGL under the MCN6.

The Trustee is not responsible for monitoring any breach of the Trust Deed, the MCN6 Terms, the occurrence of any event which may trigger an Exchange or the activities, financial position, business or status of MGL except as required by law. In this regard, the Trustee is subject to certain statutory duties imposed on it under Chapter 2L of the Corporations Act including to:

- exercise reasonable diligence to ascertain whether:
 - the property of MGL that is or should be available will be sufficient to repay the amounts lent by MCN6 Holders in respect of MCN6 when such amounts become due; and
 - MGL has breached the MCN6 Terms, the Trust Deed or the provisions of Chapter 2L of the Corporations Act; and
- unless the Trustee is satisfied a breach of the MCN6 Terms, the Trust Deed or the provisions of Chapter 2L of the Corporations Act is not materially prejudicial to the MCN6 Holders' interests, do everything in its power to ensure MGL remedies any breach which is known to the Trustee.

The following is a summary only of the principal provisions of the Trust Deed.

6.1.1 Appointment of Trustee and declaration

The Trustee has been appointed under the Trust Deed and holds on trust for itself and the MCN6 Holders:

- a trust settlement sum of \$10;
- the right to enforce, on behalf of MCN6 Holders, MGL's obligations to pay amounts payable under the MCN6 Terms and under the Trust Deed;
- the right to enforce, on behalf of MCN6 Holders, all other duties and obligations of MGL under the MCN6 Terms, the provisions of the Trust Deed and Chapter 2L of the Corporations Act; and
- any other property and benefits which the Trustee from time to time receives or holds on such trust (including, without limitation, the benefit of any covenants, undertakings, representations, warranties, rights, powers, benefits or remedies in favour of the Trustee under the Transaction Documents).

6.1.2 MGL undertakings

MGL has undertaken to the Trustee (on behalf of each MCN6 Holder) that it will, amongst other things:

- pay any amounts due and payable in respect of MCN6 (subject to any obligation of MGL to Exchange or Write-Off any MCN6);
- comply with its obligations under the MCN6 Terms, and comply with all laws applicable to it (including Chapter 2L of the Corporations Act) where failure to do so would have or be likely to have a material adverse effect in relation to the MCN6; and
- comply with any conditions imposed by ASX in connection with the MCN6 except to the extent those conditions may cause the MCN6 to cease to be Relevant Securities forming part of Eligible Capital.

6.1.3 Trustee limitation of liability

The Trustee is not liable to MGL, MCN6 Holders or any other person in any capacity other than as Trustee of the Trust. A liability of the Trustee is limited to and can be enforced against the Trustee only to the extent to which the Trustee is actually indemnified out of the Trust Fund in respect of that liability.

However, this limitation only applies to a liability of the Trustee to the maximum extent permitted by section 283DB of the Corporations Act and does not apply to a liability of the Trustee:

- to the extent that there is a reduction in the extent of the Trustee's indemnification from the assets of the Trust in respect of the liability as a result of the Trustee's fraud, negligence, wilful default or breach of section 283DA(a), (b) or (c) of the Corporations Act ("**Trustee Default**"); or
- in respect of which the Trustee is not entitled to be indemnified, out of the assets of the Trust, as a result of a Trustee Default.

The Trustee is not obliged to do or refrain from doing anything under the Trust Deed or MCN6 Terms unless the Trustee's liability is limited in the same manner as set out in the Trust Deed (which is summarised in this section 6.1.3).

6.1.4 Action by Trustee

The Trustee is required, at all times, to act in accordance with its obligations under the MCN6 Terms, the Trust Deed, the Corporations Act and applicable law. Subject to the MCN6 Terms and to section 283DA(h) of the Corporations Act, the Trustee must take action to enforce its rights and the rights of MCN6 Holders under the Trust Deed and the MCN6 Terms in accordance with their terms where all the following conditions are met and is not required to act in accordance with any direction from the MCN6 Holders or any of them unless:

- the Trustee is requested in writing to take action by MCN6 Holders who hold between them at least 25% of the outstanding principal amount of MCN6 then outstanding or it has been so directed by a Special Resolution of the MCN6 Holders;
- the Trustee is indemnified to its reasonable satisfaction against all actions to which it may render itself liable by taking such action and costs which it may incur and all management time spent by employees or officers of the Trustee in relation to such action; and
- the action is permitted under the Transaction Documents.

The Trustee may not take any enforcement action which is contrary to the Transaction Documents.

6.1.5 Direct action by MCN6 Holder

No MCN6 Holder is entitled to proceed directly against MGL to enforce the performance of any of the provisions of the Trust Deed or the MCN6 Terms (including any rights, powers or remedies in connection with the MCN6, whether arising under the Trust Deed or any other Transaction Document), unless the Trustee, having become bound to proceed, fails to do so within 14 days and such failure is continuing, in which case any MCN6 Holder may itself institute proceedings against MGL for the relevant remedy to the same extent (but not further or otherwise) that the Trustee would have been entitled to do so. Any such proceeding must be brought in the name of the MCN6 Holder and not the Trustee.

MCN6 Holders should be aware that, even if action is taken by the Trustee in accordance with the MCN6 Terms, the Trust Deed, the Corporations Act or applicable law, there can be no guarantee that such action will ensure the performance of all (or any) of MGL's obligations under the MCN6 Terms. Further, MCN6 Holders should be aware that the Trustee may not take any action to enforce any obligation of MGL in connection with the MCN6 unless the enforcement of that obligation is in accordance with the MCN6 Terms, the Trust Deed and applicable law. Neither the Trustee nor any MCN6 Holder may exercise any powers in a manner inconsistent with the Trust Deed and the MCN6 Terms.

6.1.6 Fees and expenses

Under the Trust Deed, MGL will pay the Trustee by way of a fee for its services such amounts as may be agreed between MGL and the Trustee from time to time. The Trustee may also be entitled to additional remuneration from MGL where it is required to undertake duties of an exceptional nature or otherwise outside its normal duties. MGL will also pay to the Trustee on demand:

- its reasonable costs, charges and expenses incurred in connection with the negotiation, preparation and execution of the Trust Deed, this Prospectus and the MCN6 Terms and any subsequent consent, agreement, approval, waiver or amendment relating to the Transaction Documents;
- all costs, charges, expenses, losses and other liabilities it incurs in connection with exercising, enforcing or preserving, or attempting to exercise, enforce or preserve, rights under the Trust Deed and the MCN6 Terms; and
- all losses, costs, charges and expenses and other liabilities it suffers or properly incurs which arise out of, or in the course of, acting as the trustee of the Trust, except where such expenses are incurred by the Trustee as a direct result of a Trustee Default.

6.1.7 Retirement and removal

The Trustee may retire by giving written notice to MGL, which will not take effect until at least 60 days after the date of the notice has passed (or such other period as the Trustee and MGL may agree) and provided that the appointment of a new trustee is effective and in compliance with all applicable statutory requirements. The Trustee may be removed by MGL by MGL giving not less than 60 days' notice (or such other period as the Trustee and MGL may agree) to the Trustee if, amongst other things:

- the Trustee is in material breach of its obligations under the Trust Deed or the MCN6 Terms and has not rectified the breach within 7 Business Days of receiving a notice from MGL specifying the breach and requesting that it be remedied;
- a Trustee Default has occurred and is continuing;
- the Trustee ceases to carry on business or becomes subject to an insolvency event (such as being placed in liquidation, being wound-up or dissolved) or a receiver or similar official is appointed to it;
- the Trustee is no longer permitted to act as a trustee under the Corporations Act;
- any licence, consent, authorisation or similar thing the Trustee is required to hold to carry out its obligations under the Trust Deed is revoked or not renewed;
- MGL is authorised or requested to do so by a Special Resolution of the MCN6 Holders; or
- MGL becomes aware that the Trustee has ceased to exist, has not been validly appointed, cannot be a trustee under section 283AC of the Corporations Act or has failed or refused to act as trustee.

When the Trustee retires or is removed, the Trustee is, to the extent permitted by law, discharged and released from its obligations, covenants and liabilities under the Trust Deed arising after the date it retires or is removed.

Notwithstanding the retirement or removal of the Trustee, the outgoing Trustee:

- is entitled to its remuneration up to the date of its retirement or removal;
- will continue to be entitled to the rights of reimbursement and indemnities contained in the Trust Deed in relation to all acts and omissions occurring up to the date of its retirement, removal or replacement;
- may retain copies of any documents and records required by it and which it reasonably considers to be relevant; and
- will be given reasonable access to any other documents and records by the incoming Trustee.

6.1.8 Meetings

A meeting of MCN6 Holders has the power to:

- by Ordinary Resolution, give directions to the Trustee as to, or authorise, ratify or confirm anything the Trustee has done or omitted to do in respect of, the performance or exercise of any of its duties, rights, powers and remedies under the Trust Deed or MCN6; and
- by Special Resolution:
 - approve the release of the Trustee from liability for anything done or omitted to be done by the Trustee or any other person before the release is given; and
 - approve alterations to the Trust Deed or amendments to the MCN6 Terms (subject to the other conditions described in section 4.1.28 being complied with).

To the extent any matter arising from a meeting of MCN6 Holders may cause the MCN6 to cease to be Relevant Securities forming part of Eligible Capital, such matter requires the prior written approval of APRA.

Each MCN6 Holder is entitled to one vote on a show of hands. On a poll, each MCN6 Holder is entitled to one vote for each MCN6 with respect to which it is the registered holder.

To the extent permitted by law, the Trustee is not liable to an MCN6 Holder, MGL or any other person for acting on directions, authorisations, resolutions or confirmations given by the MCN6 Holders.

An MCN6 Holder has no entitlement to attend or vote at a general meeting of MGL or to receive a copy of the MGL annual report or other financial information sent to holders of Ordinary Shares.

- (ii) if the Issuer determines that a Reference Rate Disruption Event has occurred, then, subject to APRA's prior written approval, the Issuer:
 - (A) shall use as the Reference Rate such Alternative Reference Rate as it may determine;
 - (B) shall make such adjustments to the Terms as it determines are reasonably necessary to calculate Distributions in accordance with such Alternative Reference Rate; and
 - (C) in making the determinations under paragraphs (A) and (B) above:
 - (aa) shall act in good faith and in a commercially reasonable manner;
 - (ab) may consult with such sources of market practice as it considers appropriate; and
 - (ac) may otherwise make such determination in its discretion.

For the purposes of the foregoing:

(iii) "**Determination Date**" means:

- (A) subject to paragraph (B) below, the first day of the Distribution Period; and

(B) where an MCN6 is Resold on a day which is not a scheduled quarterly Distribution Payment Date, the first day of the Distribution Period preceding the Resale Date.

(iv) **“Reference Rate Disruption Event”** means that, in the Issuer’s opinion, the rate described in paragraph (i) above:

(A) has been discontinued or otherwise ceased to be calculated or administered; or

(B) is no longer generally accepted in the Australian market as a reference rate appropriate to floating rate debt securities of a tenor and interest period comparable to that of MCN6; and

(v) **“Alternative Reference Rate”** means a rate other than the rate described in paragraph (i) above that is generally accepted in the Australian market as the successor to the Reference Rate, or if there is no such rate:

(A) a reference rate that is, in the Issuer’s opinion, appropriate to floating rate debt securities of a tenor and interest period most comparable to that of MCN6; or

(B) such other reference rate as the Issuer considers appropriate having regard to available comparable indices.

(b) **“Franking Adjustment Factor”** means:

$$\frac{(1 - T)}{1 - [T \times (1 - F)]}$$

where:

(i) **F** means the Franking Rate; and

(ii) **T** means the Tax Rate;

(c) **“Margin”** means the rate (expressed as a percentage per annum) determined under the Bookbuild; and

“N” means, for a Distribution Period, the number of days in that Distribution Period; and

“Record Date” means, for any payment of Distributions:

(i) the date which is 11 Business Days before the relevant Distribution Payment Date;

(ii) such other date as is determined by the Issuer, in its absolute discretion, and announced to the Holders on ASX and which is before the Record Date which would have been determined under paragraph (a) above; or

(iii) such other date as may be required by, or agreed by the Issuer with, ASX.

2.2 Business Days

If a Distribution Payment Date is a day which is not a Business Day, then the Distribution Payment Date becomes the next day which is a Business Day.

2.3 Distribution payment conditions

The payment of any Distribution will be made unless:

(a) the Issuer, in its absolute discretion, determines that the Distribution is not payable to Holders;

(b) payment of the Distribution would result in the Issuer breaching APRA’s capital adequacy requirements applicable to it;

(c) payment of the Distribution would result in the Issuer becoming, or being likely to become, insolvent for the purposes of the Corporations Act; or

(d) APRA objects to the payment of the Distribution.

In determining not to pay a Distribution, the Issuer shall consider payment of Distributions as if it were payment of a dividend on a preference share which is an Equal Ranking Obligation.

2.4 Non-payment of Distributions

(a) Distributions are non-cumulative. If all or any part of any Distribution is not paid because of clause 2.3, the Issuer has no liability to pay the unpaid amount of the Distribution and Holders have no claim or entitlement in respect of any person in respect of such non-payment and such non-payment does not constitute an event of default however described, determined or defined.

Macquarie Group Capital Notes 6

PROSPECTUS

- (b) No interest accrues on any unpaid Distributions and the Holders have no claim or entitlement in respect of interest on any unpaid Distributions.
- (c) If all or any part of a Distribution will not be paid in whole or part because of clause 2.3, the Issuer must give notice to the Trustee, Registrar and ASX promptly after determining or becoming aware that payment will not be made.

2.5 Dividend Restriction

- (a) If, for any reason, an amount of any Distribution has not been paid in full on the relevant Distribution Payment Date, a Dividend Restriction shall apply from that date until the next Distribution Payment Date unless the Distribution is paid in full within 10 Business Days of the relevant Distribution Payment Date.

“**Dividend Restriction**” means that the Issuer must not, without prior approval of a Special Resolution of Holders:

- (i) determine, declare or pay any Ordinary Share Dividend; or
 - (ii) undertake any Buy-Back or Capital Reduction.
- (b) The Dividend Restriction does not apply:
- (i) in connection with any employment contract, employee equity plan, other benefit plan or other similar arrangement with or for the benefit of any one or more employees, officers, directors or consultants of a member of the Macquarie Group;
 - (ii) in connection with the Issuer or a member of the Macquarie Group purchasing Ordinary Shares:
 - (A) in connection with transactions for the account of customers of a member of the Macquarie Group; or
 - (B) with the prior written approval of APRA, in connection with the distribution or trading of any securities of the Issuer or any other shares in the capital of the Issuer in the ordinary course of business; or
 - (iii) to the extent that at the time a Distribution has not been paid on the relevant Distribution Payment Date, the Issuer is legally obliged to pay on or after that date an Ordinary Share Dividend or is legally obliged to complete on or after that date a Buy-Back or Capital Reduction.

3 Scheduled mandatory Exchange

3.1 Scheduled mandatory Exchange

Subject to this clause 3 and clauses 4.8 and 16, the Issuer must Exchange all (but not some) of the MCN6 for Ordinary Shares in accordance with clause 9 on the Mandatory Exchange Date.

3.2 Mandatory Exchange Date

The “**Mandatory Exchange Date**” is the first to occur of the following dates:

- (a) 12 September 2032 (the “**Scheduled Mandatory Exchange Date**”) (a “**Scheduled Mandatory Exchange**”); or
- (b) any Distribution Payment Date (within the meaning of paragraph (a) of the definition of that term) after the Scheduled Mandatory Exchange Date (a “**Deferred Mandatory Exchange Date**”),

(each a “**Relevant Mandatory Exchange Date**”) on which the Exchange Conditions relevant to those dates as described in clause 3.3 are satisfied, unless the MCN6 have been or will be Redeemed or Exchanged before that date.

3.3 Exchange Conditions

The Exchange Conditions in respect of a Relevant Mandatory Exchange Date are:

- (a) the Daily VWAP on the 25th Business Day immediately preceding (but not including) the Relevant Mandatory Exchange Date (or, if that day is not an ASX Trading Day, the last ASX Trading Day prior to that day) is greater than 56% of the Issue Date VWAP (“**First Exchange Condition**”);
- (b) the VWAP during the 20 ASX Trading Days immediately preceding (but not including) the Relevant Mandatory Exchange Date is such that the number of Ordinary Shares to be issued (calculated in accordance with clause 9.1 as if it were not limited by the Maximum Exchange Number applicable to the Relevant Mandatory Exchange Date) is less than or equal to the Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date (“**Second Exchange Condition**”);
- (c) no Suspension Event applies in respect of the Relevant Mandatory Exchange Date (“**Third Exchange Condition**”); and

(d) the Issuer is not Delisted as at the Relevant Mandatory Exchange Date (“**Fourth Exchange Condition**”), together, the “**Exchange Conditions**”.

3.4 Mandatory Exchange Notices

- (a) Between the 25th and 21st Business Day (inclusive) before a Relevant Mandatory Exchange Date, the Issuer will notify Holders as to whether or not the First Exchange Condition is satisfied in relation to that Relevant Mandatory Exchange Date and, if it is not, that Exchange will not occur.
- (b) If the First Exchange Condition is satisfied in relation to that Relevant Mandatory Exchange Date, and any of the other Exchange Conditions are not satisfied in relation to a Relevant Mandatory Exchange Date, the Exchange will not occur and the Issuer will notify Holders on or as soon as practicable after the Relevant Mandatory Exchange Date that Exchange did not occur.

Failure to give a notice when required by this clause 3.4 (including where in accordance with clause 13 such notice takes effect only after the last date for the giving of that notice) does not affect the obligations of the Issuer and the Holders to Exchange each MCN6 for Ordinary Shares when required in accordance with these Terms.

4 Non-Viability Event Exchange

4.1 Non-Viability Event

A “**Non-Viability Event**” will occur if APRA has notified the Issuer in writing that:

- (a) Relevant Securities must be subject to Loss Absorption because, without such Loss Absorption, APRA considers the Issuer would become non-viable; or
- (b) it has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable.

4.2 Exchange on account of a Non-Viability Event

Subject to this clause 4, if a Non-Viability Event occurs, the Issuer must immediately, in accordance with this clause 4 and clause 9, Exchange:

- (a) in the case of a Non-Viability Event described in clause 4.1(a), some or all MCN6 in the amount determined in accordance with clause 4.3; or
- (b) in the case of a Non-Viability Event described in clause 4.1(b), all MCN6.

4.3 Determination of number of MCN6 to be Exchanged

In determining the number of MCN6 which must be Exchanged in accordance with this clause 4 the following applies:

- (a) the aggregate face value of all Relevant Securities subject to Loss Absorption must equal the amount APRA has notified the Issuer (or if APRA has not notified the Issuer of that amount, the amount determined by the Issuer) to be necessary to satisfy APRA that the Issuer will not become non-viable;
- (b) Relevant Securities that are Equal Ranking Obligations must be subject to Loss Absorption before other Relevant Securities are subject to Loss Absorption (unless the terms of such other Relevant Securities otherwise provide); and
- (c) MCN6 and other Relevant Securities that are Equal Ranking Obligations must be subject to Loss Absorption on a proportionate basis (unless the terms of any such other security provide for that security to be subject to Loss Absorption other than on a proportionate basis with MCN6 and other such securities), or such other basis as the Issuer considers fair and reasonable (subject to such adjustment as the Issuer may determine to take into account the effect on marketable parcels and whole numbers of Ordinary Shares and any MCN6 or other Relevant Securities that are Equal Ranking Obligations),

provided always that nothing in the making of the determination or the adjustments is to delay or impede the immediate Exchange of the MCN6 on the Non-Viability Exchange Date.

4.4 Treatment of Holders

- (a) If, in accordance with clauses 4.2 and 4.3, only some MCN6 are to be Exchanged:
 - (i) the Issuer will endeavour to treat Holders on an approximately proportionate basis, but may discriminate to take account of the effect of marketable parcels and other similar considerations and the need to effect the Exchange immediately; and
 - (ii) where the specified currency of Relevant Securities that are Equal Ranking Obligations is not the same for all such Relevant Securities, the Issuer may treat them as if converted into a single currency of the Issuer’s choice at the rate of exchange that is specified in the terms of such securities or at such other rate as the Issuer in good faith considers reasonable.

- (b) In determining the identity of the Holder at the time that the Exchange is to take effect on the Non-Viability Exchange Date the Issuer may make any decision as may be necessary or desirable to ensure Exchange occurs in an orderly manner, including disregarding any transfers of MCN6 that have not been settled or registered at that time.

4.5 Exchange is automatic and irrevocable

If a Non-Viability Event has occurred and all or some of the MCN6 are required to be Exchanged in accordance with clause 4.2, then, subject to clause 4.6:

- (a) Exchange of the relevant MCN6 will be taken to have occurred in accordance with clause 9 immediately upon the date of occurrence of the Non-Viability Event;
- (b) none of the following shall prevent, impede or delay the Exchange of the MCN6 as required by clause 4.2:
- (i) any failure to or delay in the conversion or write-off of other securities issued as Relevant Securities;
 - (ii) any failure to or delay in giving a Non-Viability Exchange Notice;
 - (iii) any failure or delay in quotation of the Ordinary Shares to be issued on or arising from the Exchange;
 - (iv) any requirement to select or adjust the amount of the MCN6 to be Exchanged in accordance with clause 4.3; or
 - (v) any obligation to treat Holders proportionately or any right to make determinations or adjustments in accordance with clause 4.4; and
- (c) from the Non-Viability Exchange Date the Issuer shall, subject to clause 15.2(b), treat the Holder in respect of its MCN6 as the holder of the Exchange Number of Ordinary Shares and will take all such steps, including updating any register, required to record the Exchange.

4.6 Conditions to Exchange on account of a Non-Viability Event

An Exchange on account of a Non-Viability Event is not subject to the Exchange Conditions or any other condition except as provided in this clause 4 and clause 9.17.

4.7 Non-Viability Exchange Notices

As soon as practicable after the occurrence of a Non-Viability Event, the Issuer must give notice that the Exchange has occurred (“**Non-Viability Exchange Notice**”) to the Holders, the Trustee, the Registrar and ASX.

A Non-Viability Exchange Notice must specify:

- (a) the details of the Non-Viability Event to which the Non-Viability Exchange Notice relates;
- (b) the date on which the Exchange occurred; and
- (c) the number of MCN6 Exchanged and the number of other Relevant Securities and other Relevant Securities that are Equal Ranking Obligations that are subject to Loss Absorption.

Failure to give a Non-Viability Exchange Notice when required by this clause 4.7 (including where in accordance with clause 13 such notice takes effect only after the Non-Viability Exchange Date) does not affect the obligations of the Issuer and the Holders to Exchange each MCN6 for Ordinary Shares when required in accordance with these Terms or affect or impede the Exchange in any way.

4.8 Priority of Exchange obligations

An Exchange on account of a Non-Viability Event takes place on the relevant date, and in the manner required by clause 9 notwithstanding anything in clauses 3, 5, 6, 7, 8 or 16 (and any Optional Exchange Notice, Acquisition Exchange Notice, Redemption Notice or Resale Notice in respect of the MCN6 given before the Non-Viability Exchange Date but in respect of which the Exchange, Redemption or Resale has not completed will be taken to be revoked and of no force or effect).

5 Optional Exchange

5.1 Optional Exchange

Subject to this clause 5 and to clause 16, by notice (an “**Optional Exchange Notice**”) to Holders the Issuer may, in its sole discretion, elect to:

- (a) Exchange all or some of the MCN6 on any Scheduled Optional Exchange Date; and
- (b) Exchange all or some of the MCN6 following the occurrence of a Tax Event or a Regulatory Event.

An Optional Exchange Notice is irrevocable and takes effect despite anything in clause 3, except as provided in clauses 4.8 and 16.

5.2 Scheduled Optional Exchange Dates

The Scheduled Optional Exchange Dates are the Distribution Payment Dates falling on or about:

- (a) 12 September 2029 (the “**First Scheduled Optional Exchange Date**”);
 - (b) 12 March 2030 (the “**Second Scheduled Optional Exchange Date**”); and
 - (c) 12 September 2030 (the “**Third Scheduled Optional Exchange Date**”),
- (each a “**Scheduled Optional Exchange Date**”).

5.3 Contents of the Optional Exchange Notice

An Optional Exchange Notice must specify:

- (a) in the case of an Optional Exchange Notice given following the occurrence of a Tax Event or Regulatory Event, the details of the Tax Event or Regulatory Event to which the Optional Exchange Notice relates; and
- (b) the date on which the Exchange is to occur (an “**Optional Exchange Date**”), which:
 - (i) in the case of Exchange on a Scheduled Optional Exchange Date, is the relevant Scheduled Optional Exchange Date falling no earlier than 25 Business Days after the date of the Optional Exchange Notice;
 - (ii) in the case of a Tax Event or Regulatory Event, will be a day no earlier than 25 Business Days nor more than 60 Business Days after the date of the Optional Exchange Notice; or
 - (iii) in any case, is such other date as APRA may require.

5.4 Optional Exchange Restriction

The Issuer may not elect to Exchange under this clause 5 if:

- (a) on the 2nd Business Day before the date on which an Optional Exchange Notice is to be sent by the Issuer (or, if that Business Day is not an ASX Trading Day, the last ASX Trading Day prior to that day) (the “**Non-Exchange Test Date**”) the Daily VWAP on that date is less than or equal to 25% of the Issue Date VWAP (the “**First Optional Exchange Restriction**”); or
- (b) the Issuer is Delisted as at the Non-Exchange Test Date (the “**Second Optional Exchange Restriction**” and together with the First Optional Exchange Restriction, the “**Optional Exchange Restrictions**”).

5.5 Conditions to Exchange occurring once elected by the Issuer

If the Issuer has given an Optional Exchange Notice but, if the Exchange Date were a Relevant Mandatory Exchange Date for the purposes of clause 3, any one or more of the Second Exchange Condition (tested on the basis of the Maximum Exchange Number applicable to an Optional Exchange Date), the Third Exchange Condition or the Fourth Exchange Condition would not be satisfied in respect of that date, then, notwithstanding any other provision of these Terms:

- (a) the Exchange Date will be deferred until the first Distribution Payment Date (within the meaning of paragraph (a) of the definition of that term) on which:
 - (i) the Daily VWAP on the 25th Business Day immediately preceding (but not including) that Distribution Payment Date (or, if that day is not an ASX Trading Day, the last ASX Trading Day prior to that day) is greater than 25% of the Issue Date VWAP; and
 - (ii) each of the Second Exchange Condition (tested on the basis of the Maximum Exchange Number applicable to an Optional Exchange Date), the Third Exchange Condition and the Fourth Exchange Condition would be satisfied if that Distribution Payment Date were a Relevant Mandatory Exchange Date for the purposes of clause 3,

(the “**Deferred Exchange Date**”);

- (b) the Issuer must Exchange the MCN6 on the Deferred Exchange Date (unless the MCN6 are Exchanged or Redeemed earlier in accordance with these Terms); and
- (c) until the Deferred Exchange Date, all rights attaching to the MCN6 will continue as if the Optional Exchange Notice had not been given.

The Issuer will notify Holders on or as soon as practicable after an Exchange Date in respect of which this clause 5.5 applies that Exchange did not occur on that Exchange Date (a “**Deferred Exchange Notice**”).

6 Acquisition Event Exchange

6.1 Exchange on account of an Acquisition Event

If an Acquisition Event occurs, subject to clause 4.8, the Issuer must Exchange all but not some of the MCN6 in accordance with this clause 6, unless the Directors determine that:

- (a) as at the Acquisition Exchange Date the Issuer will be, or will be likely to be, Delisted (except where, despite the Issuer being Delisted, the Exchange would be in the best interests of Holders as a whole); or
- (b) the Exchange Number of Ordinary Shares to be issued in Exchange for an MCN6 (calculated in accordance with clause 9.1 as if it were not limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date) would exceed the Maximum Exchange Number applicable to an Acquisition Exchange Date (except where, despite the Exchange Number being limited to the Maximum Exchange Number applicable to an Acquisition Exchange Date, the Directors determine that the Exchange would be in the best interests of Holders as a whole).

Exchange on account of an Acquisition Event is not subject to any Exchange Conditions or other conditions except as expressly provided in this clause 6.1.

6.2 Acquisition Exchange Notice

No later than 5:00pm (Sydney time) on the 10th Business Day after the occurrence of the Acquisition Event, the Issuer must give each Holder a notice (an “**Acquisition Exchange Notice**”) specifying:

- (a) details of the Acquisition Event to which the notice relates; and
- (b) if an Exchange is to occur:
 - (i) the date on which the Exchange is to occur (an “**Acquisition Exchange Date**”), which is to be:
 - (A) no later than the 2nd Business Day prior to the date reasonably determined by the Issuer to be the last date on which holders of Ordinary Shares can participate in the bid, scheme or arrangement concerned;
 - (B) such other earlier date as the Issuer may reasonably determine having regard to the best interests of Holders as a whole and the timing of the Acquisition Event concerned (provided that the Acquisition Exchange Date must be at least 25 Business Days after the date of the Acquisition Exchange Notice); or
 - (C) such other date as APRA may require; and
 - (ii) whether any Distribution will be paid in respect of the MCN6 on the Acquisition Exchange Date; or
- (c) otherwise, the reason why an Exchange is not to occur.

7 Optional Redemption

7.1 Optional Redemption

Subject to clause 7.2, by notice (a “**Redemption Notice**”) to Holders, the Issuer may, in its sole discretion, but with APRA’s prior written approval of such Redemption, elect to:

- (a) Redeem all or some of the MCN6 on a Scheduled Optional Exchange Date; or
- (b) Redeem all or some of the MCN6 following the occurrence of a Tax Event or a Regulatory Event.

A Redemption Notice, once given, is irrevocable and takes effect despite anything in clause 3, except as provided in clauses 4.8 and 16.

Holders should not expect that APRA’s approval will be given for any Redemption of the MCN6.

7.2 Redemption conditions

A Redemption in accordance with clause 7.1 must not occur unless either:

- (a) the MCN6 which are to be Redeemed are replaced, concurrently with the Redemption or beforehand, with securities forming part of Eligible Capital of the same or better quality from APRA’s perspective, and the replacement of those MCN6 is done under conditions which are sustainable for the income capacity of the Level 3 Group; or
- (b) APRA is satisfied that the capital position of the Level 3 Group is sufficient after the MCN6 are Redeemed.

7.3 Contents of the Redemption Notice

A Redemption Notice must specify:

- (a) in the case of Redemption following the occurrence of a Tax Event or Regulatory Event, the details of the relevant Tax Event or Regulatory Event;
- (b) the date on which the Redemption is to occur (the “**Redemption Date**”), which:
 - (i) in the case of a Scheduled Optional Exchange Date, will be the next Scheduled Optional Exchange Date falling no earlier than 5 Business Days after the date of the Redemption Notice; and
 - (ii) in the case of a Tax Event or Regulatory Event, will be a day no earlier than 5 Business Days nor more than 60 Business Days after the date of the Redemption Notice; and
- (c) if less than all of the outstanding MCN6 are to be Redeemed, the proportion of each Holder’s holding which is to be Redeemed.

7.4 Redemption Price

On the Redemption Date:

- (a) each MCN6 being Redeemed will be Redeemed by payment of the Issue Price of that MCN6 (the “**Redemption Price**”) to the relevant Holder recorded on the Register at 10:00am on the Redemption Date (or such other time required by the ASX Listing Rules); and
- (b) Distributions from (and including) the immediately preceding Distribution Payment Date and up to (but excluding) the Redemption Date will be paid in respect of the MCN6 being Redeemed on such date, to the extent the conditions of payment of Distributions under clause 2.3 are met.

7.5 No right of Holders to require Redemption

No MCN6 can, or will, be Redeemed at the option of a Holder.

7.6 Effect of Redemption

Upon the Redemption Price being paid (or taken to be paid in accordance with clause 11) and any Distribution payable on the Redemption Date, all other rights conferred, or restrictions imposed, by each MCN6 being Redeemed on that date will no longer have effect and that MCN6 will be cancelled.

7.7 Partial Redemption or Resale

If some but not all of the outstanding MCN6 are Redeemed in accordance with this clause 7 or Resold in accordance with clause 8, the Issuer must select the MCN6 to be Redeemed or Resold:

- (a) in a manner that is, in the opinion of the Issuer, fair and reasonable; and
- (b) in compliance with any applicable law, directive or requirement of ASX.

8 Resale

8.1 Issuer may give Resale Notice

On any date on which it may issue a Redemption Notice, in lieu of such Redemption Notice, the Issuer may, in its sole discretion, issue to each Holder a notice (a “**Resale Notice**”) specifying that all or some of each Holder’s holding of the MCN6 will be Resold.

A Resale Notice to a Holder must specify:

- (a) the date on which the Resale is to occur (the “**Resale Date**”), which:
 - (i) in the case of a Scheduled Optional Exchange Date, will be the next Scheduled Optional Exchange Date falling no earlier than 5 Business Days after the date of the Resale Notice; and
 - (ii) in the case of a Tax Event or Regulatory Event, will be a day no earlier than 5 Business Days nor more than 60 Business Days after the date of the Resale Notice; and
- (b) the name of each Nominated Party to whom that Holder’s offer under clause 8.3 is being made and, where there is more than one Nominated Party, the basis for determining the MCN6 to be purchased by each Nominated Party, and any special provisions to be applied if there is a Non-Completing Nominated Party; and
- (c) any conditions that will apply to the Resale, and, subject to clauses 4.8, 8.2, 8.6 and 16, once given is irrevocable.

8.2 Appointment of Nominated Party

- (a) The Issuer may not appoint itself or a Related Entity of the Issuer as a Nominated Party.
- (b) The Issuer may appoint one or more Nominated Parties for the Resale on such terms as may be agreed between the Issuer and the Nominated Parties (and, to the extent any such conditions may cause the MCN6 to cease to be Eligible Capital, with the prior written approval of APRA) including:
 - (i) as to the conditions of any Resale, the procedures for settlement of such Resale and the circumstances in which the Resale Notice may be amended, modified, added to or restated;
 - (ii) as to the substitution of another entity (not being the Issuer or a Related Entity of the Issuer) as Nominated Party if, for any reason, the Issuer is not satisfied that the Nominated Party will perform its obligations under this clause 8; and
 - (iii) as to the terms on which any MCN6 acquired by a Nominated Party may be Exchanged or otherwise dealt with.
- (c) If the Issuer appoints more than one Nominated Party in respect of a Resale, all or any of the MCN6 held by a Holder which are being Resold may be purchased for the Resale Price by any one or any combination of the Nominated Parties, as determined by the Issuer.

8.3 Irrevocable offer to sell

- (a) If the Issuer gives a Resale Notice in accordance with clause 8.1 each Holder on the Resale Date is taken to irrevocably offer to sell the MCN6 that are the subject of the Resale Notice to the Nominated Party or Nominated Parties on the Resale Date for a purchase price per MCN6 equal to the Issue Price of that MCN6 (the “**Resale Price**”).
- (b) Subject to payment of the Resale Price on the Resale Date and any other conditions to the Resale specified in the Resale Notice, each MCN6 which is to be Resold will be transferred to the relevant Nominated Party or Nominated Parties free from any Encumbrance.
- (c) Clause 11 applies to the payment of the Resale Price as if references in clause 11 to the Issuer were references to the Nominated Party.

8.4 Effect of transfer

The transfer will convey to the relevant Nominated Party all rights to:

- (a) Distributions payable on the MCN6 in respect of any Distribution Payment Date arising after the Resale Date;
- (b) be issued with Ordinary Shares on Exchange on or after the Resale Date; and
- (c) any Redemption Price payable on or after the Resale Date,

but excluding any Distribution payable on the MCN6 in respect of any Distribution Payment Date on or before the Resale Date, which, to the extent the conditions of payment of Distribution under clause 2.3 are met, shall be paid by the Issuer to the Holder of the MCN6 entitled to such amounts as otherwise provided in these Terms.

8.5 Terms after Resale

If any MCN6 are Resold in accordance with these Terms, subject to clause 8.2, these Terms will apply in all respects to the MCN6 held by the Nominated Party on and from the Resale Date.

8.6 Nominated Party not completing

If, for any reason, a Nominated Party does not pay the Resale Price in full on the relevant Resale Date (a “**Non-Completing Nominated Party**”):

- (a) unless the Resale Price is paid in full within 2 Business Days following the Resale Date, the Resale Notice will be void insofar as it relates to MCN6 referable to the Non-Completing Nominated Party and any obligations of the Holder and Non-Completing Nominated Party in respect of the Resale of the MCN6 that is the subject of the Resale Notice will terminate;
- (b) the Holder will continue to hold the MCN6 that are the subject of the Resale Notice which are referable to the Non-Completing Nominated Party; and
- (c) the Issuer has no liability for the Non-Completing Nominated Party not paying the Resale Price and the Resale Date will not be a Distribution Payment Date unless:
 - (i) such date would otherwise have been a Distribution Payment Date; or
 - (ii) a Distribution is paid on that date to Holders whose MCN6 have been transferred to a Nominated Party on or within 2 Business Days following that date.

8.7 No right of Holders to require Resale

No MCN6 can, or will, be Resold at the option of a Holder.

9 Exchange Mechanics

9.1 Exchange

On an Exchange Date, subject to clauses 4.8, 9.14 and 9.17, the Issuer will allot and issue the Exchange Number of Ordinary Shares to the Holders (or as they may direct) for each MCN6 held by the Holder.

The “**Exchange Number**” will be calculated by the Issuer in accordance with the following formula:

$$\text{Exchange Number} = \frac{\text{Issue Price}}{0.99 \times \text{Exchange Date VWAP}}$$

subject to the Exchange Number being no greater than the Maximum Exchange Number, where:

- (a) “**Exchange Date VWAP**” (expressed in Australian Dollars) means the VWAP during the VWAP Period;
- (b) “**VWAP**” means, subject to any adjustment under clauses 9.3 or 9.4, for a period or relevant number of days, the average of the Daily VWAPs (such average being rounded to the nearest full cent) of Ordinary Shares sold on ASX during the relevant period or on the relevant days; and
- (c) “**VWAP Period**” means, for the purposes of calculating the Exchange Date VWAP and the Exchange Number:
 - (i) in the case of an Exchange on a Relevant Mandatory Exchange Date or an Optional Exchange Date, the 20 ASX Trading Days immediately preceding, but not including, that Exchange Date;
 - (ii) in the case of an Exchange on account of an Acquisition Event, the lesser of 20 ASX Trading Days and the number of ASX Trading Days that Ordinary Shares are entitled to trade on ASX after the occurrence of the Acquisition Event immediately preceding, but not including, the Acquisition Exchange Date; and
 - (iii) in the case of an Exchange on account of a Non-Viability Event, the 5 ASX Trading Days immediately preceding, but not including, the Non-Viability Exchange Date; and
- (d) the “**Maximum Exchange Number**” will be calculated by the Issuer on the Issue Date in accordance with the following formula for each MCN6 held by the Holder:

$$\text{Maximum Exchange Number} = \frac{\text{Issue Price}}{\text{Exchange Floor Price}}$$

where:

- (i) Exchange Floor Price means Issue Date VWAP multiplied by the Relevant Percentage;
- (ii) Issue Date VWAP is the VWAP during the 20 ASX Trading Days immediately preceding, but not including, the Issue Date (as such number may be adjusted under clauses 9.5, 9.6 or 9.7); and
- (iii) Relevant Percentage is:
 - (A) if the Exchange is occurring on a Relevant Mandatory Exchange Date, 50%; and
 - (B) if the Exchange is occurring on any other Exchange Date, 20%.

Each Holder’s rights (including to payment of Distributions other than the Distribution (if any) payable on the Exchange Date) in relation to each MCN6 that is being Exchanged will be immediately and irrevocably terminated for an amount equal to the Issue Price of that MCN6 and the Issuer will apply that Issue Price by way of payment for the subscription for the Ordinary Shares to be allotted and issued under this clause 9.1. Each Holder is taken to have irrevocably directed that any amount payable under this clause 9.1 is to be applied as provided for in this clause 9.1 and no Holder has any right to payment in any other way.

If the total number of Ordinary Shares to be allotted to a Holder in respect of their aggregate holding of MCN6 upon Exchange includes a fraction of an Ordinary Share, that fraction of an Ordinary Share will be disregarded.

PROSPECTUS

9.2 Holder information

Each Holder agrees to provide to the Issuer (and, where clause 9.14 applies, the Sale Agent) any information necessary or desirable to give effect to an Exchange.

9.3 Adjustments to VWAP

For the purposes of calculating VWAP in these Terms:

- (a) where, on some or all of the ASX Trading Days in the relevant VWAP Period, Ordinary Shares have been quoted on ASX as cum dividend or cum any other distribution or entitlement and the MCN6 will be Exchanged for Ordinary Shares after the date those Ordinary Shares no longer carry that dividend or any other distribution or entitlement, then the VWAP on the ASX Trading Days on which those Ordinary Shares have been quoted cum dividend or cum any other distribution or entitlement shall be reduced by an amount (“**Cum Value**”) equal to:
 - (i) in case of a dividend or other distribution, the amount of that dividend or other distribution including, if the dividend or other distribution is franked, the amount that would be included in the assessable income of a recipient of the dividend or other distribution who is both a resident of Australia and a natural person under the Tax Act and eligible to receive a franked distribution;
 - (ii) in the case of any other entitlement that is not a dividend or other distribution under clause 9.3(a)(i) and which is traded on ASX on any of those ASX Trading Days, the volume weighted average sale price of all such entitlements sold on ASX during the VWAP Period on the ASX Trading Days on which those entitlements were traded; or
 - (iii) in the case of any other entitlement which is not traded on ASX during the VWAP Period, the value of the entitlement as reasonably determined by the Directors; and
- (b) where, on some or all of the ASX Trading Days in the VWAP Period, Ordinary Shares have been quoted on ASX as ex dividend or ex any other distribution or entitlement, and the MCN6 will be Exchanged for Ordinary Shares which would be entitled to receive the relevant dividend or other distribution or entitlement, the VWAP on the ASX Trading Days on which those Ordinary Shares have been quoted ex dividend or ex any other distribution or entitlement shall be increased by the Cum Value.

9.4 Adjustments to VWAP for divisions and similar transactions

- (a) Where during the relevant VWAP Period there is a change in the number of the Ordinary Shares on issue as a result of a Reclassification, in calculating the VWAP for that VWAP Period the Daily VWAP applicable on each day in the relevant VWAP Period which falls before the date on which trading in Ordinary Shares is conducted on a post Reclassification basis shall be adjusted by multiplying the VWAP by the following fraction:

$$\frac{A}{B}$$

where:

- (i) “**A**” means the aggregate number of Ordinary Shares immediately before the Reclassification; and
 - (ii) “**B**” means the aggregate number of Ordinary Shares immediately after the Reclassification.
- (b) Any adjustment made by the Issuer in accordance with clauses 9.3 and 9.4(a) will be effective and binding on Holders under these Terms and these Terms will be construed accordingly. Any such adjustment must be notified to all Holders as soon as reasonably practicable following its determination by the Issuer.

9.5 Adjustments to Issue Date VWAP

For the purposes of determining the Issue Date VWAP, adjustments to VWAP will be made in accordance with clauses 9.3 and 9.4(a) during the VWAP Period for the Issue Date VWAP. On and from the Issue Date, adjustments to the Issue Date VWAP:

- (a) may be made in accordance with clauses 9.6 and 9.7; and
- (b) if so made, will correspondingly cause an adjustment to the Maximum Exchange Number.

9.6 Adjustments to Issue Date VWAP for bonus issues

- (a) Subject to clause 9.6(b) below, if the Issuer makes a pro rata bonus issue of Ordinary Shares to holders of Ordinary Shares generally, the Issue Date VWAP will be adjusted immediately in accordance with the following formula:

$$V = V_0 \times \frac{RD}{RD + RN}$$

where:

- (i) “**V**” means the Issue Date VWAP applying immediately after the application of this formula;
 - (ii) “**V₀**” means the Issue Date VWAP applying immediately prior to the application of this formula;
 - (iii) “**RN**” means the number of Ordinary Shares issued pursuant to the bonus issue; and
 - (iv) “**RD**” means the number of Ordinary Shares on issue immediately prior to the allotment of new Ordinary Shares pursuant to the bonus issue.
- (b) Clause 9.6(a) does not apply to Ordinary Shares issued as part of a bonus share plan, employee or executive share plan, executive option plan, share top up plan, share purchase plan or a dividend reinvestment plan.
- (c) For the purpose of clause 9.6(a), an issue will be regarded as a pro rata issue notwithstanding that the Issuer does not make offers to some or all holders of Ordinary Shares with registered addresses outside Australia, provided that in so doing the Issuer is not in contravention of the ASX Listing Rules.
- (d) No adjustments to the Issue Date VWAP will be made under this clause 9.6 for any offer of Ordinary Shares not covered by clause 9.6(a), including a rights issue or other essentially pro rata issue.
- (e) The fact that no adjustment is made for an issue of Ordinary Shares except as covered by clause 9.6(a) shall not in any way restrict the Issuer from issuing Ordinary Shares at any time on such terms as it sees fit nor be taken to constitute a modification or variation of rights or privileges of Holders or otherwise requiring any consent or concurrence.

9.7 Adjustment to Issue Date VWAP for divisions and similar transactions

- (a) If at any time after the Issue Date there is a change in the number of Ordinary Shares on issue as a result of a Reclassification, the Issuer shall adjust the Issue Date VWAP by multiplying the Issue Date VWAP applicable on the Business Day immediately before the date of any such Reclassification by the following fraction:

$$\frac{A}{B}$$

where:

- (i) “**A**” means the aggregate number of Ordinary Shares immediately before the Reclassification; and
 - (ii) “**B**” means the aggregate number of Ordinary Shares immediately after the Reclassification.
- (b) Each Holder acknowledges that the Issuer may consolidate, divide or reclassify securities so that there is a lesser or greater number of Ordinary Shares at any time in its absolute discretion without any such action constituting a modification or variation of rights or privileges of Holders or otherwise requiring any consent or concurrence.

9.8 No adjustment to Issue Date VWAP in certain circumstances

Despite the provisions of clauses 9.6 and 9.7, no adjustment shall be made to the Issue Date VWAP where such cumulative adjustment (rounded if applicable) would be less than 1% of the Issue Date VWAP then in effect. Any adjustment not made in accordance with this clause 9.8 shall be carried forward and taken into account in determining whether any subsequent adjustment shall be made.

9.9 Announcement of adjustment to Issue Date VWAP

If the Issuer determines an adjustment to the Issue Date VWAP under clauses 9.6 and 9.7, such an adjustment will be:

- (a) determined as soon as reasonably practicable following the relevant event; and
- (b) notified to Holders (an “**Adjustment Notice**”) within 10 Business Days of the Issuer determining the adjustment.

The adjustment set out in the Adjustment Notice will be final and binding on Holders and these Terms will be construed accordingly.

Macquarie Group Capital Notes 6

PROSPECTUS

9.10 Listing of Ordinary Shares

The Issuer agrees to use all reasonable endeavours to list the Ordinary Shares issued or arising from an Exchange on ASX.

9.11 Status of Ordinary Shares

The Ordinary Shares issued or arising from an Exchange will rank equally with all other fully paid Ordinary Shares.

9.12 Effect of Exchange

When an Exchange of an MCN6 occurs all other rights conferred or restrictions imposed on that MCN6 under these Terms will no longer have effect (except for rights relating to a Distribution which is payable but has not been paid on or before the Exchange Date) and the MCN6 is cancelled.

9.13 Failure to Exchange

(a) Subject to clauses 9.14(g) and 9.17, if, in respect of an Exchange of an MCN6, the Issuer fails to issue the Ordinary Shares in respect of an MCN6 to, or in accordance with the instructions of, the relevant Holder on the applicable Exchange Date or to the Sale Agent where clause 9.14 applies, that MCN6 remains on issue (and, without limitation, clause 2 applies) until:

- (i) the Ordinary Shares are issued to, or in accordance with the instructions of, that Holder or, where clause 9.14 applies, to the Sale Agent; or
- (ii) that MCN6 is Redeemed in accordance with these Terms,

and the remedies of the Trustee and a Holder in respect of that failure are limited to seeking an order for specific performance of the Issuer's obligations to issue Ordinary Shares.

(b) This clause 9.13 does not affect the obligation of the Issuer to deliver the Ordinary Shares or of the Holder to transfer MCN6 when required in accordance with these Terms.

9.14 Holders whose Ordinary Shares are to be sold

Subject to clause 9.17, if any MCN6 of a Holder are required to be Exchanged and if:

- (a) the Holder has notified the Issuer that it does not wish to receive Ordinary Shares as a result of the Exchange (whether entirely or to the extent specified in the notice), which notice may be given at any time on or after the Issue Date and no less than 15 Business Days prior to the Exchange Date;
- (b) the MCN6 are held by a Foreign Holder;
- (c) for any reason (whether or not due to the fault of a Holder):
 - (i) the Issuer does not receive any information required by it in accordance with these Terms so as to impede the Issuer from issuing the Ordinary Shares to the Holder on the Exchange Date; or
 - (ii) a FATCA Withholding is required to be made in respect of any Ordinary Shares to be delivered as a result of that Exchange; or
- (d) the Issuer is of the opinion that under an Applicable Shareholding Law the Holder is prohibited from acquiring some or all of the Exchange Number of Ordinary Shares on the Exchange Date, (to the extent it is so prohibited, an "**Ineligible Holder**"),

then the Issuer will use reasonable endeavours to appoint a "**Sale Agent**" (which is not the Issuer or any Related Body Corporate of the Issuer) on such terms as the Issuer considers reasonable, who will act in accordance with paragraph (f) where the Issuer, the Trustee and the Sale Agent can be satisfied that the obligation in paragraph (f) may be performed in respect of the relevant Holder and the relevant Ordinary Shares in accordance with all applicable laws and without the Issuer, the Trustee or the Sale Agent having to take steps which any of them regard as onerous.

On the Exchange Date:

- (e) where paragraph (a), (b) or (d) applies, the Issuer will issue the Exchange Number of Ordinary Shares to the Holder only to the extent (if at all) that:
 - (i) where paragraph (a) applies, the Holder's notice referred to in paragraph (a) indicates the Holder wishes to receive them;
 - (ii) where paragraph (b) applies, the Issuer is satisfied that the laws of both Australia and the Foreign Holder's country of residence permit the issue of the Exchange Number of Ordinary Shares to the Foreign Holder as contemplated by this clause 9 (but as to which the Issuer is not bound to enquire), either unconditionally or after compliance with conditions which the Issuer, in its absolute discretion, regards as acceptable and not unduly onerous; and

(iii) where paragraph (d) applies, the issue would result in the Holder receiving the maximum number of Ordinary Shares the Holder is permitted to acquire in compliance with an Applicable Shareholding Law as at the Exchange Date;

(f) otherwise, subject to paragraph (g) and clause 9.17, the Issuer will issue:

(i) where paragraph (a), (b) or (d) applies, the balance of the Exchange Number of Ordinary Shares; or

(ii) where paragraph (c) applies, the Exchange Number (in full),

in respect of that Holder to the Sale Agent on the terms that, at the first reasonable opportunity to sell the Ordinary Shares, the Sale Agent will arrange for their sale and pay to the relevant Holder on a date determined by the Sale Agent a cash amount equal to the Attributable Proceeds of the relevant Holder or, where paragraph (c)(ii) applies, the Sale Agent will deal with the Ordinary Shares in accordance with FATCA. The issue of Ordinary Shares to the Sale Agent will satisfy all obligations of the Issuer in connection with the Exchange, the MCN6 will be deemed Exchanged and will be dealt with in accordance with clause 9.1 and, on and from the issue of Ordinary Shares, the rights of a Holder the subject of this clause 9.14 are limited to its rights in respect of the Ordinary Shares or the Attributable Proceeds as provided in this clause 9.14; and

(g) where paragraph (f) applies in respect of a Holder and a Sale Agent is unable to be appointed, or either or both of the Issuer and the Sale Agent is of the opinion that the issue of Ordinary Shares to the Sale Agent and subsequent sale in accordance with paragraph (f) cannot be undertaken in accordance with an Applicable Shareholding Law or other applicable law (or can be undertaken in accordance with an Applicable Shareholding Law or applicable law only after the Issuer or the Sale Agent take steps which either or both the Issuer and the Sale Agent regard as onerous), then:

(i) in respect of a Non-Viability Exchange Date, but without in any way limiting clause 9.17, if either or both of the Issuer and the Sale Agent is of the opinion that the issue of Ordinary Shares cannot be undertaken within 5 Business Days of the Non-Viability Exchange Date to the Sale Agent in accordance with paragraph (f) or otherwise to the relevant Holder in accordance with this clause 9, then the relevant MCN6 will be Written-Off; or

(ii) in respect of an Exchange Date other than a Non-Viability Exchange Date:

(A) the issue of Ordinary Shares to the Sale Agent in accordance with paragraph (f) shall occur as soon as practicable after the Issuer is able to issue the relevant Ordinary Shares to the Sale Agent in accordance with an Applicable Shareholding Law and other applicable laws (and without the Issuer or the Sale Agent taking steps which either or both of the Issuer and the Sale Agent regard as onerous); and

(B) on and from the Exchange Date, the MCN6 of the relevant Holder remain on issue (and, without limitation, clause 2 applies) until the first to occur of:

(aa) the issue of the relevant Ordinary Shares in accordance with paragraphs (f) and (g)(ii)(A) or otherwise to that relevant Holder in accordance with this clause 9;

(ab) the relevant MCN6 are Redeemed in accordance with these Terms; or

(ac) the date which is 6 months after the Exchange Date, upon which date an Exchange will not occur in respect of the balance of the Holder's MCN6 at that date and such MCN6 will be automatically cancelled for no consideration.

Nothing in this clause 9.14 shall affect the Exchange of MCN6 to a Holder which is not a person to which any of paragraphs (a) to (d) (inclusive) applies.

9.15 No duty on sale

For the purpose of clause 9.14, none of the Issuer, the Trustee, the Sale Agent or any other person owes any obligations or duties to the Holders in relation to the price at which Ordinary Shares are sold or has any liability for any loss suffered by a Holder as a result of the sale of Ordinary Shares.

9.16 No right of Holders to require Exchange

No MCN6 can, or will, be Exchanged at the option of a Holder.

9.17 Write-Off on failure to perform Exchange

(a) Notwithstanding any other provisions of this clause 9, if, for any reason (including, without limitation, an Inability Event) an MCN6 which, but for this clause 9.17 would be required to be Exchanged, has not been Exchanged within 5 Business Days of the Non-Viability Exchange Date, then Exchange of that MCN6 will not occur and that MCN6 will instead be Written-Off.

- (b) The Issuer must give notice to Holders if that Exchange has not occurred by operation of this clause 9.17, but failure to give that notice shall not affect the operation of this clause 9.17.

10 Acknowledgements and appointments

10.1 Acknowledgements

Each Holder, by subscribing for, purchasing or otherwise acquiring an MCN6:

- (a) is taken to have notice of, and irrevocably agrees to be bound by, the terms of the MCN6 Trust Deed and these Terms;
 - (b) upon an Exchange, consents to becoming a member of the Issuer and agrees to be bound by the constitution of the Issuer;
 - (c) agrees that any Redemption, Resale or Exchange shall occur on a Redemption Date, Resale Date or Exchange Date (as the case may be) in accordance with these Terms;
 - (d) agrees that it is obliged to accept the Ordinary Shares in respect of its MCN6 upon an Exchange Date, notwithstanding anything which might otherwise affect the Exchange including:
 - (i) any change in the financial position of the Issuer or the Macquarie Group since the Issue Date;
 - (ii) any disruption to the market or potential market for the Ordinary Shares or to capital markets generally;
 - (iii) it being impossible or impracticable to list the Ordinary Shares on ASX; or
 - (iv) it being impossible or impracticable to sell or otherwise dispose of the Ordinary Shares;
 - (e) acknowledges and agrees that Exchange must occur immediately on the occurrence of a Non-Viability Event and that may result in disruption or failures in trading or dealings in the MCN6;
 - (f) acknowledges and agrees that:
 - (i) if Exchange does not occur in the circumstances contemplated in clauses 9.14(g) or 9.17, each MCN6 will be Written-Off; and
 - (ii) each of clause 9.14(g) and 9.17 is a fundamental term of the MCN6 and where it applies, no other conditions or events will affect its operation;
 - (g) agrees to provide to the Issuer any information that the Issuer considers necessary or desirable, or to take any and all such action as is within the reasonable control of that Holder, to give effect to a Redemption, Resale or an Exchange;
 - (h) acknowledges and agrees that it has:
 - (i) no right to request a Redemption, Resale or an Exchange;
 - (ii) to the fullest extent permitted by law:
 - (A) no right to initiate the Winding Up of the Issuer or any other member of the Macquarie Group or to have any such entity placed in administration; or
 - (B) to cause a receiver or receiver and manager to be appointed in respect of any such entity,
- on the grounds that a Distribution or any other amount is not paid or the Issuer is or may become unable to pay it; and
- (iii) no rights against any member of the Macquarie Group in connection with the MCN6 except as expressly provided in these Terms and under the MCN6 Trust Deed;
 - (i) acknowledges and agrees that these Terms contain no events of default (however described, determined or defined). Accordingly (but without limitation), failure to pay in full, for any reason, a Distribution on the scheduled Distribution Payment Date will not constitute an event of default; and
 - (j) acknowledges and agrees it has no remedies on account of a failure by the Issuer to issue Ordinary Shares in accordance with clause 9 other than (and subject always to clauses 9.14(g) and 9.17) to seek specific performance of the obligation to issue the Ordinary Shares.

10.2 Appointment of attorneys, agents and directions

Each Holder irrevocably:

- (a) appoints each of the Issuer, the Issuer's Authorised Officers and any liquidator, administrator, statutory manager or other similar official of the Issuer (each an "**Appointed Person**") severally to be the attorneys of the Holder and the agents of the Holder, with the power in the name and on behalf of the Holder to:

-
- (i) do all such acts and things (including, without limitation, signing all documents, instruments or transfers or instructing CHESS) as may, in the opinion of the Appointed Person, be necessary or desirable to be done in order to give effect to, record or perfect a Redemption, Resale or Exchange in accordance with clauses 3, 4, 5, 6, 7, 8 and 9 or, where clauses 9.14(g) and 9.17 apply, a Write-Off in accordance with that clause; or
 - (ii) do all other things which an Appointed Person reasonably believes to be necessary or desirable to give effect to these Terms; and
 - (iii) appoint in turn its own agent or delegate; and
- (b) authorises and directs the Issuer and/or the Registrar to make such entries in the Register, including amendments and additions to the Register, which the Issuer and/or the Registrar may consider necessary or desirable to record:
- (i) a Redemption, Resale or an Exchange; or
 - (ii) where clause 9.14(g) or 9.17 applies, a Write-Off in accordance with that clause.

The power of attorney given in this clause 10.2 is given for valuable consideration and to secure the performance by the Holder of the Holder's obligations under these Terms and is irrevocable and shall survive and not be affected by the subsequent disability or incapacity of the Holder (or, if such Holder is an entity, by its dissolution or termination). An Appointed Person shall have no liability in respect of any acts duly performed in accordance with the power of attorney given in this clause 10.2.

11 Payments to Holders

11.1 Currency of payments

All payments of amounts in respect of any MCN6 will be made in Australian Dollars.

11.2 Calculation of payments

All calculations of payments will be rounded to the nearest four decimal places (with 0.00005 being rounded to 0.0001). For the purposes of making any payment in respect of a Holder's aggregate holding of MCN6, any amount less than A\$0.01 will be disregarded.

11.3 Payments and issues and deliveries of securities subject to laws

All payments and issues and deliveries of securities are subject in all cases to:

- (a) compliance by the Issuer with applicable laws; and
- (b) any applicable fiscal or other laws in the place of payment, issue or delivery, but without prejudice to the provisions of clause 11.4.

No commissions or expenses shall be charged to the Holders in respect of such payments (except in respect of the calculation of Attributable Proceeds in accordance with clause 9.14(f)).

11.4 Deductions

- (a) The Issuer, the Trustee, the Sale Agent and any financial institutions or intermediaries through which payments are made or securities issued or delivered, may withhold or deduct from any amount payable or securities issuable or deliverable to a Holder the amount of any withholding, deduction or other tax, duty or levy required by law to be withheld or deducted in respect of such payment, including, without limitation:
 - (i) any withholding or deduction of taxes, interest or penalties required under FATCA ("**FATCA Withholding**"); or
 - (ii) where the Issuer, the Trustee, the Sale Agent and any financial institution or intermediary (as applicable) has reasonable grounds to suspect that a Holder or a beneficial owner of any MCN6 (or any financial institution or intermediary through which the payment is to be made) may be subject to a FATCA Withholding in respect of the payment of that amount.

For the avoidance of doubt, any withholding or deduction required under FATCA is a tax, the withholding or deduction of which is required by applicable law for purposes of this clause 11.

- (b) In addition, where Ordinary Shares are required to be delivered to a Holder upon an Exchange, and the Issuer is required or entitled to make a FATCA Withholding, then the Issuer is entitled to deal with any Ordinary Shares comprising that FATCA Withholding in accordance with clause 9.14.
- (c) Each Holder shall be deemed to authorise the Issuer, the Trustee, the Sale Agent and any financial institutions or intermediaries through which payments are made to deal with payments, securities to be issued or delivered and the Holder's MCN6 in accordance with FATCA, including remitting, or otherwise dealing with, any amounts or securities comprising a FATCA Withholding, or reporting payment or

account or other information to the IRS or other relevant revenue or taxing authority in accordance with the applicable requirements under FATCA.

- (d) If any withholding or deduction is required by applicable law, the Issuer, the Trustee or the Sale Agent, (as applicable) must remit the full amount required to be withheld or deducted, or remit or otherwise deal with the total number of securities, to or as required by the relevant revenue or taxing authority within the time allowed for such remittance or dealing without incurring a penalty under the applicable law.
- (e) If:
 - (i) a withholding or deduction is made in accordance with this clause 11;
 - (ii) the amount of the withholding or deduction is, or number of or rights in respect of securities withheld are, accounted for by the Issuer, the Trustee or the Sale Agent (as applicable) to the relevant revenue or taxing authority; and
 - (iii) the balance of the amount payable has been paid, or the balance of the securities to be issued or delivered are issued or delivered, to the Holder,

then the Issuer's or the Trustee's (or Sale Agent's) (as applicable) obligation to make the payment to the Holder is taken to have been satisfied in full.

11.5 No set-off

A Holder has no right to set-off or net against any amounts owing by it to a member of the Macquarie Group against any claims owing by the Issuer or another member of the Macquarie Group to such Holder. The Issuer has no right to set-off or net against any amounts owing by it to a Holder in respect of the MCN6 against any claims owing by the Holder to it or any member of the Macquarie Group.

11.6 Payment method

Subject to clauses 11.1 and 11.3, all moneys payable by the Issuer to a Holder may be paid in any manner the Issuer decides, which may include any of the following:

- (a) by any method of direct crediting determined by the Issuer to the Holder or Holders shown on the Register or to such person or place directed by them;
- (b) by sending on or before the payment date a cheque, through the post at the Holder's risk directed to the physical or postal address of the Holder as shown in the Register or, in the case of joint Holders, to the physical or postal address notified to the Registrar for receipt of such moneys (and in default of notification, to the physical or postal address shown in the Register as the address of the joint Holder first named in that Register); or
- (c) by cheque sent through the post directed to such other physical or postal address as the Holder or joint Holders in writing direct.

A cheque sent through the post on or before the date for payment is taken to have been received on the payment date.

11.7 Unpresented cheques

- (a) Cheques issued by the Issuer that are not presented within 6 months of being issued, or such lesser period as determined by the Issuer, may be cancelled.
- (b) Where a cheque which is cancelled was drawn in favour of a Holder, the moneys are to be held by the Issuer for the Holder as a non-interest bearing deposit until the Holder or any legal personal representative of the Holder claims the amount or the amount is paid by the Issuer according to the legislation relating to unclaimed moneys.

11.8 Unsuccessful attempts to pay

Subject to applicable law, where the Issuer:

- (a) decides that an amount is to be paid to a Holder by a method of direct credit and the Holder has not given a direction as to where amounts are to be paid by that method;
- (b) attempts to pay an amount to a Holder by direct credit, electronic transfer of funds or any other means and the transfer is unsuccessful; or
- (c) has made reasonable efforts to locate a Holder but is unable to do so, the amount of the unsuccessful payment will be held by the Issuer for the Holder as a non-interest bearing deposit with a bank selected by the Issuer until the first to occur of the following:
 - (i) the Holder or any legal personal representative of the Holder claims the amount;

-
- (ii) the Issuer determines as permitted by clause 11.10 to refuse any claim in respect of the amount, in which case the Issuer may treat the amount as its own; or
 - (iii) the Issuer is entitled or obliged to deal with the amount in accordance with the legislation relating to unclaimed moneys.

When this clause 11.8 applies the amount payable in respect of the MCN6 shall be treated as having been paid on the date scheduled for payment and Holders will not be entitled to any interest or other payment for any delay after the due date in receiving the amount due.

11.9 Payment to joint Holders

A payment to any one of joint Holders will discharge the Issuer's liability in respect of the payment.

11.10 Time limit for claims

A claim against the Issuer for a payment under an MCN6 is void unless made within 5 years from the date on which payment first became due.

12 Title and transfer of MCN6

12.1 Title

Title to an MCN6 passes when details of the transfer are recorded in the Register.

12.2 Effect of entries in the Register

Each entry in the Register for an MCN6 constitutes an entitlement to the benefits given to the Holder under these Terms and the MCN6 Trust Deed in respect of the MCN6.

12.3 Register conclusive as to ownership

An entry in the Register in relation to an MCN6 constitutes conclusive evidence that the person so entered is the absolute owner of that MCN6, subject to correction for fraud or error.

12.4 Non-recognition of interests

- (a) Except as required by clause 9 and by law, and save as provided below, the Issuer and the Registrar must treat the person entered in the Register in respect of an MCN6 as the absolute owner of that MCN6.
- (b) No notice of any trust, Encumbrance or other interest in, or claim to, any MCN6 will be entered in the Register. None of the Issuer or the Registrar need take notice of any trust, Encumbrance or other interest in, or claim to, any MCN6, except as ordered by a court of competent jurisdiction or required by law.
- (c) This clause 12.4 applies whether or not a payment has been made when scheduled on an MCN6 and despite any notice of ownership, trust, Encumbrance or other interest in the MCN6.

12.5 Joint Holders

Where two or more persons are entered in the Register as joint Holders of an MCN6 then they are taken to hold the MCN6 jointly, but the Registrar is not bound to register more than four persons as joint Holders of an MCN6.

12.6 Transfers

A Holder may transfer an MCN6:

- (a) in accordance with the rules and regulations of CHES;
- (b) by a proper transfer under any other applicable computerised or electronic system recognised by the Corporations Act (or as the Issuer may otherwise accept); or
- (c) subject to clause 1.4, by any proper or sufficient instrument of transfer of marketable securities under applicable law, provided such instrument is delivered to the Registrar with any evidence the Registrar requires to prove title to or the right to transfer the MCN6.

The Holder is responsible for any stamp duty or other similar taxes which are payable in any jurisdiction in connection with a transfer, assignment or other dealing with MCN6.

12.7 Transferee takes subject to terms

A transferee of, or any person claiming, an interest in an MCN6 takes subject to these Terms and the MCN6 Trust Deed.

12.8 Other transfers void

A purported transfer otherwise than in accordance with these Terms and the MCN6 Trust Deed or grant of an interest in an MCN6 otherwise than by way of transfer is, to the fullest extent permitted by law, void.

12.9 Issuer may request holding lock or refuse to register transfer

If MCN6 are quoted on ASX, and if permitted to do so by the ASX Listing Rules and the Corporations Act, the Issuer may:

- (a) request the CS Facility Operator or the Registrar (as the case may be) to apply a holding lock to prevent a transfer of MCN6 approved by and registered on the CS Facility's electronic subregister or MCN6 registered on an issuer-sponsored subregister (as the case may be); or
- (b) refuse to register a transfer of any MCN6.

12.10 Issuer must request holding lock or refuse to register transfer

- (a) The Issuer must request the CS Facility Operator or the Registrar (as the case may be) to apply a holding lock to prevent a transfer of MCN6 approved by and registered on the CS Facility's electronic subregister or MCN6 registered on an issuer-sponsored subregister (as the case may be) if the Corporations Act or the ASX Listing Rules require the Issuer to do so.
- (b) The Issuer must refuse to register any transfer of any MCN6 if the Corporations Act or the ASX Listing Rules require the Issuer to do so.

12.11 Notice of holding locks and refusal to register transfer

If, in the exercise of its rights under clauses 12.9 and 12.10, the Issuer requests the application of a holding lock to prevent a transfer of MCN6 or refuses to register a transfer of MCN6, it must, within 2 months after the date on which the transfer was lodged with it, give written notice of the request or refusal to the Holder, to the transferee and the broker lodging the transfer (if any). If an instrument is used to transfer any MCN6 according to clause 12.6, it must be delivered to the Registrar, together with such evidence (if any) as the Registrar reasonably requires to prove the title of the transferor to, or right of the transferor to transfer, the MCN6.

12.14 No liability to persons other than Holders

14.1 Amendment without consent

Subject to complying with the Corporations Act and all other applicable laws and directives, the Issuer may amend these Terms and the MCN6 Trust Deed, with the prior written approval of APRA (to the extent any such amendment may cause the MCN6 to cease to be Relevant Securities forming part of Eligible Capital) but without the consent of the Holders or the Trustee:

14.3 Amendment with consent

Without limiting clauses 14.1 and 14.2, the Issuer may, with APRA's prior written approval (to the extent any such amendment may cause the MCN6 to cease to be Relevant Securities eligible for inclusion as Eligible Capital), amend these Terms or the MCN6 Trust Deed, if the amendment has been approved by a Special Resolution and by the Trustee in writing.
